The report was promptly accepted with the understanding that the committee would continue active as long as the project is unsettled. Sigmund Orstein, of the Shepard Paint Co., 338 W. Broad-st., then talked for several minutes pointing out objections to the West Broad Street site.

4089 Attend HBMA Show

Attendance at the Hilltop Minstrel last week totaled 4089 for the three night showing, according to officials of the Hilltop Business Men's Association, sponsors of the show.

This is the largest attendance since 1942 when 4187 persons took in the performance. The past three years less than 3000 had attended.

Figures for 1943 showed only 2917 present at three showings. In 1944, 2861 paid admissions saw the show on two nights and last year the minstrel attracted only 2745 in two appearances.

This year's attendance was considered very good in view of the fact that the first showing on Wednesday night was not announced until the Saturday preceding the show.

(See Picture Above)

Ensign Ronald Jones, who was discharged from the Navy on Jan. 29, has joined the firm of Jones Lumber and Coal Co., 57 N. Sylvan-av., according to officials of the firm.

The company is now operating as a three-way partnership with responsibility being shared by Ronald, his father, W. Haydn Jones, and Harold Green. At Jones and Pat Jones, left the firm recently to organize a business for themselves in another part of the city.

Ronald had served three years in the Navy. He was in his senior year in the College of Commerce at Ohio State University before entering the service. He is married to the former Margaret Platt, a Hilltop girl.

The Jones Lumber and Coal Co. deals in lumber of all kinds, builder's supplies and coal. The firm has been in business on the Hilltop for 18 years.

George M. Sharp Enters Business On The Hilltop

(See Picture Above)

George M. Sharp of 976 Neil-av., embalmer and funeral director for the Spears Funeral Home for the past 13 years, has entered business for himself and has established offices at the Born Funeral Home on the Hilltop at 2542 W. Broad-st.

Sharp announced that the change becomes effective as of March 1 and although his offices will be located at the Born Funeral Home his business will be conducted as a separate enterprise. It will be known as the George M. Sharp Funeral and Ambulance Service.

In making the change he stated that he has been in the funeral business for more than 16 years. He came to Columbus from Lancaster and began business here with the Bertram G. Jones Funeral Home, later going with the Quint Funeral Home. He attended Ohio State University, the Columbus School for Embalmers, and was graduated from the Cleveland College of Embalming.

Sharp is married and has two sons.

Change In Name Brings Confusion To State School

Thousands of Hilltop and West Side residents are probably not aware of the fact that the big state institution between Broad and Sullivan is now officially known as the Columbus State School.

Dr. F. L. Keiser, superintendent for the past 22 years, calls attention to the fact that the new name became official on Nov. 1, 1945, after having been passed by the last session of the State Legislature. Previously known as the Institution for Feeble Minded, it is the Hilltop's second largest permanent activity. More than 2,000 persons are patients there with something more than 200 persons required to care for them. The Columbus State Hospital, on the north side of Broad-st. has approximately 2500 persons.

Dr. Keiser states that the change in name is still causing confusion in mail deliveries. Mail comes there for two or three other state departments and for the Columbus School Board. Visitors too are often confused by the change in name. Some persons come there who wish to visit the Columbus State Hospital.

Bus drivers have been cooperating by using the new name when calling out the stop and the large sign on Broad-st. lists the new name.

Fund Drive Is Carried To Residents

Has a representative of the Red Cross Fund campaign called at your home or your place of business? If not, you can expect a knock on your door before March 18. The visitor will be one of the Hilltop or West Side women who are volunteering their services—rain or shine—to help the Franklin County Red Cross chapter raise \$444,000 for 1946.

If you don't already know, you'll learn from your caller how the local chapter is facing its biggest job in history, that of continuing help to the servicemen, offering advice to the ex-servicemen beset with adjustment problems, aiding their families in every way possible.

Hilltop Chorus To Entertain At York Temple

The Hilltop Male Chorus and several acts from the 17th Hilltop Minstrel will entertain members and families of the York Chapter at the York Temple on N. High-st. on March 14.

West High Boosters In Meeting Tonight

(See Picture Above)

There's a big evening of entertainment planned tonight at the West High auditorium and it's free to all comers. The newly organized West High Boosters Club has planned "family night" for all Hilltop and West Side residents who are in any way interested in the welfare of West High School.

Included in the program are the West High band, coaches and cheer leaders, with Leo Phillips acting as master of ceremonies. Homer Edington, a member of the coaching staff of Ohio State University, will present pictures of the Ohio-Minnesota football game of last fall.

Principal Irvin Young will be present as well as officers of the Boosters Club. Members of the organization will outline the aims and some of the future plans of the club.

This will be the first big activity of the Boosters group and it is hoped that a capacity crowd will be present. The program will get under way at 8 o'clock.

Mr. Young Is HBMA Speaker

(See Picture Above)

It will be West High night when the Hilltop Business Men's Association holds the regular monthly meeting at Schmeltzer's Restaurant, 3178 W. Broad-st., next Tuesday night Irvin Young, principal of the school will be the speaker. Musical numbers will be provided by a group of students from West.

The meeting has also been designated as "ladies' night." All members are urged to bring their wives. Mrs. Edith White and several students will provide musical selections.

Mr. Young is serving his first year as principal of West High, having come here from East High where he was in charge since 1943. Prior to that he was principal of Roosevelt Junior High, 1940 to 1943, and Milo Elementary School, 1937 to 1940.

Taught At Stirling

His first connection with Columbus schools was in 1930 when he became a teacher at Stirling Junior High. In 1931 he went to Central High as an instructor in science where he remained until 1937. Mr. Young started his teaching at St. John's Academy in Petersburg, W. Va., in 1926.

The West High principal is a native of North Canton. He attended Massillon High School and later graduated from Capital University. He received his Master's Degree from Ohio State University in 1931.

Like many school men Mr. Young's main hobby is traveling. He has been in every state except South Dakota and has traveled in Canada and Mexico. Of course he has had little opportunity to pursue that hobby during the war so his interests have been turned to gardening and volleyball. He formerly enjoyed bowling but has found little time for it in recent years.

He and Mrs. Young live at 155 S. Stanwood-ld.

Express Buses Not Planned For Present

Express service on the West Broad Street bus line is a "possibility in the future" but is not contemplated at the present time, according to officials of the Columbus and Southern Ohio Electric Company.

The idea of express service on some of the city's more heavily traveled bus lines was proposed in City Council a few days ago by one of the council members, M. L. Evans, of the transportation department of the utility company, pointed out that some angles would have to be worked out before this system could be put into effect.

Questioned on the possibility of an extension of the West Mound Street line beyond Central-av. Mr. Evans said that nothing is contemplated in the near future. He pointed out that considerable development along W. Mound-st. would or should be warranted.

Life Magazine Does Feature On Hilltop

Five representatives of Life Magazine spent most of last Thursday on the Hilltop doing a story on mental hygiene as practiced at the Columbus State Hospital.

Dr. J. F. Bateman, superintendent of the hospital, said that the article was scheduled to appear sometime in early April. Many pictures were taken.

The article will deal with work being carried on in the various state mental institutions, Dr. Bateman said.

Nothing Ever Happens Around Hilltop Record Office; Fire Is False Alarm

News happenings have such an impenetrable way of not cooperating with the weekly newspaper editor.

Take last week for instance. The presses had barely stopped printing last week's Hilltop Record when the new Record building (whose foundation had risen only a few feet above the street level) was reported to be on fire.

Here was news right at the front door and no paper to print it in for a full week. However, firemen soon discovered that it was a false alarm.

Workmen had left a salamander burning to keep some newly poured concrete from freezing during the night. Charlie Maus, passing by saw the smoke—pushed into the Record office and told Publisher Hartley that his new building was going up in smoke.

Hartley looked in the phone book for the number of the Fire Department, realized that the number had since been changed. Then, remembering that the Record had carried a boxed news item about the change in number only a couple of weeks ago, rushed out in the shop and got the number direct from the type (to make sure there was no error).

To make matters worse, your editor was busy in the press room getting papers ready for the mail and didn't even know about all of the excitement.

So you see no one ever cooperates with the weekly newspaper editor. But since there wasn't any story anyway, what difference did it make?

Camp Chase Post To Conduct Drive For Membership

Camp Chase Post No. 92, American Legion, is conducting a campaign among World War II ex-service men to acquaint them with the Legion and to invite them into membership. The dates for the "Join the American Legion Month" in the Department of Ohio are March 16 to Apr. 15.

West Side

(Continued from page 1)
back cited was the traffic jam that would continually be in existence when conventions or other activities were being held due to the lack of roads for approaching and leveling the area. The use of the old Gouman building by the Veterans' Administration was pointed out as already creating a traffic problem in that neighborhood.

Three new members were accepted by the organization. They were Henry P. Mone, druggist; Mr. Hachbarth of Butler Food Products, and Charles B. West, service station operator. Tentative plans were announced for the annual banquet to be held at the Seneca Hotel on April 24.

They Bowl In Tourney

The West Side K. of C. Council recently had the two bowling teams, pictured above, entered in the K. of C. State Tournament at Dayton. They are Westgate Furniture (above) and T. J. Sayer Reator (below).

Hilltop's Youngest! Gary Swisher Is Regular Bowler At Age of Five

Gary Swisher

The Hilltop's youngest and most enthusiastic bowler is Gary Swisher, five and one-half-year-old son of Mr. and Mrs. Joe Swisher, 99 N. Greener rd. Although still too small to handle a regular bowling ball, Gary maintains an average of 58 per game using a duckpin ball.

He's a regular Saturday customer at the Hilltop Recreation, 1419 W. Broad-st., where he is snapped by the Hilltop Record photographer a couple of weeks ago. On that particular day he had bowled an 84 game.

Young Gary has been bowling for almost two years and it has not been just a once-a-week game for him. In the Swisher basement he has a set of pins that he keeps pretty busy through the week in preparation for his regular Saturday game. The pins have been tried unsuccessfully to get a special bowling ball made to his weight requirements but has far he has to use the duck-pin ball.

Gary got his love for bowling honestly for both of his parents are regular fans. His mother who always bowls with him on Saturday, roll in the Wednesday fighters' League with an average around 143. Mr. Swisher holds a 74 as a member of Seller's Monday night team.

These boys are being registered as charter members of the troop. Troop officers and troop committees had organized prior to the first troop meeting and plans have already been made for activities for the next few months. Several officers are veterans both from the standpoint of scouting service as well as service with the armed forces.

Bob Harper will be scoutmaster while Jerry Davis and Maurie Sutton will serve as assistant scoutmasters.

The following members of the congregation constitute the troop committee: L. J. Blum, R. M. Draper, H. A. Judy, J. H. Kirkpatrick, R. V. McKinney, R. L. Weidner and W. K. Westlake.

The troop will meet each Monday evening at 7 o'clock in the basement of the church.

Baseball Schedule Completed At West

Non-League Games Will Be Added Soon

Unseasonal spring weather early this week was helping to bring baseball to the fore out at West High School where Coach Dale Rose and his boys will be out after their seventh consecutive city championship.

Pitchers and catchers have been working out for a couple of weeks getting throwing arms limbered up preparatory to going out on the diamond in a few days.

The following league schedule was completed this week. The opening game will be with South at the Bulldog diamond on April 9.

League Schedule
April 9—At South.
April 12—East.
April 18—At Linden McKinley.
April 18—Central.
April 23—At North.
April 28—Aquinas.
May 3—At East.
May 6—Linden McKinley.
May 14—At Central.
May 21—North.
May 24—At Aquinas.
May 31—South.

Coach Rose is now negotiating for dates on non-league games. Two or three games will probably be booked before the opening of the league.

So far 70 boys have reported for the squad, including five lettermen. Experienced boys include Bob Phelps, pitcher; Jack Thrush, first baseman and pitcher; Dick Slager, shortstop; and Ralph Watts and Jack Buckingham, outfielders.

William Edwards Enters Service Station Business

Mrs. Ann Kelly and William Edwards have formed a partnership to operate the Mobil Service Station at Mount and Central it was announced this week.

Mrs. Kelly, who lives at 124 Lennox, New Rome, has operated the station the past six years. Edwards, whose home is at 98 N. Hague-av. was formerly with the Sneyers Funeral Home. He previously represented the Ohio Fuel Gas Co. on the Hilltop.

Paul M. Kelly, son of Mrs. Kelly, will also be associated with the service station as a specialist in lubrication and motor tune-up. He has just returned from the armed services.

Edwards is married and has three children. He has been a resident of the Hilltop for the past five years.

Sgt. H. Hopwood On Way Home

Sgt. Harry B. Hopwood was to be discharged from the Marines at Cherry Point, N. C., on Tuesday of this week. He will reach Columbus on Wednesday, Mar. 6, to visit his parents.

Sgt. Hopwood is an alumnus of West High in the class of 1943. He enlisted in the Marines immediately after graduation.

A King on an honest throne. Leave the haunt of women and men. Go where wild animals run. Nature will furnish a cozy den. Friends, the Moon and Sun. Once a man lived for thirty years. Where humans had never trod. Whispered at last "I've no fears. Feel safe to live by God." C. S. PARKS

Students Are Examined

Physical examinations were being given West High School students this week under the supervision of Dr. William Potts of the City Health Department. Irvin Young, principal of the school, stated that the tests included a miniature x-ray of the chest and were screening tests rather than diagnostic in purpose. The tests are made without charge to the parents of the students. In cases where some attention is needed as indicated by the examinations a report is sent to the parents by the city health bureau.

The tests were started Tuesday and will continue until all students of the senior high school have been completed.

Farmers Advised To Market Stock

Farmers who have hogs and cattle which are ready for market are advised that killing and packing facilities can absorb larger numbers of livestock than are now reaching the markets.

Short feed supplies make it necessary to market livestock as rapidly as markets can absorb them. To continue to feed cattle and hogs after they are ready for market uses feed needed for the coming pig crop and other livestock use.

All farmers who have livestock ready for market should immediately check with their marketing agent before shipping as orderly marketing is still needed.

Refunds Offered On Photos

Refunds were being made several Hilltop and West Side families by the Krouse Studios as a result of dozens of complaints concerning the quality of photographs taken by representatives of that firm.

Sgt. Edgar Butler told the Hilltop Record that refunds or picture retakes were being offered where the quality of work solicited was of an inferior nature.

Last Saturday Sgt. Butler took an experienced photographer to Fremont, O., to inspect the studios of the company. According to the inspecting group the company was attempting to operate with inexperienced help and that an effort had been made to correct many of the shortcomings of the work.

Appearing in municipal court Tuesday morning facing charges of peddling without a license were two members of the company. They were Martin C. Pope and Albert Durke. Both had pleaded guilty to the charges. The decision of the court was deferred for 10 days pending an opportunity for the men to satisfy complaints of their customers.

Sgt. Butler said that approximately \$100 in refunds had been made and that others were being taken care of as rapidly as possible. A total of 31 complaints had been received throughout the city, 25 of them were from Hilltop families.

The largest refund made in this area was for \$25.88. A total business involving \$831.20 was being made good by the two men, it was said.

Sgt. Butler pointed out that inasmuch as the two men were apparently acting in good faith every opportunity would be afforded them to make good on their work. He further stated that recent orders being delivered by the firm had been of acceptable quality. Deliveries are now being made in person rather than by C.O.D. delivery so that customers have an opportunity to

Col. State School Will Present Musical Program

The annual musical program presented by residents of the Columbus State School will be given on Wednesday afternoon and Thursday evening in the amusement hall.

The program is made up of choral and instrumental numbers by the children. A special feature will be a piano duo by two of the music instructors. Mrs. Eleanor McGuire, instrumental instructor, and Mrs. Mary G. Muncie, choral director, will present numbers on two pianos.

Mrs. McGuire is a graduate of the Conservatory of Music at Oberlin College. Mrs. Muncie has a Master's Degree in music from Ohio State University.

The programs start at 1:30 on Wednesday and 7:30 p. m. on Thursday.

examine work before having to pay for it.

In the mean time three or four other photograph sales crews were finding it difficult to get orders during the past week as a result of the Krouse case, officials said. According to city police there are three or four firms doing a house-to-house solicitation whose salesmen are licensed by the city.

Music, Drama Attract Many Students At West High

The music and dramatics departments at West High School are operating on an expanded program this semester, according to Irvin Young, principal of the school.

Three teachers are now devoting a major portion of their time in these departments. Roy Bowen has returned from the armed services and is again in charge of dramatics. Charles Bennett, likewise a returned service man, is in charge of instrumental music. Mrs. Edith White teaches vocal and choral classes.

In the vocal department are classes for beginners, advanced, boys' glee club, girls' glee club, music appreciation, vocal ensemble, voice, theory, harmony and five senior music classes. The music appreciation class started with 28 pupils.

Instrumental work includes the regular band, reserve band, beginners' band, regular orchestra, junior high orchestra, beginners' orchestra and a beginners' instrumental group. The regular band includes only senior high students.

Pickering, Dunn Seek Democratic Committee Posts

Harold D. Pickering, Reynoldsburg, and Mrs. Frances Dunn, 231 Pacemont-rd., have announced their candidacy for the positions of Democratic state central committeeman and Democratic state central committeewoman, respectively, from Franklin County.

Mr. Pickering has been a lifetime resident of Truro Township, is married and has two boys, both of whom have seen service in the U. S. Army. He has been deputy in the probate court for the past 14 years. In 1944 he was a candidate for county treasurer, receiving 87,000 votes and losing the election by only approximately 1800 votes.

Mrs. Dunn has been a resident of Franklin County for the past 22 years. She has two daughters and a son who is a major in the Army. She was a candidate for Democratic state central committeewoman two years ago, polling 7,500 votes, and although receiving no organized support in her first political campaign, was defeated only by the small margin of 144 votes against the combined forces of Walter Heer and his political machine. As an organizer of the citizens committee for Roosevelt during the last national election, Mrs. Dunn says she has had ample opportunity to observe the "do nothing" tactics of the county Democratic organization and is convinced that the temporary leadership in Franklin County was responsible for the loss of thousands of Democratic votes for the national and state ticket.

Pedestrians Are Difficult To See By Night Drivers

Few pedestrians realize how and it is for a motorist to see a person in dark clothing on the street at night. Chief Justice Carl J. Weygant, vice-president for public relations, Ohio State Safety Council, suggests that during the hours of darkness all pedestrians wear or carry something white to improve their visibility. Walkers sometimes believe that because the vehicle is visible to them, they are also seen by the driver, not realizing that oncoming headlights and the pedestrians' dark garments may make those on foot nearly invisible—an important factor in the increasing pedestrian injuries.

"Slow down at sundown" is a good guide for the motorist, who should give pedestrians a break, keeping the vehicle speed to a point where it can avoid persons on foot who suddenly seem to appear from nowhere.

Ice will seldom be safe for skating from now on. Longer hours of sunshine set into the thickness pretty rapidly. Each year drownings begin to increase around mid-February. Lone skaters on live water are very often victims of thin spots. Ohio's waters are too cold for swimming at this time. Consequently greater caution on the part of skaters will control drownings for a while. Parents—caution young people that temperatures below freezing for at least 72 hours are needed to maintain ice of safe thickness.

Gasoline will be plentiful this spring. Has your car been serviced well enough for safe driving? An alarming increase in mechanical difficulties has begun. Be sure your lights, spark, steering and tires are in tip-top condition. Don't have an accident ruin your enjoyment of spring's motoring pleasures.

J. Ogden Back On the Hilltop

James B. Ogden, 42 S. Harrison, has returned to the Hilltop after serving more than two years

in the Navy. He was discharged two weeks ago. He served as a metalsmith and had been stationed in the Hawaiian Islands. He is the son of Mr. and Mrs. Albert Ogden.

Loss Of Life By Fire Down Here During Past Year

While there was a substantial increase in Columbus fire losses during 1945, lives lost by fire dropped to nine, compared to 17 suffered in 1944. Practically all of the Columbus lives lost were in private homes where, perhaps, the victims themselves, may have been responsible for the unsafe conditions that caused the fire.

There is no mystery in fire causes. Careless smokers, defective heating equipment, ashes in baskets and boxes, electrical defects and the use of improper fuses continue to be responsible for most home fires. These fire hazards can be found and corrected by the average home owner. If householders will remove the unsafe conditions from their home, they may protect their families from a possible fatal fire.

The Meaning of Lent

By Rev. A. J. Wold
Minister, Hope Memorial
Presbyterian Church

We are standing upon the threshold of one of the most important periods of the Church Year—the period of Lent. As usual we shall witness an increase of activity and apparent interest in matters religious. For many it will mean a period of increased religious activity, calculated by the calendar and nothing more. It is to be hoped, however, that for an increasing number it will mean a period of sincere turning to God, and a time of earnest searching for the fuller meaning of Lent in terms of an abiding religious experience.

Those who have stood out upon the pages of human history as benefactors of mankind are the men and women who have lived by the law of service and sacrifice; not by the selfish standard of opportunity. Christ set a pattern for that kind of living, and Lent is a period suggesting rededication to the Christian way of life.

We are now living in the dreadful days of the atom bomb. The question of preservation does not depend upon who can build the best bomb, but whether any nation now has what it takes in moral and spiritual quality to lead the rest of the world in the way of peace. Lent is a period that calls for sincere self-examination to see whether our nation has that quality of life which will equip it for leadership among the nations of the world. We speak of Lent in terms of repentance. But repentance to be effective must mean something more than just a feeling of regret. Repentance that will produce any practical result must lead to a new way of life. Are we as a nation ready for that kind of repentance?

Too Materialistic

Repeatedly we hear from many quarters, religious and secular, that this age is too materialistic, and that man has lost sight of the moral and spiritual. But for the most part these warnings are shed like water on a duck's back. "Man has forgotten God," seems to most of us a statement so commonplace, that we dismiss it with a shrug as so much ecclesiastical lingo. But when we hear of more than a hundred thousand lives snuffed out in a single blast, and more than two-thirds of a large city leveled by the same blast; when we hear of hundreds of other cities laid waste by incendiary bombs, and millions made homeless, or slowly starving to death, we are forced to admit that man has neglected something essential in the building of human civilization. And the reason is simply that man in his wild, undisciplined scramble for material things has neglected, or lost sight of, the moral and spiritual side of life. Said the Master nearly two thousand years ago: "Man liveth not by bread alone." Lent suggests a period of re-examination to discover wherein we have forgotten God.

We are now passing through a period of irresponsible and undisciplined living on a large scale. We were reminded a few months ago that in our own city the divorce rate exceeded marriage licenses by a considerable percentage. Increasing use of liquor and the consequent lax, undisciplined mode of living are growing to an alarming extent, leaving in its wake broken homes, neglected children, and a growing delinquency problem. In a few more years this will call for building of more correctional institutions and additional taxes to care for the increasing number of social charges.

Warning comes from the F. B. I. that unless delinquency among children and youth is checked, it will become a major threat to the country's welfare. But law enforcement is not a sure. At best it is only a means of control. As the cause will be found in the moral and spiritual bankruptcy of our nation, so the cure must

be found in a moral and spiritual revival.

Problem Is Moral

Often we read of this or that problem facing our nation. And mostly they are purported to be of a political, economic or industrial nature. The real problem before us, however, is neither political nor economic, but moral and spiritual. When we deal with the political or the economic, we deal only with the surface problems of life. These are only ripples upon the surface indicating disorders of a deeper and more serious nature. They are only symptoms of some serious disease. And the cure is not in some temporary settlement of a labor dispute, but in the treatment and healing of the nation's soul.

The words of General Douglas MacArthur may well become the

keynote of a new spiritual movement among all mankind. Following the formal Japanese surrender on the U. S. S. Missouri in Tokyo Bay, the General closed his speech with the following soul searching words: "Military alliances, balances of power, leagues of nations, all in turn failed, leaving the only path to be by way of the crucible of war. The utter destructiveness of war now bids out this alternative. We have had our last chance. If we do not now devise some greater and more equitable system, Armageddon will be at our door. The problem basically is theological and involves a spiritual recrudescence and improvement of human character that will synchronize with our almost matchless advance in science, art, literature, and all material and cultural developments of the last 2,000 years. IT MUST BE OF THE SPIRIT IF WE ARE TO SAVE THE FLESH."

Faith Alone CAN GUIDE
MAN'S FOOTSTEPS INTO THE FUTURE

In these days of swift change and catastrophic events the eyes of thoughtful men turn from the present to the unknown future: What does it hold for them, their families, their friends and their world?

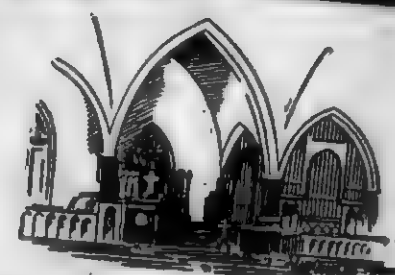

Behind the dark veil that separates today from tomorrow may lie strange, new forces, treacherous tides, innumerable hidden dangers and new foes of human life and happiness. These are the great uncertainties of life.

The man of today, like his primitive ancestor, peers anxiously, even fearfully, into the future and tries to solve its mysteries, but the effort is futile. His vision is unable to pierce the darkness that shrouds tomorrow and tomorrow and tomorrow.

Yet man has risen from primitive degradation, through all the difficulties and dangers of the revolving years, to his present civilized estate. He has fought the beasts of the forests, the diseases of the jungle, the pangs of hunger and the sting of cold—and has survived.

He has survived and become preeminent in the world because he possessed faith—faith in himself and his race, and faith in a Supreme Being who drew the pattern of the universe and made the laws that govern human destinies.

This is the golden thread that runs through human history. It is the key to all the uncertainties and mysteries. It is the light that has guided man's footsteps into his eternal future.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

Community Spirit

Much has been said and written in years gone by about the unusual "community spirit" that has always characterized this section of Columbus. Newcomers to the community and business firms who contact Hilltop and West Side business establishments have been quick to recognize that a spirit of neighborliness is reflected in the things people do and say.

We have always been interested in the reactions of outsiders to our community but have always been at somewhat of a loss to place our finger on that thing we so often refer to as "community spirit."

For a few fleeting moments as we were waiting for the curtain to go up on the 17th Annual Minstrel last Thursday night we thought we sensed something of an answer to our quest. There gathered together in the auditorium of West High School was a typical cross-section of the community all anticipating the start of something that has become an institution. Well-to-do, the poor, the laborer and the executive all enjoy a minstrel show together as they do other things together.

And then other projects through the years flashed through our mind. When a stadium was needed at West High School a few years ago, the citizens of the community got together and raised enough money to guarantee the erection of a new concrete edifice. When a Red Cross drive or a Community Fund campaign needs to be conducted, the women go out and do the job together. During the war when bond drives were lagging it was again the united efforts of the men and women that put this section of the city up in a creditable standing. When the American Legion needed money to finance a community building for the returning war veteran, they too went to the people with their common cause and the community responded.

Visit one of the bi-weekly Community Hymn Singers in some Hilltop church on Sunday night and you can't help sensing that in worship as in work and play the people find fellowship and a common outlet for their spiritual life. The same analogy might be drawn in the field of music, sports and social life.

Perhaps then "community spirit" is that intangible something that draws people together in a common cause to work for the interests of all concerned. It is with many, a "way of life." To all, it is the "life" of the community.

A Square Deal Asked

Equal status with army and navy servicemen is being asked for the members and veterans of the Merchant Marine and Maritime Service by the United States Merchant Marine Benefit Association. This association is backing a Merchant Marine Seaman's Bill of Rights. The organization is Non-Profit and organized for one purpose only, and that is to secure benefits for Merchant Marine and Maritime Service men comparable to those granted in the "G. I. Bill of Rights."

Large chapters have already been organized in Kansas City, St. Louis, and Chicago. Men who have been or still are in the Merchant Marine Service, parents or wives who are anxious to know more about this organization should write to C. J. Hitchcock, 214 North Elmwood Ave., Kansas City 1, Missouri, for further information.

It is the intention to organize every state in the Union and when this is done, the national organization will call upon congress to pass a Seaman's Bill of Rights which will make these boys Veterans of World War Two and give them the privileges they so justly deserve.

Today's Viewpoint

Each week The Hilltop Record interviews several local persons to get their reaction on some current problem of national or local interest. Views of all readers are welcomed and will be published in the form of letters to the editor as far as space permits. Letters should be brief and to the point. The writer's name will be withheld when requested but all letters should be signed.—The Editor.

TODAY'S QUESTION

Do you believe in the right of the farmer to organize and conduct strikes the same as factory or other industrial employees?

Cecil Rose, 2195 Springmont-av, ex-service man—"They're citizens, so they should have the same rights as any other citizens of the country."

Mrs. Orrie Smith, 340 Columbus-av, housewife—"I don't believe in strikes anywhere. I can't feel that strikes are necessary under any circumstances."

Alva Nafziger, manager of Hilltop Furniture, 2385 W. Broad-st—"I think they have the right to strike. I think people do. Every one else does so I don't see why they can't."

Mrs. Clarence Vagstad, 305 S. Richardson-av, housewife—"No, I think farmers are more on their own. They have no one over them. Their time is their own."

Charles Marland, 487 S. Burr-ess-av, ex-service man—"They should have the same rights as industrial workers. Personally I don't believe anyone should strike. It made me awfully mad over there when we read about the strikes back home."

C. O. Miller, 2484 W. Broad-st, optometrist—"If anyone has the right to strike, they should also. They have just as much right to strike as anybody."

Duke Lauer, 2685 Sullivan-av, dry cleaner—"Farmers should have the same privileges as factory workers."

West High Roundup

By PAUL BALDI

Spring has hit the old town and our school too, judging from the looks on all the kids' faces, or is it that just spring fever? Anyway a few recent victims of the spring fever disease are: Pat Yager and Jim Rush, and Allice Buzzard, and Paula Shoel, still gazing after that man of hers as she sighs "Oh for leap year again."

Everyone wants to get in the act, judging from all the kids seen back stage at the minstrel show.

The dramatics class is still judging on a couple of plays, but "Our Town" seems to be in the lead.

The art class is getting under way with lots of work being done on craft.

Doe Campbell still gets things all mixed up when it comes to ordering art material.

The senior girls were all going round biting their nails the other day, waiting for that nutrition test they didn't want.

The French club is having a Mardi Gras the 5th, which should be a lot of fun.

All the students at school have gone all out to support the Variety Show.

Vivian Smith has a hobby of collecting handkerchiefs—but I wonder whose? I knew a boy who did that once.

At last the students have a chance to give their teacher a break by entering the contest on "the best teacher in the United States." Let's get a West teacher in there, kids.

MODERN POETRY

Edited By
KATHER WINKLE

AFTER THE WAR
Now all is lost; the best and
worst are gone
And more forgotten than last
summer's dew,
And if we wept, we have forgot-
ten how.
So let us walk and gaze as chil-
dren now.

The leaves are falling and the
fields are meek
As all the hours and days through
which we move,
I think that I will take your hand
and speak
in wondering one-syllable of
love.

There may be such a thing as
deceit, we know
That in some incarnation long
ago
We must have fought and prayed,
our blood was shed;
One after one we mourned the
fresh young dead.

But men can live so long, then all
is lost;
And now upon an elm leaf, pois-
ed and still
I see a waiting lady, etched in
gold.
Her eyes are cold blue and her
breath is chill.

She sings a song of winter, soft
and wild,
And you and I will listen, as one
child.

PERFECT HEART
I carved a little heart of pine;
Pretended that the heart was
mine.
And every tiny chip that flew
Were the heartaches caused by
you.

Then I cut my finger deep;
Stopped a little while to weep;
Saw the perfect heart and know
The little chips had made it so.
M. Montgomery.

Does Bob Brown stick his head
out the door where he works,
every time some one he knows
goes by? Can't get any work
done that way, Bob!

Why does Charlie Under-
wood have detention for eight
mornings straight?

Now that the weather is nice
the kids are walking to school,
and now you can move on the
bus in the morning without in-
juring yourself.

Be seeing you all around.

NOT UNTIL THEN
Deep, but when white blossoms
On slender boughs break
Or crocuses, sleeping
Suddenly wake
And, like shattered prisms, star
the new dawn
Where light sandaled feet of
springtime must pass.

And not when red roses
Their fragrances spill
Upon the first hour
Of twilight until
The throat aches with beauty no
word can express
And moonlight's white radiance
is like a caress.

And oh, not when autumn
Has painted each leaf
Or the skilled hands of winter
Have woven a brief
White mantle for earth, a sky of
deep blue
Call me ever so loudly, I will not
hear you!

But if love's dear face
Should be turned away,
And fingers that cling
Loose mine, . . . the day
Faith's bright shield is broken
you call me again,
Even whisper my name—I will go
with you then.
Virginia Eaton, in her book,
"Laughter Through Tears."

ATTU
Cold in the doorway. The suns on
him wavers.
The glass on back of him strides
white-footed, slowly.
A mountain rose up. We are on
it, forgotten. With wind,
And with wet sand, and swamp-
moss to know us,
We've clung. The ships come and
go. The men, living,
Are dead songs shouting the lead-
en nights. For us,
The long alone-living, no smiles
for known dreams.
The find caught our flame. We
carry the noise of its leav-
ings.

The rock deep down in us is hea-
vy. Some day, will it
Roll on us, and the valley in
sunlight be ours?

Our Readers Say

Hilltop Record

Dear Sirs:

It is indeed with pride that I
announce the formation of a Co-
lumbus Branch of the "Constitu-
tional Money League of Ameri-
ca."

This organization has but one
purpose in mind; that is to teach
the American people that true
Americanism is your loyalty to the
Constitution of the United
States.

We feel that there has been too
much flag waving and not
enough of old one hundred per-
cent Americanism in this land of
ours. Let us take Art. 1, Sec. 8,
Par. 3, of our Constitution of the
United States. This section
plainly states that the right to
"coin" money in this nation rests
in the hands of our Congress, the
elected representatives of the
people. But that right has been
taken over by the banks, and the
people are taxed billions of dol-
lars a year, just to pay the inter-
est on un-American paper mon-
ey. Why? Why should we be
taxed for a right that is already
ours?

During the war there was
about twenty billion dollars of
new money placed in circulation,
but not one bill has been before
our Congress to issue new mon-
ey. Why do people from all walks
of life say "Money—how does it
get into circulation. I don't know.
I wonder why we don't learn that
in school?"

Abraham Lincoln issued four
hundred and fifty million good
old American greenbacks, and
won a war, saved the Union, and
was murdered. Those greenbacks,
or printing press money as some
people call them, are still in cir-
culation, and do not cost the
American people one cent inter-
est, and do not have to be paid
back. Why the five billion dollars
interest payment on the people
next year?

Sincerely yours,
George W. Wolfe
RA. 3072.

Mr. Editor:

It will be of interest to the vet-
erans of the West Side to learn
that the 11th VFW Dist. of the
Department of Ohio has set up
a committee in the city of Colum-
bus to receive the complaints of
the veterans who have applied to
the medical officer at Columbus
and who feel that their claims for
medical attention have not re-
ceived the attention that such
claims are entitled to receive by
that officer.

It is well to note that this ser-
vice is free and is not limited to
our members, but applies to any
veteran who applies to this med-
ical officer at Columbus.

Don't phone or call me, but
write me, in your own language,
being very sure of your facts, and
I will see that the proper author-
ity receives your claim and that
all effort possible will be made
to expedite all such claims, within
the bounds of common reason.

Many complaints have reached
the district and state officers,
from veterans who have filed
medical and other claims, through
the medical officer of the Vet-
erans Administration, at Colum-
bus, and we hope to assist in cor-
recting this condition, but "it's up
to the veterans who have such
medical claims." They must give
us the facts in writing and they
must be facts that will bear close
examination. No others will be
considered by this officer.

Produces Film On Sermons, Science

Dr. Moon

Dr. Irwin A. Moon, of Moody Bible Institute extension staff, seen above in one of his "Sermons from Science" demonstrations, is the producer of the sound-color film, "The God of Creation," to be shown at 7:30 o'clock Friday night (March 15) in the Hillcrest Baptist Church, 2480 W. Broad-st.

Vivid full-color scenes from astronomy and natural science are featured in "The God of Creation," sound motion picture to be shown at 7:30 o'clock Friday night (March 15) in the Hillcrest Baptist Church, 2480 W. Broad-st., according to the Rev. W. Howard School, pastor.

Produced in the West Coast laboratory of Moody Bible Institute by Irwin A. Moon, Sc. D., "The God of Creation" is the second in a series of evangelistic films. The first film by Dr. Moon, "They Live Forever," had a large showing in all parts of the country.

In the opening section of "The God of Creation" the audience takes a trip to the stars by means of solar photographs taken through the giant 100-inch telescope of Mt. Wilson Observatory in southern California, and views the complex gyrations of our own solar system.

The theme for the prayers this year is "The Things That Make for Peace."

The committee is chosen from various Hilltop churches. It includes Mrs. Wm. H. Riley, Mrs. A. R. Fox, Mrs. Henry Martin, Mrs. S. J. Good, Mrs. M. Herzel, and Mrs. E. J. Cockfield.

Day of Prayer Will Be Held At Burgess Ave.

Friday, March 8, at 2 o'clock, the Hilltop churches will observe the World Day of Prayer at the Burgess Avenue United Brethren Church, corner of Sullivant and Burgess-avs. This is a union service open to all denominations, races or creeds.

This service was started rather simply in our own country in 1887. It crossed the border into Canada, and rapidly spread to other countries until it was named "World Day of Prayer," being observed the first Friday in Lent.

These services begin west of the Date Line in the Fiji Islands and New Zealand and as the day progresses it is observed in more than 50 countries and many islands of the sea, ending in the little island of St. Lawrence off the coast of Alaska, 30 miles east of the Date Line.

The theme for the prayers this year is "The Things That Make for Peace."

The committee is chosen from various Hilltop churches. It includes Mrs. Wm. H. Riley, Mrs. A. R. Fox, Mrs. Henry Martin, Mrs. S. J. Good, Mrs. M. Herzel, and Mrs. E. J. Cockfield.

MAKE YOUR CONTRIBUTION A GENEROUS ONE

During the past four years your generous contributions enabled your Red Cross to meet the responsibilities placed on it because of the war. Now your help is needed to carry on the Red Cross services to our armies still overseas; throughout the military hospitals and numerous canteens in our country.

More than half of the money raised during the campaign will be used in Columbus and Franklin County chiefly in aiding veterans and their families during the adjustment to civilian life. Thousands look upon your Red Cross for aid and comfort in long hours of desperate need. Your Red Cross money

is needed for Home Service . . . First Aid Training . . . Disaster Relief . . . Home Nursing . . . Nutrition . . . Junior Red Cross and many, many other needs.

Keep the Red Cross alive — and active. For without your generous contributions there would be no Red Cross in Columbus and Franklin County.

When the convey of ships reached the vicinity of the Fiji Islands it was divided and part of them went to New Zealand for about two weeks until landings could be made. The islands could unload only three or four ships at a time because of inadequate harbor facilities.

Without Defense
At the time the 37th Division landed the islands were practically without defense. There were approximately 9000 native troops but they did not have rifles enough to go round. The air force consisted of a couple of Sunderland Singapore seaplanes, vintage about 1926. They were capable of a top speed of 60 miles per hour and were used for observation. A hand full of DR-9's, of about the same model, comprised the bombardment group.

The American Air Forces started arriving shortly after Erlenbach and his outfit landed. They had some B-26's and other more modern planes. For a while they were swamped with P-40 mechanics although there were no P-40's in that area. For several months the mechanics were driving trucks and doing anything there was to be done about the islands.

In November 1942 the Second Island Command Headquarters was formed in the Fiji. Sgt. Erlenbach was assigned to the 809th Signal Service, an outfit that used commercial type equipment. He worked in the message center and later at the Nandi Air Base, where he was in charge of the message center, doing the work of first sergeant.

Shortly after the Americans landed they strung a telephone line across the beach of the island into areas where white men had never gone before. It was later his job to take a battalion of native laborers to the interior to salvage the line after it was no longer needed.

One of the novelties found on the island was an English rest home which was equipped with a bath tub. It was the only bath tub found in the Fiji Islands.

While they were in the islands a tropical hurricane struck with terrific force, sweeping away prefabricated buildings which housed part of the air base personnel. The activity was isolated for three days until communications could be established again. Sgt. Erlenbach drove continuously

Prostate Gland Trouble?
I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, \$1.25; 2 1/2 dozen for \$2.50. Sold at Economy Drug Stores. —(Adv.)

Harold Erlenbach, Jr., Glad To Be Civilian After 5 Years

Harold Erlenbach, Jr., Beside Barracks

After more than five years in the army Harold Erlenbach, Jr., is glad to be a civilian again, working in his father's hardware store, although he will admit that "things were not so bad in the service."

Discharged last Dec. 3 with the rating of first sergeant, he is working in the Erlenbach Hardware (formerly Melvin's), 2409 W. Broad-st. He lives at 340 S. Wayne-av.

He went into training with the Ohio 37th Division when the outfit went to Camp Shelby in October of 1940. He was there until January, 1943, when they were sent to Pennsylvania and later to San Francisco for embarkation in May.

When the convey of ships reached the vicinity of the Fiji Islands it was divided and part of them went to New Zealand for about two weeks until landings could be made. The islands could unload only three or four ships at a time because of inadequate harbor facilities.

Shall the Ward Worker Boss Your Doctor?

Most people believe that the extension of Social Security benefits to more people is justified.

Under existing law, Employment Offices are maintained—under Federal and State control—to find jobs for the unemployed. Provisions are made for aid to the needy aged, the blind and for dependent children. Payments are made in cash.

To beneficiaries under the Social Security Act, Compensation is paid during periods of unemployment. Payments are made in cash. Retirement benefits, death benefits for surviving relatives, monthly allotments for widows and dependent children, are provided. The payments are made in cash.

New Concept in Social Security
The new Wagner-Murray-Dingell Bills would

place in the hands of the Federal Government responsibility for providing medical care and hospitalization for all Social Security beneficiaries and their dependents. Authority is given a single political appointee to hire doctors and establish rates of pay; to control and operate hospitals and actually dispense medical care to 110,000,000 people. No cash payments are involved. In effect, the Federal Government would establish 100,000 retail establishments, man them and conduct the business of providing medical, dental, hospital and nursing services for the people.

Such procedure would involve making the doctor subordinate to the bureaucrat. It would mean the regimentation of the medical profession—if it worked. Actually, no laws could regiment the doctors. They could refuse to serve under conditions which would result in mechan-

ical and ineffectual service—personal subservency and professional deterioration.

However, consummation of the plans inevitably would result in absolute regimentation of the people as far as medical care is concerned. They would be forced by law to accept such medical care as could be provided by the politically appointed bureaucrat.

Such a development could be a fatal step toward complete totalitarian control over the lives and destinies of all men.

Doctor Regimentation Means Less Effective Service

There are some people who really believe that in bureaucracy's vast pool of master minds there are individuals fully qualified to tell farmers

what and how much they can sow and when and how to reap; other individuals competent to tell the oil wildcat the size of the pipe and depth to which he is permitted to drill; and yet others with capacity to tell the newspaper editor what he can print and how he shall treat and headline his dispatches. It may be true.

No sane person can believe that any bureaucrat can direct the rendering of medical care without actual suicidal deterioration in the quality and effectiveness of the service that is provided. It is the ultimate in absurdities.

Unemployment benefits, Old Age benefits, protection for widows and orphans should be provided for all workers. But this is far different from having all people dependent on ward workers to select a doctor to treat a sick child. Such a condition is unthinkable.

Magly Field To Get Lights This Fall

A long discussed school improvement, lights for Magly Field, is expected to become a reality this fall, Principal Irvin Young told the West High Boosters Club and the Hilltop Business Men's Association during the past week.

Plans for a lighting installation for the football field have been drawn and it is expected that contracts will be let in the near future. The estimated cost is \$3800.

As proposed six 90-foot steel towers would support a battery of 14 lights on each tower, providing sufficient light for the playing field as well as illuminating the present stadium and bleachers on the east side of the field. Three towers would be built back of the stadium and three along the east side of the track.

The lighting installation would be modern in every respect with all wiring contained in underground conduits.

Proper lighting of the field has been somewhat of a problem to work out without interfering with the ball diamond in the southeast corner. By placing the lights high it is believed that sufficient light can be provided without interfering with either the ball diamond or the football field.

Irvin Young Is Speaker At HBMA Meet

Members of the Hilltop Business Men's Association and their wives got something of an insight into the program being carried out at West High School when they heard Irvin Young, principal of the school, outline some of the things being done at the school.

In his talk, Mr. Young told the group something of the expanded program of music being undertaken and explained a beautiful program for the school grounds, including lights for the field.

One out of every four pupils at West plays some type of musical instrument as a hobby, he informed his listeners, in explaining the enlarged music and dramatics program now in effect.

The school official announced that another community-wide paper drive would be conducted on April 3 to provide funds for further grounds beautification.

Vocal Pupils Sing
Five pupils from Mrs. Edith White's vocal department entertained with a group of seven solos duets and quartets.

The mixed quartet composed of Joan Heichman, Barbara Witherspoon, Don Ochs and Tom Witherspoon sang "Through The Years," "We Must Be Vigilant," "Donkey Serenade" and "Rose" (Continued on page 5)

Camp Chase Post Invites Veterans

A big turnout is expected at Camp Chase Post headquarters, Friday night when a group of prospective American Legion members get together. It is part of the local post's membership campaign being conducted among veterans of World War II.

Letters of invitation have been sent to a long list of returning service men on the Hilltop. Larry G. Scales is commander of Post 98.

Auto Tag Sale Shows Increase

The sale of auto tags on the Hilltop took a definite upward turn starting last week. The plates are on sale at Robinson's Electric Store, W. Broad-st at Wayne.

The Hilltop Kiwanis Club is selling the plates. The sale will continue until 8 o'clock Saturday night. Starting on March 25 the store will be open until 9 o'clock each evening. Regular closing time is 5 o'clock.

Robert Miller Home After Seeing Japan

Robert N. Miller, Sp (a) 2c, 143 N. Ross-av son of Dr. and Mrs. R. J. Miller, has just returned from Japan, receiving his discharge from Great Lakes Naval Station Sunday.

Maus Named To Committee

Mr. Maus

Charles P. Maus, 70 N. Westgate-av, was appointed a member of the new Columbus Metropolitan Transportation Committee this week. The five-member board was appointed by Mayor James Rhodes to study and make recommendations in the interest of improving transportation facilities in the city.

Maus is president of the Hilltop Community Council, now serving his third year in that capacity. He has been active in the promotion of improved conditions of recreational facilities and better transportation for this section of the city. Under his direction the Community Council has the honor completed for the erection of a year-round skating rink at Westgate Park. He is associated with Shick Service, Inc., at 21 E. State-st.

Members of the committee are appointed for an indefinite period of time. It will make surveys and serve generally as a fact-finding board to bring about improved transportation facilities for the city.

Nylons Offered As Door Prize At Legion Dance

A pair of nylon hose as door prize, plus the danceable rhythms of Dale Thatcher's orchestra is expected to pack the Camp Chase Post headquarters for the weekly dance Saturday night. Last week's affair was a pronounced success and officials of the post say that the dances will be continued each Saturday from 9 to 12.

Early comers are invited to dance to the records from 8:15 to 9 if they so desire. No liquor or beer is permitted on the premises during the evening.

Troy L. Brown Opens Station

Troy L. Brown, Hilltop bowler, has recently opened his own filling station at 309 S. Central-av. The station was formerly known as Rickenbacher's.

Brown formerly worked as a machinist and stationary fireman at the Owens-Illinois Glass Co. He and his wife have been residents of the Hilltop for the past 13 years. They reside at 1833 Springmont-av.

Jerry Watson Mkt. Has Anniversary

Jerry Watson's Red and White Food Market, 3117 W. Broad-st, is this week celebrating its fourth anniversary at the present location.

On page eight of this week's Record is a full-page advertisement which contains a wide variety of food items at reduced prices for the occasion.

Drawings Complete For Rink

The skating rink at Westgate Park came one step nearer to becoming a reality this week when plans bearing the approval of city officials were released. Members of the Hilltop Community Council, sponsors of the project.

As drawn, the rink would be 80 by 125 feet, providing a concrete surface for roller skating with provision for ice skating during the winter months. Estimated cost is \$2415. F. Kenneth Diekmann, 3121 W. Broad-st, heads the committee responsible for drawing up the plans.

Plans approved by Paul Matzel, chief engineer, Ray S. Dietz, superintendent of parks, and Elmer A. Keller, service director, call for a concrete slab three inches thick to be hardened and dust proofed. All aggregate must meet state highway department specifications. A concrete lip of varying height would extend around the entire rink to form a wall to retain water during the winter when ice skating is desired. A concrete apron at each end of the rink provides a removable gate to retain or drain water from the rink as desired.

Approximately 150 cubic yards of excavation will be required to build the rink. It will be south of the tennis courts and parking lots near the east end of the park. More than 80 cubic feet of concrete will be required to build the rink and the walls.

A long range planning program for the erection of a band shell at the east end of the rink and a second shelter house to be built at the western end.

When completed the rink will become the property of the city and will be under park supervision at all times.

Charles P. Maus, president of the Hilltop Community Council, said that the committee is now studying plans for securing funds to get the project under way in the near future.

Named VFW Commander

Westgate Post No. 3441, Veterans of Foreign Wars, recently elected William M. Cannon, 151 N. Chase-av, commander of the post for the new year.

Other officers selected were: Joseph M. Enright, 101 Haldy-av, senior vice-commander; Jerry G. Spears, Jr., 545 Nashoba-av, junior vice-commander; Robert L. Zulauf, 136 S. Ross-av, quartermaster; Ray L. Board, 604 Saltsbury-rd, judge advocate; Herbert F. Kunzi, 3133 Ellis-pl chaplain; Dr. Lovel R. Rohr, 291 S. Brink-er-av, surgeon; and Edward Charles Ryan, 479 S. Terrace-av, trustee.

Delegate to the County Council for the two-year term is Harry L. Zulauf, 136 S. Ross-av, with Raymond C. Wilson, Jr., 1541 Accommodation-av, as alternate. Charles K. Corcoran, 124 N. Powell-av, was named delegate for the one-year term, with Charles W. Gaddes, 1079 (Continued on page 5)

Fire House At Hague Corner Is Possibility

A new fire house in the vicinity of Hague and Sullivan-av, is expected to be one of eight new fire houses to be recommended to City Council perhaps Monday night if it was learned this week after Mayor Rhodes instructed Fire Chief E. P. Welch to prepare a list of eight locations.

Council recently issued \$100,000 worth of bonds out of the \$500,000 voted last November to finance the preparation of plans and purchase sites.

The Sullivan-av site has long been considered as the most suitable location for a second fire house on the Hilltop. It is expected that plans will be started on the new houses in the near future in the event Council approves the locations.

They Plan Spring Festival

Officers of the Highland Avenue P.T.A. examine posters that will be used to advertise the annual Spring Festival to be held at the school on Friday, Mar. 22.

Shown in the picture seated at the desk are (left to right) Miss Marjorie Elliott, 285 Fittes-av, principal of the school and second vice president of the group; Mrs. Edward Thompson, 270 N. Oakley-av, president; and Mrs. Harvey Wilson, 153 Nashoba-av, recording secretary.

Standing (left to right) are Mrs. J. D. Fiedlerjohn, 194 Midland-av, treasurer; Mrs. George Skipper, 40 N. Eureka-av, corresponding secretary; and Mrs. John Hill, 81 Clarendon-av, first vice president.

Red Cross Response Is Slow This Year

Local solicitors for the annual Red Cross roll call have found their jobs more difficult than in the past despite greatly reduced quotas, leaders reported this week. With only a few days remaining the Hilltop area had not reached the half mark, Mrs. Leonard Wisdom, 254 W. Harris-av, said.

The West Side had a better report to make but there too, workers reported the response less gratifying than in previous years. With approximately three fourths of the solicitation completed a total of \$1329.90 had been reported by Tuesday evening toward a quota of \$1700, according to Mrs. Harold Kay, 81 Schultz-av, director of the solicitation. Last year the drive netted \$3000.

"We are going to have to scrape the bottom of the barrel but I believe we will make our quota," Mrs. Kay said.

On the Hilltop \$1700 was reported toward a quota of \$4200. The response was not up to other years, workers reported, although there is still a lot of territory to cover.

52 Scout Workers Get Certificates

Fifty-two certificates were given out Tuesday night to scouts who have been attending the Southwestern District Scouters' Institute just completed. The scout workers met at Hoge Memorial Church on Feb. 26, March 5 and March 12 to discuss and take part in demonstrations in various phases of scouting.

The institute was under the direction of John Kirkpatrick, chairman of leadership training. It took the place of the scoutmaster's training course regularly held each spring.

The program was conducted by John Apel, Bob Miller, Jack Genssner, Harry Drake, Fred Rudolph and Gilman S. Berlin. Field demonstrations were put on by troop committees from 147 and 161.

Franklin Heights Group To Discuss Incorporation

Residents of the Franklin Heights School district will meet at the school house tonight at 8 o'clock to discuss details relative to the incorporation of a village directly west of the Hilltop. It is understood that petitions have been in circulation for several days and that enough signatures have been obtained to effect the incorporation.

Robert Draper, 74 N. Ross-av, an attorney, will be present to explain the legal requirements and details connected with incorporating the area. All persons living in the territory bounded by Sullivan-av on the south, Derrett-rd on the east, the Pennsylvania Railroad on the north, and the Franklin Township line on the west, are invited to attend the meeting, at which time it is expected that the matter of incorporation will be decided.

Ed Lantz, 225 Derrett-rd, will act as temporary chairman for the meeting. Dennis S. McDaniels, 419 Derrett-rd, and George Gusler, 2615 W. Broad-st, have been active in arranging the meeting. It is understood that the Franklin Heights Civic Association has been instrumental in bringing the issue to a decision.

William Bierly, 3033 W. Broad-st, is president of the civic group.

Broadmoor Dairy Store Now Open

Mr. and Mrs. George Sheehy, 3060 1/2 W. Broad-st, are announcing the grand opening of their complete new modern Broadmoor Dairy Store at 3068 W. Broad-st at Westmoor, on Saturday.

The building was badly damaged by fire last November when a blaze destroyed most of the furnishings of the former dairy store and the K. of C. Club in the other half of the first floor. Both rooms have been completely rebuilt and finished into modern rooms.

Mr. Sheehy who was formerly a wholesale optician, has operated the store for the past two years. All new fountain equipment has been installed. The fountain is a 1946 model Bastian Blessing the first of its kind in Columbus.

The store will have all kinds of Moores and Ross ice cream as well as a complete line of the company's dairy products. They will serve sandwiches and soft drinks and mixers to carry out.

Service Guilds To Meet

Record Want Ads Are Bell Ringers

Record want ads really make the telephone ring. You can take the word of Mrs. H. L. Theophilus, 565 Hilltopia-av. Last week she ran an ad offering a gas range with side oven, an apartment size range and a 50-foot reel of water hose. All were sold within a short time after Hilltop Records were being delivered to the homes on Thursday morning.

"I just wanted to tell you what good service I got from our want ad," Mrs. Theophilus said when she called the office Saturday.

Record want ads get big results for little cost. Just call RA. 1125 when you have anything to buy, sell or rent.

IN MEMORIAM

In memory of our dear granddaughter and daughter, Shirley Freeman, who was a traffic victim on March 12 1944. Just two years ago today Shirley went away. She left our heart crushed and we felt so all alone. Oh how we loved her. But the Savior loved her more. So the angels sweetly called her. To that bright and happy shore. All is quiet in our dwelling. Lonely are our hearts today. For the one who smiled to cheer us. Has forever passed away. No one knows who much we miss her. No one knows the bitter pain. We have suffered since we lost her. Home will never be the same. When shadows are falling. And I'm sitting all alone. In my heart comes a longing. If you only could come home. Sadly missed by Mother and Father, grandparents and sisters.

Legion Auxillary Seeks Radios For Veterans

The American Legion Auxillary is conducting a drive to obtain table model radios for use at Veterans' Hospitals at Chillicothe and Dayton.

It is said that the men confined to their beds are badly in need of radios as a source of entertainment.

The Auxillary urges that extra or unused sets be given for use by those in the hospitals. A call to D. C. Finnegan at RA. 1718 or Mrs. Guy Huston at MA. 2487 and someone will call at your home.

West Boosters May Provide Score Board

A road turnout was on hand last Thursday night when the West High Boosters Club observed "family night" at the school and outlined some of the plans and objectives of the organization.

It is quite likely that the Boosters will undertake the project of supplying an electric score board for Magly Field to be used in conjunction with field lights expected to be installed by the school in time for this fall's football season.

Homer Edington, recently appointed athletic director for Chillicothe, presented pictures of an Ohio State game. Each of the coaches of West Junior and Senior High School was introduced to the audience. Leo Phillips was master of ceremonies for the evening.

Camp Chase Post No. 98, The American Legion, will send three boys to the American Legion "Buckeye Boys' State" this year, which will be held at Miami University, between June 13 and June 25, inclusive.

The Hilltop Business Men's Association, The Hilltop Kiwanis Club and Camp Chase Post will each sponsor one boy.

Boys selected must be eleventh grade pupils, recommended by their principal or faculty advisor, certifying they possess qualities of scholarship, leadership, sportsmanship and courage. The purpose is to select boys who are potential future leaders of the city, state and nation.

They must have a fair average grade in school work and must have demonstrated during high school a preference for civic, public speaking or debate. They should be qualified as a leader and organizer of school groups and must possess self reliance, personality and ability to compete with others of like standing.

These boys will be selected early in May from a group of recommended boys from West High and Holy Family High Schools, by a special committee composed of members of the organization sponsoring them.

C. W. (Chet) Wagner, 687 Wilshire-av., is chairman of the "Buckeye Boys' State" committee of Camp Chase Post No. 98.

Petitions

(Continued from page 1)
Votie stated that contacts for the extension of this service would be signed by many persons this week as soon as solicitors could contact residents and collect the \$10 deposit required. A preliminary canvass of the area indicated that gas just wanted by practically every resident contacted.

Main To Go South

The proposed gas main extension would provide service for gas cooking on Brownwood south of 1153 and extending a short distance west and east. It would also include a connection in that area with the Hilltop Green leaf, Little Hill, Hilltop and Hilltop. Approximately 100 homes are expected to take advantage of this extension.

About \$2000 would be the cost to the city with the Gas Company to be paid with the Gas Company.

Mr. Wolfe explained that the main is installed the fastest will be returned if the residents tap into the line within 60 days.

Ray Jewett, president of the civic group, stated that bus service on a trial basis would be put in operation on Brown and Frank Roads as soon as permission could be obtained to inaugurate the service. The proposed bus would go south on Brown to Edgewood and in to the bus depot in Columbus. Indications were that some time would elapse before the bus service could be undertaken.

Following the April meeting of the group refreshments will be served.

Paul H. Miller, 241 S. Hilltop-av., and Edward Chubb, 13 Florence-av., investigated the Gas Survey, 47 N. Harris-av., and Mr. Corcoran, home building committee.

Dear Mrs. Hilltopper:

You know we always say "Thank you" when you make a purchase in our store. Well, just in case you may think this only a habit and not a sincere expression of appreciation, we are taking this means of telling you your patronage is valued by us.

In spite of restrictions and occasional shortages we think you deserve all the attention we are capable of giving you. That has been our policy and will continue to be.

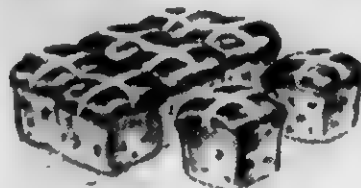

When we next say "Thank you" to you, remember it's not a "matter of form." We say it because we mean it — sincerely.

Yours very truly,

TODAY'S EVENTS
Ah-h-h-h! Spring is coming to West High School. Some sure signs are:

Girls coming to school without their bandages; the sleepy-eyed boys in study hall (spring fever, of course); and perhaps the biggest sign of spring is "ya olde greenhouse" getting a coat of paint, around the windows and the door. Thanks to you, HAROLD CLINE, it looks swell.

The new style seems to be cold hands and red noses. Perhaps spring isn't here yet.

Spring of no spring, there are a few boys who don't have "spring fever," namely DAVE JONES, DON DORAN, WILLIS LOSEY and, of course, DICK CAVE. They work in study. Surprised, isn't it?

Seen flying around the halls are those two hard-working business assistants, BOB MINES, TERRY and BOB BROWN.

When asked how he was getting along with his girl, BOB VINCENT said, "We get along fine, but when she throws an axe at me, I thought I'd split." Know just how you feel, BOB.

Looking into my crystal ball, I see:

March 19—Girls Basketball Tournament, in West High's Gym. Admission is twenty-five cents.

March 21—An assembly sponsored by the Latin Club, will be held in the auditorium. The tenth grade will present a skit. The eleventh grade will present a play written by Annabelle Crawford and assisted by Ruth Linbaugh. The "Virgil" class will present a skit written by Dick Slager, on "Superstition."

Events to plan for:

March 29—The Triangle Club Dance.

April 11—Occident Skating.

4 Inductions Are Reported
Four inductions are reported this week from local Selective Service boards. David E. Scoles, 33 N. Wheatland-av., was taken by the Army. Several other men have enlisted from the area covered by Board 12.

Board 13 reported the induction of three men during the past two months. They are William W. Kight, 3144 Wicklow-rd., Richard Coons, 308 S. Harris-av., and Robert Maxwell, 125 S. Warren-av.

Board 13 also reported that the following men had enlisted during recent months:

The regular Army got Robert Lee Steele, 54 S. Harris-av.; Robert J. Dietrich, 290 S. Hague-av.; Charles Raymond Stiles, 106 S. Harris-av.; Richard Noland Crago, 508 S. Warren-av., and Robert Arthur Topper, 587 S. Burgess-av.

Howard Raymond Moore, Miami, Fla., enlisted in the Air Force.

Lawrence J. Peters, 805 S. Hague-av., enlisted in the Marines and S/5 Frank James Leverette, 204 S. Ogden-av., re-enlisted in the Army.

38 Pupils Hold Perfect Record In Attendance
The following pupils have had perfect attendance records since they entered West Junior. Tardiness is not considered in these standings. The boys seem to be healthier than the girls because they beat the girls by having four more perfect attendance records to their credit than the girls.

Carol Suttle of 304 has the best attendance record for four semesters. The following people have not been absent for three semesters: Frank Carson, 108; Malcolm Ator, 113; Carl Calliguri, 126; Eldora Frownfelter, 150A; Marilyn Edris, 150B; Lois Painter, 150B; Barbara Stewart, 150B; Thomas Beckus, 231; Don Casteel, 231.

Those having perfect attendance record for two semesters (one year) are as follows: Robert Killian, 128; Donald Trimmer, 125; Elaine Taylor, 137; Shirley Hain, 150A; Lester Tarbett, 237.

One semester seems to be the easiest to achieve. Thirteen pupils reached this goal. They are Bobby Workman, 108; Leslie Chestnut, 138A; Russell Friend, 138A; Fred Schlecht, 138A; Richard Wray, 138A; Gemma Emrich, 138D; Donna Gruesser, 138D; Marlene Spence, 138D; Doris Thomas, 139D; William Clarkin, 218; John Hurt, 218; Wilma Fowlers, 227; Gilbert Wallace, 245.

Richard Wray, 2A registering in 138A has only attended West Junior one semester, but he reports that he has never been absent from school in his seven years. He was tardy once in the fifth grade.

Sullivan W.C.T.U. To Meet
The Sullivan W. C. T. U. will meet Friday evening at the home of Mrs. Edna Van Aulen, 180 W. Lane-av. It will be Mrs. Ada Hyder's last meeting with the chapter.

Party.
That's all for now.

Music In Our Schools

It is encouraging to see a renewed emphasis on music in the curriculum of West High School this year. Surely the community as a whole will be made better by the contact hundreds of boys and girls will have made by the various courses of music instruction. Of the many impressions that high school graduates carry with them out into life, some knowledge of music, at least an appreciation of it, ought to be among the dominant influences.

At present two teachers devote full time to instruction in the various phases of music. This includes vocal classes for beginners and advanced, boys' glee club, girls' glee club, music appreciation, voice, theory, harmony, vocal ensemble, regular band, reserve band, beginners' band, regular orchestra, junior high orchestra, beginners' orchestra and beginners' instrumental groups. In addition to these courses all seniors are required to take at least one course in music.

Hilltop and West Side families annually spend thousands of dollars in private music instruction for their children. This enlarged program of public school music should help to increase this investment on the part of parents.

The community has always been blessed with an abundance of good musical talent. Choral work has perhaps been the most prominent phase of musical expression. However, many good soloists and instrumentalists have grown up in the community to contribute their part to the enjoyment of all.

In the face of this it seems paradoxical that the Hilltop should have lagged far behind other sections of the city in doing its part in helping to permanently finance the Columbus Philharmonic on a full time basis. But according to those who accepted the contributions, this is a fact. Various excuses might be offered as to why this happened but the fact remains that the Hilltop fell down in this worthwhile enterprise. Contributions from some so called less fortunate areas of the city far exceeded our own.

Perhaps many of us need the equivalent of a course in music appreciation to give us a proper evaluation of the place of music in our lives, and the life of the community. In this day of ever changing standards of value we need more than ever to re-evaluate the finer elements that go to make up our community. The Hilltop has often been referred to as a music loving people. Let's not live beneath our reputation.

Today's Viewpoint

Each week The Hilltop Record interviews several local persons to get their reaction on some current problem of national or local interest. Views of all readers are welcomed and will be published in the form of letters to the editor as far as space permits. Letters should be brief and to the point. The writer's name will be withheld when requested but all letters should be signed.—The Editor.

TODAY'S QUESTION
Would you favor permitting parking on one side of the street in the first block to the alley on streets intersecting W. Broad-st and Sullivan-st? (At present parking is restricted on both sides to the first alley.)

Art Eisman, grocer at 2536 Sullivan-st.—"I would favor allowing parking on one side only. As it is it makes it bad for a place of business when customers have to go so far to park. I think one side should be kept clear for safety reasons but they don't need to restrict both sides."

Noble Allen, mortician, 2456 W. Broad-st.—"I most certainly would. Parking on one side should allow ample room for any kind of apparatus that might be needed. I thought it should have been only one side when it was started."

Herbert G. Maier, 723 S. Terrace-av.—"I think it should be restricted on one side of the street. This keeps the corners clear so that drivers can see children at the intersections."

Marvin Martin, confectioner at Sullivan and Ogden.—"If it takes money to fight the parking ban I have up to \$100 to put into it. The state law says that parking is allowable within 30 feet of the corner. It would be all right to restrict one side but the other side should be opened up for parking. A business on a corner pays more for his location than in the middle of the block. If customers can't get near the store his property is worth no more than other locations."

C. H. Campbell, pharmacist at 2766 W. Broad-st.—"I see no reason why one side parking wouldn't help eliminate the parking problem. A limit of 30 feet from the corner could be marked off to allow fire trucks to make their turn."

Mrs. William Karna, housewife at 75 S. Warren-av.—"One side ought to be left open. As it is now people are always parking in front of our place so that we can never park our car out front."

Chester Herbert, grocer, at 2575 W. Broad-st.—"I sure would like to see it changed to permit parking on one side. Safety may require one side to be restricted but surely it doesn't need both sides. Customers coming to our store may have to walk a block or more to find a place to park."

Jack Merriman, barber, 2404 W. Broad-st.—"I believe I would be in favor of parking on one side if it permits fire trucks to get through. It would help parking conditions. However, if the fire department still insists that both sides are needed to get fire equipment through, it should remain as it is."

FOG'S GOLD
Men have lived and men have died
Where the peaks are glorified.
Never knowing that they tread
On the Golden Hills of God;

Never knowing stone and tree
Symbolize Divinity.
Eyes with money-narrowed lids
Never see the pyramids.

Sun-glint on a canyon wall,
Aspen-glow and waterfall
Are but trifles to a man
Chasing colors in a pan.

All of life and all of hope—
Sand beneath a microscope.

"The Yellow Witch."

PEACE
I could not ask a better world
More innocent of follies
Than cool green lawns and
friendly homes
And men with pipes and collies
And little girls who sit on steps
A-talking to their dollies.

George Greenway, in Ted
Malone's "Scrapbook."

West High Roundup

By Betty Galt

Well, kids, there's a big ques-
tion as to whether Spring is quiet-
er here or not. Couldn't prove
it by the weather.

The dramatics class has finally
botted down to one play for their
senior class play, and from what
they tell me every one will like it.
The name of it is "Our Town."

Question of the week: Who
were the two mellow boys seen
at the Delaware game Saturday
night with Barbara Lammack and
Ricky Smith?

Also seen were Joy Bliss, Shir-
ley Klezmar and Pat Goodall.
Now why couldn't Beverly
Thurston play basketball last Fri-
day after school?

Jink Witherspoon had some
real fine glamour pictures taken
at Parkers. Anyone who has seen
them will know what I mean.

Along with the Variety Show
will be some new songs and some
new faces. Nancy Waters will
play the accordion and from what
I hear it will be quite a treat.

Also Kenny Kronk will be back
with that wonderful voice of his
to warble a few lovely songs to
all his young admirers. The pro-
gram which has been arranged
by Charles Bennett is full of color
and life. This is one show you
don't want to miss.

The fad at West now seems to
be short sleeved sweaters, so get
out those long sleeved ones and
cut them off.

Red Moore and Don Volk are
both working like mad on posters
for the P. T. A. "Ensemble Con-
cert."

Jack Edsel should learn to
keep his mouth shut. He talked
himself out of an "A" in art, the
other day. Well, maybe he didn't
deserve it.

The G. A. A. will have a class
tournament the 27th of this
month. More will be said about
it later.

The kids are willing to put up
bells, if the bus driver of the trip-
per ever gets caught taking them
to the door of the school.
Be seeing you all around.

Our Readers Say

Dear Mr. Hartley:
I know a good buy when I see
it. I want the Hilltop Record
continued for the next two years,
following the expiration of my
present subscription, at my pre-
sent address, check for which is
enclosed.

Personally, I wouldn't be with-
out your fine newspaper. As you
know, I have dabbled around
with journalism a bit myself, and
have had an opportunity to see a
great variety of community
newspapers. Without a doubt,
yours is the finest it has ever
been my privilege to see. Con-
tinued good luck to you.

Sincerely,
Robert L. Nash

The Practical Meaning Of Christian Experience

By REV. W. HOWARD SCHOOF
Pastor of Hillcrest Baptist Church

Rev. Schoof

A colored preacher I once heard had the proper perspective between Christian belief and behavior when he said: "There are two parts to the gospel, the believing and the behaving." For the Christian life is the product of the Christian faith. Real belief issues in a corresponding behavior. If one believes in the law of gravitation, he does not walk over a precipice. He knows that if he does he will suffer according to his folly. If his belief is not genuine, if there is a mixture of doubt in it, he will experiment take a chance, being then willing to suffer the consequences for the sake of establishing his belief. But after his belief is established and doubt is eliminated, he knows that there is no chance for him not to suffer if he acts contrary to his belief.

There is a tendency in these days of skepticism to place a question mark over truth. Some say that the only thing that you can know for sure is that you don't know anything! And furthermore, that you can't know anything. Consequently indoctrination is frowned upon. The sad part about it is that if the Christian Church does not indoctrinate people in the truth of God's Word, which as the Psalmist said, kept him from sin (Ps. 119:11), someone will indoctrinate them into some false system of supposed truth. We can look to Nazi Germany during the past thirteen years as a good example. The Christian's experience must be based upon belief in God, in God's revelation of Himself in His Word and in His Son, in the vicarious atonement of Christ, and the other foundation stones of the Christian faith.

But that is just the beginning. Faith in God and in His Word is the root which must yield fruit

of like kind. Jesus told his disciples not to judge one another lest they also be judged, and in the same sermon—the sermon on the Mount—he said, "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits." (Mt. 7:15,16.) James the apostle took up the same refrain, issuing this challenge, "Show me thy faith without thy works, and I will show thee my faith by my works. Thou believest that there is one God; thou doest well; the devils also believe, and tremble. But wilt thou know, O vain man, that faith without works is dead? For as the body without the spirit is dead, so faith without works is dead also." (James 2:18-26.) A paradox exists in the Christian Church today: some believe without working; others work without believing. The true Christian believes as though all depended upon God and works as though all depended upon him. Faith and works must be married!

The colored preacher was right—there are two parts to the gospel, the believing and the behaving. Either of which may be questioned if the other is not evident. If one truly believes, his conduct will correspond. If one's conduct is good it is the issue of a corresponding truth, which he believes. "Keep thy heart with all diligence; for out of it are the issues of life. A man's heart directeth his way." "Oh that my tongue might as possess

The accent of His tenderness, That every word I breathe should bless!

For those who mourn, a word of cheer; A word of hope for those who fear;

And love to all men and near. Oh, that it might be said of me, "Surely thy speech betrayeth thee, As friend of Christ of Galilee."

Dr. Dickie of Scotland sums up the matter in his book "The Culture of the Spiritual Life" when he says, "God in man in Christ Jesus is prophetic of God in us by faith in Christ Jesus."

Luncheon Planned For Bible School Workers, Guests

A luncheon meeting is to be held at the Southern Hotel Friday at 12 o'clock for persons interested in the work of the Family Ahar League Preparatory Bible School. This work, under the direction of Bishop Herman Hartwell, 222 S. Princeton-av., is conducted at 1243 Sullivant-av.

Children are given some instruction in music and of particular interest to boys 14 and up are the classes in radio now being given. Classes are held on Friday nights. Singing classes are held on Saturday afternoon. A program of sports for children of all ages is being planned for the coming spring and summer months.

All pupils get instruction along the lines of Bible study and religious training. Bishop Hartwell explained. Approximately 58 children have been attending the classes in addition to the work that is given for adults.

Child's Diseases Not Unavoidable

Children need not have diphtheria or smallpox! Immunizations and tests can protect them. According to an article in Successful Farming magazine by Dr. J. M. Hayek, the best time to begin treatment is before our babies' first birthdays and not later than a year before they start to school. Don't ever let yourself believe that "children have to get childhood diseases anyhow so they might as well have them early and get them over with."

The older a child is, the better he withstands diseases, but he does not "have to get" some of them, such as smallpox and diphtheria, at any time. He can, and should, be protected by immunization. It is one of the best ways to insure your child's growing up.

A Mighty Fortress IS OUR GOD

At all times and in all ages the Church has been a strong and mighty battle station against sin and moral decay.

Through its arches and apses and naves has constantly rung the battle cry of soldiers of the cross.

On its altar has always been found the greatest arsenal of sacred ammunition ever entrusted to any race or to any people—the Holy Bible.

The banner of righteousness has flown steadily from the fixed redoubts of quaint and quiet community churches and impressive city edifices alike.

The torch of truth and salvation has been carried with flaming zeal to dismal outposts in distant and strange lands by self-effacing vanguards.

The Church's stirring hymns, its reverent litany, its jeweled creed, its holy festivals—all have been powerful weapons in the hands of purposeful men determined to see that right makes might.

From its pulpit parapets have resounded continual and courageous challenges to the forces of evil. Truly, the Church today is a mighty fortress in the defense of decency.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Please go to Church on Sunday.

WOSU To Launch New Educational Broadcast

Something unique in educational broadcasting is being planned by the Ohio State University Radio Station, WOSU. A full hour of educational features is being arranged for early evening listening during the spring quarter, March 28 to May 31.

The main purpose of this radio course is to serve the tens of thousands of adults throughout Ohio who desire to continue to learn and to understand what is happening in a world at peace. Its aim, particularly is to serve those people who cannot continue to learn by attending a college or university. In other words, this is an attempt to bring the educational services of Ohio State University into the home at a time when most members of the family are at home, 6:30 p. m. to 7:30 p. m. It will be heard Monday through Friday at that hour.

Here is a brief description of the course:

Schedule of Broadcasts
The Monday evening period will be devoted to music and literature. It will include a forecast and analysis of important musical events, a discussion and interpretation of literature and a brief survey of piano music.

On Tuesday evening the subject will be "Personal and Vocational Problems." This period will include talks on physical and mental health, a discussion of vocational problems and one period devoted to philosophy of modern living.

Wednesday evening will be devoted to international understanding. This should prove to be one of the most interesting evenings of the entire week, because

it will feature interviews with professors who have been abroad during recent years, and foreign students in talks about their native lands. Talks on historical background and geography will also be included.

Thursday evening will feature current affairs and science programs. One highlight will be a question box about current economic problems conducted by members of the Department of Economics. The Department of Horticulture will sponsor a program dealing with problems of gardening and landscaping.

Friday is a peacetime planning night and will include talks on planning the postwar home and will also deal with planning on the community, state and international level.

Well Balanced Program
An attempt has been made to arrange a well balanced program and to give those who listen, a broad educational course. However, for those who cannot listen regularly, it will be possible to tune in any single program and understand it without difficulty.

Plans are now under way to award a certificate to those who listen regularly to a stated minimum number of programs and submit evidence of such listening.

A bulletin of complete information is now being prepared and will be mailed some time in March. If you wish to receive a copy, write to WOSU, Columbus 10, Ohio, and ask for "Twilight Radio College Bulletin."

Dance Caller

Mr. Bukey

Recently returned from the armed services, Larry Bukey is again calling the square dances out at Jefferson Gardens. He is heard every Wednesday night assisted by Al Longstreth and his 15-piece band.

Larry is a state square dance calling contest winner.

Canning Sugar Spare Stamp 9 Now Is Valid

Hilltop and West Side housewives are again able to get five pounds of sugar for canning by presenting spare stamp 9. It was made valid on March 11 in order to give canners in the south a chance to can strawberries and other early fruits.

No. 9 will be good through Oct. 31 and owners are requested to hang on to it until fruits are ripe in this area. OPA officials point out that sugar won't be plentiful at any time this year. In fact supplies are almost as tight as they were last year.

It is not contemplated that any application will be needed or required for canning sugar and local price control boards are not authorized to accept any applications. Issuance of sugar for canning at the present time is by validation of stamp 9 only.

Incorporation Of Village Camp Chase Planned

Council Outlines Program

The Hilltop Community Council held one of its most spirited meetings in months last Thursday evening at the Glenwood Methodist Church, with several new Hilltop organizations represented.

A young people's group, under the leadership of Gene Garrison, 92 N. Ogden-av., is being formed, with the holding of weekly socials for teen-agers as their objective. It will be an organized club, with small monthly dues to cover the expense of the socials.

F. Kenneth Dickerson presented the completed plans for the ice and roller skating rink to be constructed at Westgate Park. The plans were unanimously adopted, as was the suggested plan for raising additional funds.

Stanley Truman, 248 N. Burgess-av., presented his plan to establish an athletic club for young men and youngsters of the Hilltop, the drawback being a suitable place to establish headquarters. A special committee is being appointed to assist Mr. Truman.

West Side Poet, Philosopher Is Prolific Writer

Wears Out Two Typewriters Learning To Write Poetry

C. S. Parks, West Side service station operator and poet, wore out two typewriters "learning to write poetry." He is now on his third machine and still going strong, having composed more than 1500 poems which he describes as "good, bad and indifferent."

"When I started in the gas station six years ago, I started to make up poems in my idle time and believe me I had plenty of that," Mr. Parks explained in relating how he came to be the West Side's most prolific verse writer.

His Cities Service Station is located at Dana and Broad-st. Up to now he has published six books of his writings most of which are sold to the people who buy their gasoline from him. As a matter of fact some of his customers regularly get copies of each of his poems as written.

For several years he has used his poems as his advertising medium. Several hundred of them have appeared in the Hilltop Record over his signature. The Pure Oil Company's house organ at one time devoted space to a "write up" about the service station philosopher who at that time sold

Mr. Parks and Third Typewriter

their products at Wisconsin and Broad-st.

Varied Subjects

The subject matter of his verse is usually the most talked about issue of the day. It ranges from the shortage of butter to the dangers of dictators and kings.

Herewith is a typical example of his views in connection with the proposed four billion dollar loan to Great Britain.

"FOUR BILLIONS"

If we lend that mighty amount
We're saying goodbye to Jack,
Even if we make a big discount
Nothing will come back.
We will never ever get anything
Either in money or trade,
We've heard before how they
sing
Before an agreement is made.
Soon as Russia gets in condition
Once again on her feet,
We will encounter competition
That we cannot meet.
Is old Uncle Sam gullible enough
To put dependence upon her?
He surely knows it is all a bluff
When England talks about
honor.

Vote Will Be Taken; 80% Seem To Favor The Move

Willis Heads Committee

Sam J. Willis

Backing the candidacy of Henry P. Fagan for eleventh ward Democratic committeeman is the newly organized committee headed by Sam J. Willis, for 20 years Democratic committeeman in the eleventh ward.

The Village of Camp Chase may soon become a reality immediately west of the city. Petitions are being circulated requesting that the matter of incorporation be placed before the voters in a special election to be held possibly in conjunction with the May 7 primary.

Legal aspects of incorporation were explained to residents of the area in a meeting held at the Franklin Heights School last Thursday night by Robert H. Draper, attorney, 74 N. Boys-av. Approximately 40 persons attended. The name of Camp Chase was agreed upon at that time in the event the village is formed.

Reports received from workers early this week indicated that approximately 80 percent of the residents contacted were signing the petitions, thus approving the proposed incorporation. It is estimated that at least 600 persons live in the area to be included in Camp Chase. The names of 39 freeholders are all that are required to bring the issue to a vote.

Once the petitions have been circulated they will be presented to the Franklin Township trustees. The trustees will then ask the Board of Elections to submit the issue to the voters in an election. If time permits the matter may be voted on at the time of the May 7 primary election. A simple majority of the votes cast in that area are all that are needed to approve incorporation.

Named After Prisoner Camp

The name Camp Chase comes from the old prisoner of war camp by that name which was in operation during the time of the Civil War. At one time 3400 Confederate prisoners of war were kept on the grounds occupied by Broadview and Westgate additions.

Dennis B. McDaniel, 418 Derr-rd., and Harry Shontag, 477 Josephine-av., were named last Thursday night to act as

Postal Rates Should Not Be Increased

Increased postal rates ranging from 20% to 50% are being considered by the Post Office and Committees of the U. S. Congress. This will impede sales and advertising promotion effort and prove an obstacle to distribution of products and employment. To raise postal rates at this time would be both untimely and inadvisable.

The Postal Service, under the policy initiated by former Postmaster General Farley, of rendering more and more service at lower and lower cost and stimulating volume and revenues through low rates, has earned substantial annual surpluses. The surplus in 1944 amounted to 36 million dollars and for 1945 is estimated at 180 million dollars. When the Postal Service as a whole is earning surpluses there is no need for increasing rates.

The traditional policy established by Congress has been to operate the Service for the benefit of the public and not to use the Service as a substitute for TAXES or for revenue raising purposes.

Postal rates should not be increased!

Flowers This Week

To Ted Webb, the retiring chairman of the West Side Ration Board—a thankless job if there ever was one (I know). But we all admit that rationing in the war days was a necessity and that Ted did a good job.

An elevator operator in a downtown building, off for the day, was replaced by a cute little girl, who on her first trip brought the elevator to an abrupt stop.

"Did I stop too quickly?" she asked the passengers.

"No indeed," cooly replied a little old lady in one corner of the car, "I always wear my bloomers around my ankles."

Signs Of The Times

On a slogan placard of a U. S. government agency: "As a last resort, apply common sense."

West Classmates Get OSU Degrees On Same Day

Two Hilltop students received diplomas from professional schools at Ohio State University on March 15.

Robert Parkins, 2741 Ridge-av., received his DDS degree from the College of Dentistry. He is a graduate of West High School, class of '39. He has been accepted for internship in dental surgery by the Walker B. Green Hospital at San Antonio. He will report on April 1.

A fellow classmate in the class of '39, Miss Catherine Dawson, graduated from the College of Medicine at Ohio State University the same day.

Plastics Firm Will Occupy Voss Building

John E. Haines and Associates, a firm engaged in the manufacture of plastic articles, will occupy the Voss Building, 2506 W. Broad-st., by April 1. A five-year lease has been negotiated with the owner, and the company last week after the Board of Zoning Adjustment ruled that the property could be used for that purpose.

The Haines organization has been located at 3527 N. High-st. It specializes in plastic articles manufactured by the extrusion process. Prominent in the list of items made are pocket book trimmings, jewelry, shoe buckles, axials cable such as that used in airplanes, continuous strip materials for bathrooms and other items. Approximately 30 persons will be employed as soon as the equipment is moved to the Hilltop location.

It was understood this week that the Ben Manufacturing Co., occupants of the building since the beginning of the war, was being dissolved as a company. Harold K. Biglow, president of the company, has been in the Hilltop building since the manufacturing firm moved to a new location at 168 Hossack-st.

The action of the zoning board was necessary because that section of Broad-st. is zoned for retail business only. Members of the Civic Committee of the Hilltop Business Men's Association recently visited the Haines plant on N. High-st. and reported that no objectionable odors or noisy machinery was connected with the manufacturing process used by the firm.

Triangle Dance Set For Mar. 29

The 15th annual Triangle Club dance is to be held at West High School on Friday, March 29, from 8:30 to 11:30 p. m. Music will be supplied by Harold DeWolf's Music Makers.

A complete program has been arranged featuring a "man hunt" and the naming of a queen from a field of 13 candidates. A \$5 prize will go to the girl who is able to identify the boy who is marked with the Triangle insignia.

A queen will be selected from the following list of candidates: Ruby Albertini, Kitty Lou Cline, Betty Dickendasher, Claribel Edwards, Ginger Fox, Jackie Gross, Mary Lou Heaney, Donna Hergesell, Pat Perry, Charlene Ralston, Jeri Sherwood, Betty Southard and Beverly Threll.

Ralph Burke Hurt

Ralph Burke, 11, son of Mr. and Mrs. Homer J. Burke, 163 Whitethorne-av., received bruises Tuesday afternoon when he was struck by a car on Broad-st. just west of Hague-av. He was taken to Mt. Carmel Hospital for examination and treatment and then returned to his home.

Ralph, a Dispatch carrier, was crossing Broad-st. when the accident occurred.

West Side Folks In Today's Record

Introducing West Side Folks: On Page 3B of today's Hilltop Record we present an original cartoon feature about West Side business men. Others will follow in future issues.

This four-panel strip is drawn by Joe Lezenberg, a Hilltopper, who is the cartoonist for the American Legion News.

There's always a laugh to be had from the regular features on the comic page. Each week you will find "Life's Like That" by Fred Weber and "Reg'lar Fellers" and "Zoolie," by Gene Byrnes.

West Students To Conduct Paper Drive

The students of West High School will conduct a paper drive throughout the Hilltop area on April 3. Paper of all kinds will be accepted at the curb or on the porch of any home.

Trucks will be used to canvass every street on the Hilltop during that day. Students and other volunteer workers will attempt to visit every section of the community.

Proceeds from the sale of the paper will be used to continue the beautification program of school grounds. Many trees and flowers have been planted during the past few months. Others will be added as funds for that purpose become available.

Harold Walter Is 10th Ward Dem Club President

Harold Walter has been elected as president of the 10th Ward Democratic Club. Installation of Mr. Walter and other newly-elected officers took place at a meeting of the group on March 13.

Others taking office at that time were: Celia Marsch, first vice president; Lulu Renner, second vice president; Nettie Farrell, secretary; Matilda Hays, treasurer; and Martin Whelan, sergeant-at-arms.

Plans were made for a bingo game and a typical 10th ward victory party later with a fine lunch, plenty of coffee and an orchestra for dancing.

Oscar F. Dilline was given the full endorsement of the club for committeeman of the 10th Ward.

Hilltop Male Chorus To Sing At Hoge

The Hilltop Male Chorus will sing at the Lenten service in the Hoge Memorial Presbyterian Church Sunday evening at 8:00. Under the direction of W. Haydn Jones, the chorus sings at various community functions during the year.

The chorus will present "Laudamus" by Prothero and "Steel Away" by Burleigh. Dr. Donald Timmerman, executive secretary of the Franklin County Council of Churches, will deliver the Lenten sermon. The public is invited.

Camp Chase To Have Ball Team

Dave Deshier, of the Class of 1931 of West High School, will head the new soft ball team organized at Camp Chase Post No. 98, American Legion. This team will be sponsored by the post and will be chosen from among the members. Mr. Deshier is a veteran of World War II and has been active in athletics.

Ray F. McVay has been appointed chairman of the annual birthday party committee. This committee comprises all of the past commanders of the post. Plans for the party will be announced soon.

Larry G. Seales is post commander. The next regular meeting of the post will be held Friday, April 5, at 8:15 p. m. at post headquarters, corner W. Broad-st. and Burgess-av.

What About The Park?

What appears to be a game of "buck passing" between two city departments has the proposed Hilltop park, south of Sullivan-av. between Woodbury and Columbian stymied for the present time it appeared this week after a check of all available sources of information was made Tuesday.

On Feb. 18 a delegation of Hilltop boys, girls and adult residents went before City Council to ask that the waste land be purchased and converted into a city park. The property is to be sold for taxes on March 30.

The matter was referred to the Recreation Commission for a recommendation. Nick Barack, head of the recreation department then asked the city engineer's office for information relative to the feasibility of filling in the waste land, what the project would cost, and how much the city would be justified in paying for the land. (The land is assessed at \$9000 by the county. It would have to sell for not less than \$6000.)

Maetzel Replies

City Engineer Paul Maetzel replied to Mr. Barack's request stating that the land could be filled but would not bear the weight of a heavy building. He pointed out that some difficulty had been encountered in erection of sidewalks and sewers because of the marshy nature of the ground. He estimated that 1,000 cubic yards of earth would be required to fill in the area to a suitable grade. If the dirt had to be contracted for on today's market it would run 50c per cubic yard or a total of \$5500.

If the dirt could be gotten from residential excavations over a period of time this cost could be reduced to approximately the cost of grading the ground. Mr. Maetzel further pointed out that the property was assessed at \$9000 and that it would have to sell for \$6000. As to the value of the land at today's market he would not attempt to give an opinion.

Mr. Barack is not satisfied with this information and insists that his commission does not have ample information on which to arrive at a decision on the matter. Mr. Maetzel is out of town and according to his office will not be back in town for two weeks.

Maybe the delay is justified in the eyes of those who are spending the money voted by the taxpayers for the purpose of park expansion. However, from here it would look as though excuses are being offered to keep from spending the money in this section of the city. We believe the project has not been sufficiently explored to the point of condemning it.

Backlog Of The City

Secretary of the group is Robert M. Draper, attorney, and Earl Williams is treasurer.

Other members serving in an advisory capacity include: Richard Deshier, 207 Algonquin-av.; Charles Kent, 323 S. Terrace-av.; Harvey Carter, 121 N. Oakley-av.; William Palmer, 161 S. Brinker-av.; George Gaffney, 626 Chester-shire-rd.; Robert Reardon, 119 N. Oakley-av.; Lena Ferrell, 22 N. Burgess-av.; Josephine Mooney Parr, 64 N. Harris-av.; R. R. Sidwell, 108 N. Haldy-av.; Elmer Judy, 151 S. Burgess-av.; W. H. Williams, 185 N. Burgess-av., and Ralph Schmeltzer.

Willis made this statement this week: "For years Democrats of the Hilltop have marched along with one objective, that of a better party and a better community. I feel the Democrats of the eleventh ward can again have this harmonious organization that will be of service to our community and party if we get behind the leadership of Mr. Fagan. We are not fighting any group or individual. We are merely trying to best serve our party and our community. We must go forward."

Carter Named Board Head

Russell Carter, 128 N. Huron-av., has been selected to serve as chairman of Rating Board No. 10 taking the place of Theodore F. Webb, 28 N. Oakley-av., who resigned on March 13.

Charles Reichelderfer, 564 S. Eureka-av., chief clerk of the board, will resign his post effective April 1 to return to his insurance business, he announced.

In still another change in personnel Charles Maus, 70 N. Westgate-av., was named price panel chairman of the board.

Webb has served as chairman since the summer of 1943. Carter has filled the post of price panel chairman previous to becoming chairman of the board.

Reichelderfer has been with the board since March of 1945. He will resume his general insurance business working from his home on South Eureka-av.

152 Teams Enter Women's Tourney

A total of 152 teams will compete in the 34th annual City Women's Bowling tournament at the Hilltop Recreation alleys starting on March 30. Rolling days are March 30, 31 and April 4, 5, 6, and week-ends thereafter until the pin event is completed.

Included in the 152 teams are 119 regular quintets and 33 booster teams. Mrs. Bee Smith is secretary of the Columbus Women's Bowling Association.

BIBLE CLASS TO MEET

The Bethany Bible Class will meet Thursday, March 28, 1:30 o'clock at the home of Ethel T. Worthen, 2567 W. Broad-st.

Sound Movie To Be Viewed By Kiwanians

The sound movie, "Building Columbus," will be shown at the March 28 meeting of the Hilltop Kiwanis Club. This picture was prepared a few months ago and has been presented before several civic organizations throughout the city.

Two members of the Independent Players, Mrs. A. E. Kernan and Robert Cookwell, will present some vocal selections.

Prof. V. R. Wertz of the rural economics department of the Ohio State College of Agriculture will be the speaker at today's meeting of the Kiwanis Club.

Francis J. Murray Is Traffic Victim

Francis J. Murray, 53, of 333 Hawkes-av., became the city's 14th traffic fatality for the year when he died in Mt. Carmel Hospital Saturday night. He was injured 24 hours earlier when he was struck by a car at Town-st. and Avondale-av.

According to police the driver of the car was Jack H. Beard, 568 S. Central-av. He is survived by his wife, Jessie Murray.

Funeral services were conducted at Holy Family Church Wednesday morning with burial in St. Joseph's Cemetery by Noble Allen.

"Just Like That" Record Sells Items

"It sold just like that."

That's the way Mrs. Sam Alford, 338 N. Terrace-av., described the action she got from a three-line want ad in last week's Hilltop Record.

Mrs. Alford sold the baby bed she advertised early on Thursday and by evening had received no less than five more calls for it.

Record want ads are the answer to what you have to buy, rent or sell. Call RA 1135 before 9 o'clock on Wednesday morning to place your "want" ad.

West Side Poet

(Continued from page 1)

Most of his verses follow a gen-
eral pattern. There is always a
bit of homely philosophy and
usually a good sound moral prin-
ciple at the end.

Open Long Hours

Mr. Parks lives with his wife
at 506 S. Weyland-av and since
she is employed through the day
he spends the major part of his
time at the station. He is always
open from 11 a. m. to 11 p. m.
and as many other hours as may
be necessary to satisfy a custom-
er.

He came to Columbus in 1913
from a farm in Jefferson County.
He spent 15 years with railroad
companies before starting his
service station business. A few
years ago he owned a farm west
of Columbus which he sold to
John Galbreath when he started
his Dairy Dan farm, one of the
show places of central Ohio.

Mr. Park is an active member
of the Apostolic Church on West
Broad-st. A few years ago when
he closed his station in the eve-
nings he set something of a rec-
ord in attending his church's
services five nights per week
for several years. The Parks
have two grown sons, Clyde H.
and Bob Parks, both living in Co-
lumbus.

Pacific Veteran Seeks Information About Father

A veteran with two years experience in the Pacific theater was on the Hilltop this week trying to find some information concerning his father whom he has not seen since he was two years of age. The man is Pfc. Dean Leon Fuller, of Corbin, Kansas, a cousin of Rev. J. L. Dean, 194 N. Roys-av.

Rev. Dean had never met his cousin until this week when he arrived on the Hilltop although he had corresponded with other members of the Fuller family.

According to information last Pfc. Fuller, his father had at one time lived somewhere in Columbus. His name was William Franklin Fuller, a plumber by trade. He served in the first World War with the Canadian Expeditionary Force. He and his wife separated when Pfc. Fuller was two years of age and little of his whereabouts has been known since that time.

Pfc. Fuller will be here a few days and will then visit other relatives in Cleveland. Anyone having any information concerning his father is asked to call him at Rev. Dean's residence, RA. 1286. He has re-enlisted in the service and is spending most of his 90-day furlough running down clues that might lead to the whereabouts of his father.

Million Dollar Exhibit, But Nothing To Sell

That's the Home Builders Show

Editor's Note: The following article was written by Kenneth Dickerson, a local builder with offices at 3127 W. Broad, for the Hilltop Record following his visit to the National Home Builders' Show.

My first impression of the National Home Builders' Show was disappointing a million dollar exhibit, and not five cents worth for sale!

Just like other lines of merchandise, there were promises for the future—but no delivery date mentioned. Don't get the idea you can go out in the morning and start that dream home of yours. It will turn into a nightmare if you do!

Present inventory of lumber in the United States is seven billion board feet. NORMAL STOCK runs around 27 billion feet! It will take 18 months to bring this stock up to NORMAL. But—the demand is ABNORMAL beyond comprehension. So pull up to the fire and work on those sketches another year or two before you build!

Many interesting things were shown, the most impressive to me being a package unit embodying all plumbing, heating, refrigeration, electrical and laundry services in one compact unit. This central core is placed in such a manner that all services of kitchen, bath, etc., stem from it. It means better facilities at less cost.

You will enjoy radiant heat which will be installed for \$800 in a small house at present costs. This is built in floor and ceilings and heats the objects and the individual instead of the air. Remember how warm the sun feels on your face even during the winter? That radiant heating, and "must" for your modern home.

Two-person bathrooms will be standard, and it's about time. No excuse for the kids being late to school in the future. Glass will play a more important part too. Double panes will eliminate any need for storm windows, so you can have an entire wall of glass and be comfortable.

The show was full of new wall boards, electric gadgets that will let you turn off the switch and hop in bed before the light goes out, open the garage door for you as you drive up, grind your garbage in the sink, spank the baby, etc. New door chimes will play tunes to suit your personality, or ring for your customer that you mustn't stay too late.

Aluminum and magnesium are

coming fast. I grabbed a standard size wheelbarrow and lifted it with three fingers as easily as I would a loaf of bread. Lawn mowers and extension ladders are so light you can put them under your arm and run a mile with ease.

These metals will appear in windows, furniture and roof coverings. Imagine your wife lifting the davenport with one hand while she rolls the sweeper with the other!

The house of the future will have a steel framework instead of wood. Built like a skyscraper, it will eliminate sag, rot, termites, cracked plaster, dropped floors, etc. And it is comparable to wood in price.

The show was interesting, but my advice to the home builder is—be patient!

Senior Scout Paradise Is Available For Local Boys

Did you ever have anyone give you a beautiful five-room log cabin, filled with hand-hewn furniture, a gas stove, gas refrigerator, etc., with 40 acres of beautifully wooded hills in which to browse around?

Well, the senior scouts of the West Side did! This was recently decided by a Columbus resident to the organization, and it will be used exclusively for boys in the land, air or sea scout patrols which are made up of boys over 18 years of age.

Last Saturday a group of scouts, representing scout troops as well as the district, spent a weekend at the camp, using the opportunity to get a personal view of the facilities. Everything provided for the boys, sleeping facilities, cooking gear, tools with which to work, and a huge storage pile of seasoned lumber which will be used to build Adirondack shelters for camping.

Scouters Praise Plant
Scouters were loud in their praise of the plant, and gaped back intent on interesting more boys eligible for this playground. They point out it is not necessary that a boy of 18 have any scout background; he is eligible to join either sea scout groups, air scouts or explorer patrols, and use this camp. It will be available exclusively the year-round for their camping needs.

Those in camp included Ted Webb, Hubert Kuntz, Charles Reichelderfer, James McCready, Herman Eisele, John Kirkpatrick, Louis Maish, Robert Miller, Harry Drake, Ken Dickerson, Howard Davis, F. W. Badgley, M. F. Brooks, Melvin Griggs, Leo Van Arsdale and Gil Bolin, scout executive.

Boys interested in contacting a senior leader should call Joe Ages at the Hilltop Record for this information.

THE RISK OF SELF-MEDICATION

★ The weather and human ailments are favorite topics of everyday conversation. The next-door neighbor is apt to recommend her favorite remedy for any set of symptoms. Another friend holds implicit faith in something else. You are caught in a crossfire of claims and counterclaims.

Camp Fire Girls Observe 34th Anniversary This Week

This week we say "Happy Birthday" to Camp Fire Girls all over the nation but especially to those on the Hilltop who are celebrating their 34th anniversary.

Camp Fire Girls started their celebration Sunday by going to church in groups. The first "Law of the Fire" is worship of God. Therefore the girls feel it a good way to start on another year in Camp Fire by fulfilling this first law.

The national birthday project, consisting of family fun, group activities, community and international service, have also been included in the celebration, thus fulfilling their other laws which are "give service, pursue knowledge, seek beauty, be trustworthy, hold onto health, glorify work, and be happy."

The Camp Fire Girls is an agency of the Community Fund, with offices located at 209 S. High-st. They are under the direction of Mrs. Lawrence P. Fick, executive; Miss Alice Morrow, field worker; Miss Katherine Overholt, field worker; Mrs. Mary Demorest, secretary.

The organization has a membership of 292 girls on the Hilltop. This is divided into 13 groups. Many Workers

Much credit can be given to the following people who work with these girls each week. They are called guardians. The various groups, their guardians and their sponsors are as follows:

Wanted! A Modern Pied Piper

The approach of spring brings daily evidence of the damage that is being done in the community by swarms of rats in almost every neighborhood. The rat situation has grown increasingly worse as months of neglected trash pile up in the alleys. Rats are seen in broad daylight playing about in yards and streets where small children are at play. There are large rats—small rats—and medium sized rats.

What's to be done about it? The answer is not readily available. Everyone realizes that the efforts of individuals to kill or drive them away are of little avail when large areas offer natural shelter for them. A call to the City Board of Health brought forth only the advice that good rat poisons are available in hardware and drug stores and that cyanide gas is an effective rat eradicator.

It would not seem that cyanide could be applied effectively outside of buildings and in some of the places where the rats hide. Rat poisons can be used if they are of a recommended type that are not dangerous for children or pets.

The whole problem is one that requires the concerted efforts of all concerned. It calls for a broad program of study and planning to evolve a system that can be put into operation this spring when people are cleaning up their properties.

Let's hear some suggestions.

Great Men Are Human

Someone has defined a friend as a person all of whose faults you know, but whom you like anyway. No one expects perfection in a friend—it's only in people a man become a leader among any peoples anywhere—whom we don't know that we expect perfection. Let his name be splashed across the newspapers—and he makes mistakes, or even says things with which we don't agree, we have a tendency to condemn him completely.

Benjamin Franklin sagely observed of the founding Fathers of this country that "when you assemble a number of men who have the advantage of their joint wisdom you inevitably assemble with these men all their prejudices, their passions and their errors of opinion, their local interests and their selfish views." This has been abundantly clear in the first meetings of the United Nations Organization. Too many Americans have shaken their heads and said, "Why did we ever hope it could work anyway?" As the UNO comes to the United States, and its leaders continue to act like the human beings they are, let us accept them, and take their faults for granted—as we do in our friends. Selfish men in Philadelphia laid the foundations of a new nation. Today's selfish men, in this hour of urgent need, can lay the foundations of a new world.

Our Readers Say

March 11, 1946

Hilltop Record,
On March 8, 1946, I experienced one of the greatest thrills of my life when I received the beautiful flowers with the compliments of the Hilltop Record.
My life work has been with the children of this school. This work has always been most enjoyable and pleasant to me.
I wish to thank the Hilltop Record for recognition of my years of service by sending me the Flowers of the Week.

Very sincerely,
F. L. Kuiser,
Superintendent.

My Dear Mr. Wichterman:
I intended to write ten days ago to tell you how much I had appreciated the opportunity of being able to give my class an outlet for some practical writing. Most of them had quite a thrill at seeing themselves "in print" for the first time.

We are rotating the column among the 9B classes and a second class of mine will prepare it again in five or six weeks.

Your enlarged edition of the Record is an improvement, and we have enjoyed reading it.

Thank you again for your kindness.

Sincerely,
Helen C. Sawyer

Scout Dinner Honors Work Of Stradley

At the annual dinner meeting of the Central Ohio Council, Boy Scouts of America, District Chairman F. K. Dickerson presented B. L. Stradley, with a chestnut gavel as a token from the Southwest District. Herman Eisele made the gavel from a piece of timber secured from the new Senior Scout camp in Hocking County.

Seventeen Southwest District units were awarded President Stradley Streamers for their efforts in recruiting new members in the Scouting movement. They are as follows: Troop 14—Holy Family Catholic Church; Troop 18—Glenwood Methodist Church; Troop 29—West Park Methodist Church; Troop 44—Burnside Heights School Board; Troop 45—West High School; Troop 58—Chadron Community House; Troop 131—Rome P. T. A.; Troop 147—Highland Avenue Friends Church; Troop 162—Oakley Avenue Baptist Church; Troop 179—Lutheran Evangelistic Mission Center; Troop 204—Bellows Ave. Church of the Nazarene; Troop 225—Hill-tonia United Brethren; Cub Pack 21—Dana Ave. P. T. A.; Cub Pack 58—Jackson Township P. T. A.; Cub Pack 83—Glenwood Methodist Church; and Cub Pack 162—Oakley Ave. Baptist.

Eight Southwest District troops with a total of 116 Scouts and Scouters attended Camp Lazarus last week-end.

Troops spending week-ends at Camp Lazarus plan their own menus, do their own cooking, and plan troop activities and advancement programs. Scoutmasters Ken Hennis, Troop 20; H. Ford, Troop 44; Asst. Scoutmaster H. Hart, Troop 79; Committeeman E. Brown, Troop 147; Rev. C. A. Holmquist, Troop 179; Cecil Cope, Troop 181; A. J. Coleman, Troop 188; and M. W. Griggs, Troop 212, met with their field Scout Executive, Gil Bolin, and planned a joint evening campfire, a "short" night hike and Sunday morning devotional service.

Scouters are the men behind the Scout leaders who help make the Scouting program possible and provide the opportunity for camping. Assisting their leaders were A. D. Wilson, Troop 44; L. Peoples, R. Roller and Chairman J. Kirkpatrick, Troop 181; W. Biggers, Troop 182; J. Apel, district advancement chairman; J. Briggs and Howard Davis, neighborhood commissioners.

Roses Are Easy To Grow

By Tom Burns Haber
President, The Columbus Rose Club

In there any person who does not admire a bed of roses in full bloom? It is by common consent that the rose has won its unique title, "The Queen of Flowers." No flower can equal it for color, perfume, grace; it blooms from early summer to killing frosts; a single plant in one or two seasons will produce canes large enough to cover your house with hundreds of blossoms; another variety, with buds the size of a grain of wheat, you can hide under your hat.

And yet roses are easy to grow. A row of rose bushes requires no more care than a row of beans. Remember that the rose is a kind of little tree. It is tough, with the stamens of centuries bred in to it. Given a little care, it will yield big returns to the rose-lover.

Rules Are Simple
Yes, roses are easy to grow. The rules are simple: plant the bush with the crown a little above the surface of the soil; give it a handful of commercial fertilizer or a forkful of manure when the leaves appear; see that it gets some water in dry weather; it is attacked by bugs or fungus diseases, spraying or dusting is in order.

The popular garden variety of roses we call hybrid teas. A bed of 25 thrifty hybrid teas should produce a dozen good cut flowers for your dinner table every day for approximately 20 weeks of the growing season. A single plant in a favorable summer and fall may bear 100 fine blooms.

THE AIR RIFLE

A broken spiral
The bird fell
And shattered the puddle;
The sleek spaniel
Was aware
Of its being there
But stood and stared
Where a second bird
Fluttering appeared,
Syllabizing the air
With its questionnaire.
The song, the movement,
Shook the dog with merriment
His bark
War round and dark.
Another bullet hissed
As song became flight
Steering the light,
Dog and boy
Studied the sky.

TO THE PROUD HEART

Return, return, before it is too long,
Before time's gaping rent
Refuses to be stitched again.
Pity if past and present are not seamed
Against the future's wear!
O heart, would you defraud yourself with pride?
It is no garment for the years!

Elinor Lennen, in "Variation."

If you use the right amount of soap and measure, don't dump, it saves soap and makes rinsing easier for you. Experience will help you to determine the amount that maintains good suds. And remember that if you wash least soiled things first, you can use the suds for really dirty things like work clothes and save soap as well as energy.

Fiction and Facts

Instead of trying to buy a small tractor for your Victory garden spend that amount of money on some kind of watering system, and only plant half you figured on planting. One half acre watered, will raise more than ten unwatersed, in a dry season.

J. Taubkin, M. E. Sweetland, C. Casel, Bob Dunn and T. Sheilamer have gone to Marion to work extra in the Penna yards.

Donald Ramsey, 985 W. State-st, plumber, bought a railroad electric lantern to fish with this spring and summer.

Even if a hen up in Harding County laid an egg big as a beer keg it wouldn't interest me any. What I would like to know is how often can she do it.

Pat Morrey, Bill O'Neal and Nick Sullivan had their train hours changed from night to daylight. Mr. O'Neal said he couldn't see in daylight.

Nick Sullivan has to look at the clock two and three times every morning to see what time it is.

If a cinderella dust from the Chicago fire could be seen 40 years later in the Azores, 2 colonies of Portugal, maybe the black smoke we see occasionally over Columbus is smoke from Uncle Joe's pipe when he is in deep thought.

Wayne Davis, 98 N. Central-av, Big Four brakeman, has been promoted to passenger conductor, Columbus to Cincinnati.

Farmers are now using mine detectors to extract nails and other metals from the feed of cattle so they won't choke. The Government is afraid we will choke. Won't let us eat anything.

We won the war, now what are we kicking about? Stockings, shirts and sugar. We are worse than a bunch of spoiled children. Greens and groundhogs will soon be here, and we will soon have a new Easter bonnet, and the ball season and Ohio State Fair is just around the corner, so cheer up, forget your weeping, woe and worry, better times are on your trail.

Endorse Site For Vet. Bldg.

Members of the Golden Triangle Club, Inc., have gone on record as favoring the W. Broad-st location for the Veterans Memorial Building. This is the fourth Hilltop group to favor the West Side site.

Earlier similar endorsements were made public by the Hilltop Community Council, Hilltop Business Men's Association and Camp Chase No. 96, American Legion.

The text of the Golden Triangle Club's letter to Dr. Wayne Brehm, chairman of the trustees of the Memorial Building is as follows:

We, the Members of The Golden Triangle Club, Inc., 2381 Sullivan Avenue, Columbus, Ohio, do hereby resolve that the new Memorial Building should be located on West Broad Street opposite Central High School.

We believe this site offers much to the betterment of the City of Columbus because of its nearness to the downtown business section, enhancing the value of the civic center development now in progress. Further, it is on the main traveled route through Columbus and will make a lasting impression on the traveling public.

to the Hilltop.

First and second grades have
their own rhythm band. They

ments used in orchestras and
bands.

West Jr. Hi

Coach Lehman Is Back
O. D. Lehman, former boys'
physical education director and
coach at West Junior, has now
returned to his duties at West af-
ter serving in the Navy for 22
months. Mr. Lehman saw Atlan-
tic duty and served as commu-
nications officer on Saipan for one
year.

Mr. Lehman, who was released
from active duty Feb. 3, will
coach West Junior's baseball
squad this spring. At the pre-
sent time he is teaching science
and hygiene.

West Junior has its largest
number of boys turning out for
track this semester of the entire
history of the school. One hun-
dred and ten boys appeared for
the first outside meeting of the
team. It's now been cut down to
60. They are now working two
nights a week but as soon as
warmer weather permits it will
be changed to five nights a week.

The boys are under the super-
vision of Coach R. C. Glass.

Below is the West Junior track
schedule for the year:

April 11 — Everett, here
April 17 — Up. Arlington, here
May 3 — Up. McKinley, here
May 7 — City, O. S. U.

Coach Glass hopes to add a few
dual and triangular meets to this
list as the season advances.

Baseball Team Shaping Up
Seventy-four 9A and 9B boys
showed up for the first baseball
meeting for 9th grades called by
Coach Lehman, West Junior

will try out soon.

Coach Lehman has the 9th

So far this is the way the team
has shaped up. Paul Jones or
Jim Hamrick, pitcher, and Wade
Williams, catcher. The infielders
will be: 3rd baseman, Jack Pick-
ens; short-stop, Dick Kirk; 1st base-
man, Dick Kulbertson; and out-
field, Jerry Solingen, Bob Wil-
son, Louis Wolfe, Dick Wolfe,
Edgar Easterly and Jack Billings-
ley have good chances of replac-
ing the above players on the 1st
string.

The first game will be played
on April 18 with Linden McKin-
ley and the season will end with
the game against Starling, which
is our biggest rival.

55 Attend Luncheon For Family Altar League

Fifty-five workers and guests of the Family Altar League, 1243 Sullivan-av, attended a luncheon and program at the Southern Hotel Friday noon. The meeting was addressed briefly by Mayor James Rhodes, Judge Clayton W. Rose, Court of Domestic Relations, Miss Genevieve Taylor, referee in the juvenile court, Chief of Police Lester Merica, and Capt. C. M. Berry, juvenile department.
Bishop Herman Hartwell, 332 S. Princeton-av, president of the school, and Rev. Albert G. Peavey, director, outlined plans for a fund-raising program to expand the work of Bible study and educational classes among the children and adults of the city.
A 30-minute recording of the meeting was made by WBNS for later broadcasting. Irwin Johnson directed the recording of the program.

Moving Together...Toward a Common Goal

With the fowl of the air it is instinct! God has provided many of His simplest creatures with an innate sense of harmony, and of purpose.

But with man it is an ideal . . . still far from realization! Nations and individuals have usually sought their own ends, and little less than attack by a common enemy has ever brought them to united action.

Yet today, at the dawn of an era of Peace, the challenge to harmony, and brotherhood is stronger even than it was in war. For we know now that the very existence of civilization depends upon the maintenance of just and permanent peace.

Our greatest hope is the Church. Only the Church, throughout the ages, has unceasingly taught the need for moving together toward a common goal. And only the Church has pointed the Way by which all can move toward that goal.

Join forces with the multitudes in every land who seek the highest goals. Worship with them the only Prince of Peace. And believing with all Christians in the might of Right, work toward our God-promised destiny.

Modern Man's Rediscovery Of Sin In Today's World

By Rev. Jacob Ashburn
Pastor of Oakley Avenue Baptist Church

Rev. Ashburn

Sin is a fact of life that cannot be explained away. It affects the life of every individual in every generation. It poisons the life stream. It makes one fail to realize his best and to be less than God intended one to be. For its origin there is no satisfactory answer. Jesus made no effort to explain its origin but he set forth the remedy for it.
Many have tried to persuade the world that sin is but a trifle, but according to Jesus and experience, nothing is more terrible than sin. It is possible to be unconscious of sinfulness, which is a sign of being dead in sin. In some religions like Buddhism there is only a faint conception of sin. The greatest realization of sin comes through the highest conception of God as in the Christian religion. The closer we are to God the more sensitive we are to sin. When Isaiah saw the Lord, he saw himself in his sinful condition. When the apostle Peter fully realized the presence of Christ, he said "depart from me for I am a sinful man." The farther we are from God the more sinful we are.

or not. We suffer not only for our own sins but for the sins of others. We are also punished by our sins. We cannot sow evil and reap goodness, we reap what we sow. Because the world has sown evil in the past it is now reaping evil. The law of love cannot be violated without ill results any more than the law of gravitation.

The condition of the world today is due to man's lost sense of sin in the past and this came as the result of his separation from God. We have gone through a period where many things have been substituted for God, such as wealth, learning and power and many thought that God was not needed and He was ruled out.

The period in which we are now living has been dark and cast dark shadows ahead but modern man has rediscovered sin because to him Bethlehem has not lost its meaning. This is reflected in the fact that the attention of men is being turned toward God seemingly as never before. The principles of Jesus are being proclaimed on every hand. Sincere efforts are being made to live and practice Christianity. More is being done to outlaw war now than in the history of the world.

Much is being done to bring freedom, justice and equality to all humanity. There are advocates for brotherhood in practice rather than in theory. Great emphasis is being placed on human rights rather than property rights. There is a realization that the world cannot be made safe for some without being made safe for all. Evils that were once condoned are now condemned, such as mob violence, lynching and exploiting the underprivileged. An older order is dying, a new order is being born. The things that caused the war and these troublesome times are being uprooted. As modern man has rediscovered sin, he has also rediscovered the remedy for sin and he believes that through this remedy some day sin will die and love will reign supreme.

St. John's Episcopal Has Special Services

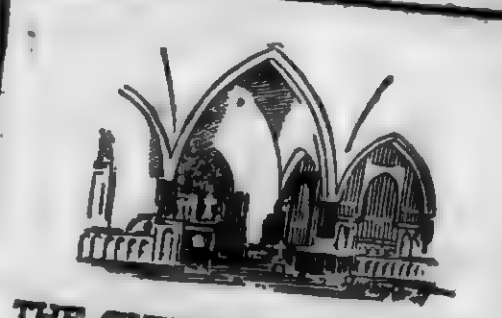

St. John's Episcopal Church, corner Avondale and W. Town-st, is observing Lent with a series of special services and programs.
Tonight, Thursday, at 8:30, there will be a pot luck dinner, followed by a Litany service in the church at 7:30, and at 8:00 in the parish hall there will be a review of the book, "Apostle to China," by Russell E. Smith of St. James' Parish, Columbus. The public is cordially invited.

Motion Pictures To Be Shown Wednesday

Motion pictures of life in India will be presented by Rev. and Mrs. Paul Rostad, missionaries, next Wednesday evening at 7:30 in the St. Paul Evangelical Congregational Church, 22 S. Warren-av.
Rev. and Mrs. Rostad were missionaries for many years in northeast India and were located in the area invaded by the Japanese. They will tell of the complete destruction of their mission properties and of their evacuation at the approach of the Japanese troops.
Following this program the birthday party will be held, at which time refreshments will be served. An offering for missions will be received. The meeting is open to the public.

Keystone Class Will Meet On Saturday

The regular monthly meeting of the Keystone Class of Hillcrest Baptist Church will be held March 23 at the church. This will be the annual election of officers. The men of the class will have charge of the refreshments and entertainment. Bring a friend and come out to this meeting. Everyone welcome.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake of his children's sake. (2) For his own sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

Many Ball Players Available At West

"We've got more prospective ball players than I've ever seen on one squad."

That is the way Coach Dale sums up the present outlook for the Cowboy nine after more than a week of outdoor work. He went on to qualify that statement by saying that before the season was over he might be wishing for more outstanding ball players in performance and not so many numerically.

Pitchers and catchers, always a number one problem on a ball team, are strong in numbers. In the catching department two sophomores, three juniors and one senior are fighting it out for the starting berth. At this early date it would seem that Jerry Chinn, a junior, would have the edge.

Phelps No. 1 Furler

Bob Phelps, undefeated in city league competition, is well out in front as the No. 1 moundman with Mark Stephens, Bill King, Bill Buckingham, Jack Thrush, and Paul Theisen, a sophomore, available for hurling assignments. Several out-of-town games

have been added to the schedule since the league bookings were completed. The Cowboys will play Mansfield a double header at West on Saturday, April 13, starting at 1 o'clock. A return double header will be played at Mansfield on April 27.

Weather permitting a pre-season game was to have been played against Hilliards on the West diamond this week. Games are slated with Grandview on March 26 and April 2, both to be played on the home field. The following day the boys will visit St. Charles Academy.

The Cowboy nine will invade Cincinnati on April 19 for a doubleheader against Western Hills. Another twin-bill has been booked with Withrow on the following day. Western Hills will return the doubleheader on a date yet to be scheduled. Another game is pending with Springfield.

This year's crop of sophomores has revealed likely prospects in Jack Fleischer and Bob Smith, outfielders, Conklin Potts, Don Hutchison, Don Skipper and Curt Weiserman, infielders and backstops Don Little and Al Andrews.

Juniors include Thrush, who will see action at first base when he is not on the mound, Marvin Schultz 2b, Jim Slager, 2b, Ed Sahrd, 2b, and outfielders Ralph Watts, Don Borror, Bob Glasgow and Bill Sharon. In the catching position in addition to Chinn are Starling Hutt and Bob Schlegel. Senior candidates are Dick Dilsavor, 1b, Dick Slager, ss, Dave Dupler, 3b, and outfielders, Jack Buckingham, Bill Masters, and Herman Goldenbagen.

WEST CHURCH LEAGUE CHAMPIONS

Pictured above is Glenwood Methodist's winning basketball squad which recently took first place honors in the West Intermediate Church League by sweeping ten straight games without a loss.

Seated left to right, are, George Lohr, Harold McMillen, Bill Dawson, Captain Leroy Wise.

Bob Patridge, and Jim Hutchinson. Standing left to right, are, Bob Evans, Jack Dale, Athletic Director H. B. Young, Coach Bob Nichols, Bill Hewes, and Jim Bush. Glenwood will now participate in the sectional playoffs to determine the city Intermediate Church champs.

Are You The Serious Type?

Nature has made some people frivolous and some sincere, and it's the sincere folks whom others depend upon to get things done right. People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world—and we offer good living at its best—with good food, good beverages and good music. West High Paper Drive To Be Wed.

The entire student body of West High School will be marshalled to conduct the fifth paper drive on the Hilltop on Wednesday, April 3. Proceeds realized from the sale of the paper will be used to carry on a program of grounds beautification started several months ago.

Clarence Bateman and George Neeb, two of the teachers, are serving as co-chairmen in charge of collecting the paper from Hilltop homes and business places. A systematic coverage of all streets is being worked out. Anyone having paper to contribute may call in advance at the school. The number is RA. 9633. Myron Seifert, journalism teacher, is in charge of calls to the school.

All of the students will work during the first two periods (8:45 to 10:25 a. m.). Advance crews of workers will go ahead and get paper out to the curb for trucks to pick up later in the day.

Stations will be set up at the school to receive, sort and tie papers in bundles as it comes in. It was pointed out that the paper need not be tied in order to be picked up by the students.

To side we have no report. The Record believes at least one side of these streets should be thrown open for parking. Why not look into it right away!

About Hilltop and West Side folks: Sam Berman and the Mrs. back from Florida and a buying tour. Edith Gibbon about the busiest person in this section these days while in charge of rationing the nylon at Seiler's. If you see Rev. Joe Sheehans with his head in the air these days it's because he is a brand new grand daddy and a mighty proud one too.

Ruth and Bob Chandler back from Cuba and the former Navy Lt. brings along a jeep and demonstrated it to many of his friends this past week-end. An elephant may never forget and it also goes that you just can't forget that new elephant Lumber Co. sign on the red, white and blue color scheme.

Bill Gibbons back from the mar and now a member of the Hilltop Record staff. Don Craig and small son in to tell us he has bought a place in the country eight miles north of Springfield where he is with International Harvester (we'll be out for a chicken dinner, Don). Speaking of chickens, those are nice looking biddies Fred and Betty Gabler have out Wilson Rd. way. The Carl Hollands family will be increased some time in August.

George Feister in to say hello while he prepares to go to Florida again but admits he may come back and settle down on the Hilltop are long. Hilltopper Bob Starnford doing a nice job in Saeger Buick Co. service dept.

How True
Here's one for every GI scrap book:
The army says I can't wear my uniform after I arrive home because I'll be impersonating a soldier.
The stores say I can't buy a suit of clothes because they haven't my size.
The police say I can't go on the streets naked, because it is against the law.
I would gladly stay off the streets but I can't find a house to live in and with the shortage of lumber I can't buy a barrel.

A new sporting goods store will be opened on the Hilltop about May 15, it was announced this week.

The newly formed Hilltop Sporting Goods Company will occupy space in the new Hilltop Record building being erected at 2461 W. Broad-st. The firm is headed by Louis B. Maish, 233 Binna-blvd., as president, Robert Postle, 4418 W. Broad-st., vice-president and general manager, and his brother, Walter Postle, Gardner-av., as treasurer.

The firm expects to offer a complete line of sporting goods for the athlete or sportsman. A formal opening is being planned for either May 15 or June 1, depending on the time the store room is available. The store will occupy the east half of the first floor, using a space 16 1/2 by 80 feet. The basement will be used for storage and a club room suitable for meetings of sporting groups.

Mr. Maish will continue in the insurance business while handling the sporting goods firm. Walter Postle is employed by the West Jefferson water works. Robert, a veteran of World War II, was wounded during the battle for France.

Harry Souders Dies After Fall Through Shaft
Fatally injured when he fell down an elevator shaft from the first floor to the basement at 179 N. Third-st. Friday, Howard Souders, 24, of 379 N. Hague-av., died Sunday in St. Francis Hospital.

He was an employee of the Hilltop V. F. W. Hall. He believed he stepped into the shaft apparently thinking the elevator was there.

Funeral services were held Wednesday morning in the St. Mary Magdalene Church with burial in Wesley Chapel Cemetery by Jerry Spears.

He is survived by his parents, Mr. and Mrs. Howard Souders; two brothers, Louis Souders of Grove City and Robert Souders of Columbus; and a sister Mrs. Rosemary Slingwine, Columbus.

Mr. Hoon was well known on the Hilltop through his roofing and sheet metal business.

Hilltop Mortician Flew 2000 Hours Without A Scratch
Jerry Spears, Jr., who logged 2000 hours of flying time in training and service with the Air Transport Command never put a scratch on a plane he flew. He's proud of that fact and not without reason for much of that flying was done over the most difficult flying country in the world.

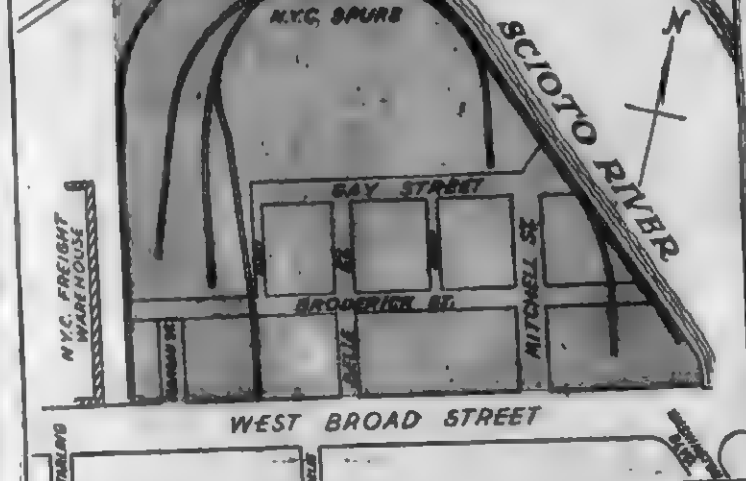

"We got in trouble a few times but somehow we always came back," is the way he describes his experiences flying in the China Burma India theater through all kinds of weather, all hours of the day and night.

"We lost 31 planes in one night when extreme icing and turbulent conditions were experienced over the hump," he recalls. The plane just five minutes ahead of his own "didn't get through."

Operating from Dum Dum, near Calcutta, India, Capt. Spears flew 1000 hours between August, 1944, and May 23, 1945. Most of this was on special missions throughout that theater of operations. Part of the time he was hauling cargo but later flew personnel almost exclusively.

Most of his flying overseas was done in C-46's and C-47's but before going over he was ferrying almost everything the Army flew.

Memorial Hall Site

—Photo Courtesy Journal

This is the site selected last week for Franklin County's new \$4,500,000 memorial auditorium. It will be built on West Broad-st. just west of the Scioto River. The 11-acre tract covers the area between the river, Broad-st., the New York Central Railroad freight house and the Pennsylvania Railroad's right-of-way.

Bonds totaling \$600,000, part of the city-county school improvement issue approved by voters last November, have already been sold to finance purchase of the site. Architects will start to work on plans in the near future.

The building is to include a large auditorium seating 10,000 to 12,000 persons, an exhibition hall under the auditorium, a wing for the use of war veterans, and another wing for a 2500-seat music hall.

Kindergarten Work Likely In Two Hilltop Schools
An effort will be made to put semi-public kindergarten work in the West Broad Street and John Burroughs elementary schools this fall, it was learned this week. A meeting of representatives of the Westmont Mother's Circle, John Burroughs P.T. A. group and the principals of both schools was held last Friday to discuss the matter.

A charge of \$5 per calendar month will be made for each child entered in kindergarten work. At the present time transportation to and from school will be a responsibility of the family.

Children one year under the regular school age will be accepted at either school for enrollment. Persons interested in enrolling children for next fall can make arrangements for West Broad Street School by calling Mrs. O. W. Menz, 2729 Sutton-av., RA. 4580, or Mrs. Robert Howison 176 S. Westgate-av., RA. 2863.

For John Burroughs, calls should be made to Mrs. John Stacy, 610 S. Warren-av., RA. 8326, or Mrs. Clair Fultz, 612 Hilltop-av., RA. 6351. Parents were requested not to call the schools. Children can be sent to whichever school is most convenient regardless of regular school boundaries.

According to present plans approximately 60 pupils could be taken in either school each day. If enough children are registered classes will be held for a group of about 30 in the morning from 9 to 11:30 and in the afternoon from 1 to 3.

As soon as practicable a permanent organization will be effected to handle details of the kindergarten work. It was pointed out that children could come from areas other than the two school districts.

Tenth Ward Democrats Back C. Middleton, Independent
Political activity in the Tenth Ward was being heard from this week with organization of independent Democrats to back the candidacy of Charles A. Middleton, 99 Belvidere-av., in his race for committeeman.

The new group is headed by Charles E. McCann, 195 Belvidere-av. Secretary of the organization is Elizabeth Casserly, 635 Columbus-av. Ethel Daniel, 205 Cleveland-av., is the treasurer. Other members of the committee are W. H. Cosgray, Lela Lively and William Mantle.

"We feel Mr. Middleton can best serve the ward and party as a result of his past experience. He organized in the Tenth Ward and helped to elect Democrats while he was a committeeman a few years back," Mr. McCann said, in announcing the formation of the new group.

The race for committeeman in that ward will be a three-way affair. Oscar Dildine, the incumbent, will represent the Heer organization while J. Arlowe Bryant will be backed by the Slade forces. Mr. Middleton is a former committeeman, having always campaigned as an independent Democrat.

Captain Waugh Resigns Post
Capt. Ralph A. Waugh, 681 S. Warren-av., who has been active in the Police Department traffic bureau for many years, resigned today, effective April 1.

Capt. Waugh has been a member of the Police Department for more than 25 years. He specialized in traffic and had twice attended the Northwestern University School of Traffic, Director Cole said.

City May Purchase Site For Park Here

Waste Land To Be Sold For Taxes At Court House Saturday, Mar. 30
There was good indication this week that City Council would be in a position to bid on the 5.66 acre tract of waste land between Woodbury and Columbian-av. when it is put up for delinquent tax sale at the Court House Saturday. The site has been proposed for a park and playground for the area south of Sullivan-av.

After considerable delay the Recreation Commission was expected personally to inspect the ground and then make a recommendation to council in time for a decision to be made on the matter before Saturday. Council President Joseph Jones assured representatives of the neighborhood concerned that a special meeting of council would be called as soon as a decision was reached by the commission as to whether or not they felt it was desirable for a park site.

Mary Benis, 2026 Sullivan-av., spent considerable time this week in going before the Recreation Commission and City Council as a representative of residents of that area and the Hilltop Business Men's Association.

Idle Land
The land in question has been lying idle ever since that section of the city was developed. It is an eyesore to all residing in that vicinity and is a health menace because of the natural breeding place it provides for mosquitoes. Recently some persons have been dumping rubbish on the grounds.

The Hilltop Record suggested several weeks ago that the site be purchased by the city and filled in for a park and playground. An inspection by the city engineering department revealed that the ground was marshy in spots but that it could be filled in so long as a heavy building was not erected.

The 11th Ward G. O. P. Club, Inc., will hold its regular monthly meeting on Thursday, April 4, at 8 o'clock at the E. of P. Hall, Burgess and W. Broad.

The entertainment for the evening will be musical selections given by the Men's Chorus of Refuge Baptist Church; also two members from the Buckeye Republican Glee Club.

A movie, "Greater Columbus," will complete the program, with refreshments to follow. All members and friends are cordially invited.

Two Hurt Here In Auto Crash
Two persons were injured and considerable property damage done when a car traveling east on Broad-st. struck a parked car at 2447 W. Broad-st. and crashed into the front of the building at 2427 and 2429 W. Broad-st.

Floyd Moon, 21, of 138 N. Huron-av., driver of the car, and his companion, Perry Williams, 22, of 76 S. Warren-av., were in Mt. Carmel Hospital suffering lacerations. Williams was released after receiving treatment.

After striking the parked car, the car driven by Moon demolished a mail box on the sidewalk and broke in windows in Goorlton's Confectionery, 2429 W. Broad-st., and Fenton Cleaners, 2427 W. Broad-st.

Miss Elliott Gets Leave Of Absence
Miss Marjorie Elliott, principal of Highland Avenue School, has been granted a leave of absence for the remainder of the school term because of ill health. It was learned this week from W. W. Miller, assistant superintendent.

Her work will be taken over by Myron Ross, a returned war veteran. Mr. Ross is also principal of Franklin School and will be in charge of both schools. Before entering the service he was principal of Dana Avenue School.

Captain Waugh Resigns Post
Capt. Ralph A. Waugh, 681 S. Warren-av., who has been active in the Police Department traffic bureau for many years, resigned today, effective April 1.

Prostate Gland Trouble?

I'm a railroad man and for over 8 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, \$1.25; 2 1/2 dozen for \$2.50. Sold at Economy Drug Stores. —(Adv.)

Hilltop Mortician (Continued from page 1)

Ga. where he spent considerable
time learning to fly by instru-
ment. Later he was at the C-46
operational base at Reno and fin-
ished up at Romeus.

With the Ferry Command he
flew many domestic flights
and made six crossings of the
Atlantic Ocean. Two of these
were by the northern route in
the dead of winter. The other
four were by way of the south-
ern route.

On his trips into England they
frequently had to dodge German
JUL-88's along the Bay of Biscay.
Being unarmed, the crew would
sometimes sense them off with
their Altus lamps. Germans op-
erated radio stations in that area
on the same frequency as the
British stations and sometimes
succeeded in luring American
planes off their course onto op-
erative soil. For the most part,
though, the arrival of our planes
went like clockwork, Spears said.
As the first plane was arriving
on British soil the last of the
flight would be taking off from
Marech, French Morocco. Planes
would come in to British bases at
five minute intervals.

Three Battle Stars

For his services Capt. Spears
received the Air Medal, the
Presidential Citation and three
Battle Stars. The Battle Stars
represented the Northern Bur-
ma, Central Burma and Chi-
nese theaters of operation.

He has flown a plane only once
since leaving the service. One
Sunday afternoon he took Mrs.
Spears up for a short flight from
the Sullivant Airport.

"When I first got out I thought
I would never fly again," he said,
"but once in a while I get the
urge to get into the air again."

He is a reserve officer and
plans to keep up his commercial
pilot's license.

Spears is associated with his
father, Jerry Spears, Sr., in the
Spears Funeral Home 2693 W.
Broad-st. He married the for-
mer Grace Belle Day, a Hilltop
girl and one of the better known
dancers in the country, a few
years ago. The Spears' have one
son, Jerry III, who will be four
years of age in May. They re-
side at 545 Nashville-av.

Rat Control Requires The
Cooperation Of EveryoneHealth Hints
Are OutlinedWith influenza, grippe, and
colds so prevalent today, a few
reminders, for health's sake, are
definitely in order.The washability of cotton
makes it the most sanitary of all
fabrics for clothing home fur-
nishings, and the sick room.
However, there are a few things
to remember in its usage says the
Cotton Textile Institute and Na-
tional Cotton Council. It is
wise to change all clothing worn
next to the skin once a day, even
in cold weather. Bedclothes
should be changed twice a week
instead of the once-a-week ritual
which is the habit of most house-
wives. With the still present
shortage of household linens and
slow laundry services, this is not
always feasible, but, if sickness
is present, it is vitally important
that bedclothes be changed every
day.In the case of Turk towels,
use separate ones for each mem-
ber of the family. Wash cloths,
too, should be individual. Face
towels should be changed daily,
bath towels twice every week.
Dishcloths should be fresh for
each dish-washing session, and
dishrags should also be changed
every day.Hilltop Electric Shop
Has New OwnersCarl Hagensen, 33 N. Rags-av.,
and William Crosswell, 1448 Elm-
wood-av., are the new owners of
the Hilltop Electric Shop, 3376
Sullivant-av.Both men are ex-servicemen.
The shop will service all makes
of radios, washers and other
household appliances. Pick-up
and delivery service is offered.LEAVE ON MOTOR TRIP
Capt. and Mrs. Tom L. Parker,
4914 Olenangy-bldg., the former
Frankie Newlin, left for a two
months motor trip to California
and Texas, where they will visit
friends and relatives.
Capt. Parker has just returned
from 31 months service in the
European Theater of Operations.Invisible

Friml OperettaThere are ways to combat the
rat menace on the Hilltop.
That reassuring news was
brought to the Hilltop Record of-
fice this week following last
week's editorial calling attention
to the seriousness of the rat sit-
uation in the community. It was
volunteered by J. J. Mooney, a
Hilltopper who lives at 489 C-
lumbian-av.Mr. Mooney spent several years
with health departments in vari-
ous sections of the state and was
a health and sanitation inspector
in the armed services. At present
he operates the Arab Insect and
Rodent Control Co., 1267 W.
Broad-st.For any rat extermination pro-
gram to be effective it must have
the cooperation of everyone in
the community, Mr. Mooney ex-
plained. Rats thrive on food par-
ticles and anywhere feed and
grain are kept.A few simple rules to be fol-
lowed are:(1) Be sure the garbage has a
tight fitting lid so that the ro-
dents cannot feed on garbage.
Don't allow food to spill over
the outside of containers or leave
tin cans.(2) Clean up rubbish, ash piles
and other places where rats can
hide.
(3) Rat proof buildings with an
or cement so that they cannot
find a place to hide.(4) Kill rats wherever they are
found. Several good remedies
are available today, but they
must be used with caution. Some
preparations are particularly dan-
gerous and must not be used with-
out due regard for pets or chil-
dren playing in the neigh-
borhood.

Mike A. Weber Is Crop Adjuster

Mike A. Weber, Galloway, has been appointed by the Crop Insurance Corporation as an adjuster.

It will be Mr. Weber's duty to adjust all crop insurance losses in Franklin County.

If wheat is insured under federal all-risk insurance, and it becomes apparent that it may not pay to leave it stand, the grower must notify the county AAA office so that the condition of the crop can be appraised by Mr. Weber before it is disked or plowed up. If the crop is appraised as a total loss, the insured will be paid at the rate of 50 percent.

The office in charge of recruiting in this area has just announced that a new recruiting drive has been started with the ultimate goal of 500,000 regular Navy men by the first day of September, 1946.

Voluntary enlistments since the

operator saves the cost of harvesting and has the land available for another crop.

Applications for all-risk crop insurance on the 1947, 1948 and 1949 wheat crops can now be made at the county AAA office.

of the insured production, as the

and of hostilities has been very

gratifying but the Navy is still

very much in need of young men

of high mental and physical caliber

to keep the Navy the most

powerful and efficient on the

sea.

The Navy is particularly inter-

ested in men of draft age. You

can still enlist in the Navy even

though you have had your pre-

induction physical and classified;

but once you receive actual notice

of induction date it is then too

late to voluntarily enlist.

The local Navy recruiter is lo-

cated at the old Post Office

Building.

MISSIONARY GROUP

TO HAVE PROGRAM

"The Challenge of the Cross"

will be presented by the Woman's

Missionary Society Sunday at

7:30, at the Westgate Evangelical

Church. The public is invited.

Teach children to care for their

own rain wear. Though you keep

a mat at the door on which to

wipe rubbers and galoshes, if you

want the rubber to last, the best

plan is to remove the mud thor-

oughly with a cloth dipped in

soppy water. Besides, this pre-

vents dried mud from crumbling

off in the closet where they are

stored. Do your part by providing

basin, soap and cloth, but teach

them to do the job for themselves.

143 N. Central-av., daughter, Mar.

Mr. and Mrs. Joseph A. Palumbo, 77 N. Huron-av., daughter, March 21.

Mr. and Mrs. Robert Long, 1351 1/2 W. Broad-st., son, Saturday in Grant Hospital.

It will be Mr. Weber's duty to adjust all crop insurance losses in Franklin County.

If wheat is insured under federal all-risk insurance, and it becomes apparent that it may not pay to leave it stand, the grower must notify the county AAA office so that the condition of the crop can be appraised by Mr. Weber before it is disked or plowed up. If the crop is appraised as a total loss, the insured will be paid at the rate of 50 percent.

The office in charge of recruiting in this area has just announced that a new recruiting drive has been started with the ultimate goal of 500,000 regular Navy men by the first day of September, 1946.

Voluntary enlistments since the

operator saves the cost of harvesting and has the land available for another crop.

Applications for all-risk crop insurance on the 1947, 1948 and 1949 wheat crops can now be made at the county AAA office.

of the insured production, as the

and of hostilities has been very

gratifying but the Navy is still

very much in need of young men

of high mental and physical caliber

to keep the Navy the most

powerful and efficient on the

sea.

The Navy is particularly inter-

ested in men of draft age. You

can still enlist in the Navy even

though you have had your pre-

induction physical and classified;

but once you receive actual notice

of induction date it is then too

late to voluntarily enlist.

cated at the old Post Office

Church. The public is invited.

Teach children to care for their

own rain wear. Though you keep

a mat at the door on which to

wipe rubbers and galoshes, if you

want the rubber to last, the best

plan is to remove the mud thor-

soppy water. Besides, this pre-

vents dried mud from crumbling

off in the closet where they are

them to do the job for themselves.

The regular executive meeting will be held (night) at 7:30, at 609 Midland-av.

At the last meeting some progress was reported as having been made on the drainage system.

A basket of groceries was raffled at the last meeting and won by Tom Taylor, 921 Clarendon-av. There will be another raffle at the April meeting.

Mr. and Mrs. S. K. Martin, 817 Whitethorne-av., attended the March meeting of the Hilltop Community Council and Mr. Martin will give a report of this at the next meeting.

The meetings of the Rea-Bow Improvement Association are open to any one and everybody is welcome to attend.

Freddie Dague Is Home On Leave

Freddie Dague, 52½, son of Mr. and Mrs. Lowell T. Sullivan of 2311 W. Broad-st., returned home last week for an 11-day leave of absence. Freddie just completed his "boot" training the first month of which was at Great Lakes, Ill. and the last two months at Camp Perry, Williamsburg, Va.

Freddie stated that the Navy was the life for him, from what he has so far seen, and boot training is always the hardest. He enlisted at the local Navy recruiting station Dec. 6, and while at boot camp became a platoon leader in his company. This being a very signal honor conferred only on those who are the most capable.

Upon his return to Camp Perry, he intends to take up a course in naval signaling, flaghoist, semaphore and flashing light.

LAWN LINGO

By Warren C. Huff

EDITOR'S NOTE: This is the first of a series of articles to be published on lawn care. They are written by a Hilltopper, Warren C. Huff, 248 Columbian-av.

Mr. Huff is a native of upstate New York. He was formerly on the staff of the Agriculture College at Cornell University and served with the Agriculture Extension Service for six years where he developed lawn improvement as a hobby. He is at present on the research staff of the Coke Oven Ammonia Research Bureau with headquarters at 50 W. Broad-st. He is at present available as a consultant on lawn care on the Hilltop and West Side.

Two can live as cheaply as one, they say—but if you try to grow two blades of grass where one blade is now growing, you'll find the old adage isn't true.

The other day I was in a seed store buying some seed to "patch up" my lawn. A lady was at the counter buying seed, and I noticed that the clerk was weighing out about 25 pounds of clover and blue grass seed for her.

"You must own a farm or golf course," I said.

"No, just a 40x100 foot lot," she replied.

I didn't want to interfere with a good sale, so I kept quiet, but I'm telling you, she was buying enough seed for ten lots. After she had the seed, I asked her if

she ever fertilized the lot. "It doesn't need fertilized. It's good black dirt," she answered. Soils of the Mississippi Delta are as black as the smoke from your chimney, but they are lacking in nitrogen, a "must" for well fed plants.

You cannot tell what food the soil on your lot needs, to grow a good lawn just by looking at the soil, any more than you can tell how a rabbit can jump by looking at it.

You can make an intelligent guess, however, by examining the soil and the appearance of the grass or clover now established. Grasses have ways of telling their needs. You simply need to know how to understand their language.

West Jr. Hi

Alowakia Camp Fire Group
The Alowakia Camp Fire Group was very busy the last couple of weeks, working on the Birthday Honor.

This group started by visiting the Ohio State museum and a few of the Ohio State buildings. Then after attending the skating party held for all the Camp Fire Girls Feb. 23, they had a group dinner. The first course was Irish potato soup at Mrs. Houghton's, chili and tortillas at Mrs. Houghton's, and ended at Mrs. Houghton's with peach Bavarian cream. Afterwards the group held a party in the Beacon's recreation room featuring Indian Game Night.

The group has also been busy collecting cards, magazines, and small books for the U. S. O. They also have been making bids for the Needlework Guild and some wash cloths to be sent to aid the Netherlands with some soap.

The money making project the group has right now is setting scoring pads and with the money they hope to send their leader, Jean Rough, to the National Training Course which is to be held this summer at Camp Wyandot.

Art News

The pupils in the art classes have been working steadily since school has begun.

The 7B boys are making designs for wooden trays while the girls are working on biometric designs.

The 7A's are completing humane posters. They are soon going to start modeling in clay.

The eighth graders are working on handcraft projects such as weaving, modeling in clay, etc. Some are also working on posters for the Spring Festival which is soon to be held in the West auditorium.

The ninth grade classes have been working on individual projects such as leather work, clay work, etc. They are soon going to work on color theory and designs.

Service Backed By Skill

Under Ohio Skies

As Told by the CONSERVATION DIVISION

Starling Jr.

Interesting films on history, music, and geography have been shown to the English classes at Starling. Foremost in music have been the pictures of Liszt, and a present day picture, "Youth Builds a Symphony." Strauss, Father of the Waltz, has been shown along with scenes from "Carmen," the opera composed by Bizet.

Mrs. Verona Rothenbush, who is in charge of the film, has chosen many more pictures for the remainder of the school term, and we know they will be even more thoroughly enjoyed with the new moving picture machine.

For the month of February Starling Junior High School's total collection on sales tax stamps was \$1533.64. We will get a return check for \$46.61.

Mrs. Layner's home room turned in the highest amount, which was \$311.80. Mrs. Bauer's home room turned in next to the highest amount.

We are trying to raise enough money to repair our school building.

Mrs. Dunlap is in charge of Starling Junior High School's sales tax stamps.

A group of thirty-five 9A, 9B, and 8A girls was chosen from the gym classes at Starling Junior High School to take part in a demonstration at Central High School March 28, at the meeting of physical education teachers from six neighboring states. The group, led by Jo Ann Jones, Hilda Jones, Loraine Westcott, and Wanda Thornton, demonstrated the steps leading up to volleyball. The girls also introduced four-court volleyball.

The Girls Reserves are having a spring service, which is a tribute to spring, at a city-wide meeting. The time is Sunday, March 31, from 3:00 to 4:30 p. m., and the place is St. John's E. & R. Church at 59 E. Mount-st.

On Friday, March 22, Mr. Smith held a track meet for all boys who wanted to go out for track. The boys met at Central High and were under the direction of Mr. Kemler, the Central track coach.

Friday and Saturday, March 29-30, "Kiss and Tell," with Shirley Temple and Jerome Courtland. Also "Voice of the Whistler," with Richard Dix and Lynn Merrick.

Sunday, Monday and Tuesday, March 31 and April 1 and 2, "Pardon My Past," with Fred MacMurray and Marguerite Chapman. Also "Swing Parade of 1946," with Gale Storm and Phil Regan.

Wednesday, April 3, "Shady Lady," with Ginny Simms and Charles Coburn. Also "Out of the Depths," with Jim Bannen and Ross Hunter.

Doughnuts will crack and brown before they are cooked inside if the fat in which they are fried is not hot enough or if the "sunkers" contain too much flour.

Loew's Broad

Loew's Broad this week is showing for a second week the Bob Hope-Bing Crosby-Dorothy Lamour comedy musical, "The Road to Utopia," as a single feature. This fourth and funniest of the "road" series takes our heroes to the gold rush lands of the frozen North to rescue a gold mine from two of the toughest desperadoes in all the Klondike.

Remarks flew thick and fast as the topics were discussed. Any student who had a fault listed on the paper was told how to correct it.

Since no one knew whose paper was being discussed, except the owner, no hard feelings were caused.

Well, as the full suitcase said, "I'm a hard guy to shut up."

Loew's Broad

Loew's Broad this week is showing for a second week the Bob Hope-Bing Crosby-Dorothy Lamour comedy musical, "The Road to Utopia," as a single feature. This fourth and funniest of the "road" series takes our heroes to the gold rush lands of the frozen North to rescue a gold mine from two of the toughest desperadoes in all the Klondike.

Remarks flew thick and fast as the topics were discussed. Any student who had a fault listed on the paper was told how to correct it.

Since no one knew whose paper was being discussed, except the owner, no hard feelings were caused.

Well, as the full suitcase said, "I'm a hard guy to shut up."

OUR READERS

(Continued from Page 2B)

It, then comes the frost, snow and freezing weather and low water till the melting period, when we just invite high water, after another water famine like February, 1946.

That section west of the Scioto is the closest one to High Street where a substantial wholesale and retail section can be built, but no substantial construction in building has been done there since 1918 nor will it be done unless we remove the wreckage of another 1918 or worse. WHAT ARE WE GOING TO DO ABOUT THIS? Well, right now the U. S. Army Engineers are making a survey and a study of the Scioto-Sandusky watershed with reference to the construction of a sunken reservoir at the headwaters of those streams for multiple purposes. SO NOW IS THE TIME for every organization, business and property owner in that section to join hands in a combined, coordinated cooperative movement in cooperation with the Scioto-Sandusky Conservatory District to bring about this absolutely necessary improvement.

THIS WOULD MEAN absolute flood protection, and by maintaining a normal flow of good water during the drought months we would have the Scioto River which is not taken care of by our sewage disposal plant, causing damage to the city for nearly a MILLION DOLLARS against the city of Columbus.

Let us see what this summit reservoir gives in the way of benefits. Well, first, proper and adequate flood protection.

Second, a normal flow of water in the drought months, most necessary for industrial and personal use, and also to dilute the Scioto River pollution.

Third, fine water recreational spots near to us.

Fourth, an adequate supply of good water to meet the future needs of Columbus in the year 2000 when we will have nearly 1,000,000 population.

There are many other benefits that will develop as time goes on so let us be looking ahead as well as protecting all our interests for the present.

Yours for the West Side,
Chas. B. Cranston

The Church-The Community

If you found yourself floating on a life raft in the Pacific and a strange island loomed in the distance, one question would be in your mind: "Have Christian missionaries lived among these natives or do they still practice their pagan way of life?" It would be a haunting question for the answer to it could easily mean a matter of life or death to you. If missionaries had been among them they would treat you in a friendly fashion and give you food and shelter. Otherwise, you might be the principal delicacy for a tribal dinner.

And that is just the difference the Christian Church makes wherever it lives in the hearts of men. It rids people of ignorance and superstition and gives them the truth of God. The Gospel she teaches convicts men of their evil and reveals to them a forgiving God. All of us are important in the Divine plan and those who carry heavy burdens are shown that ours is a God who cares. It is the Christian Church which tells us to work together for the good of all men for we have one Heavenly Father and all men are brothers.

When Dr. Green was pastor of the First Baptist Church in Washington, D. C., he asked those who wished to join in their Christian fellowship to come to the altar. Among those who came were a supreme court justice a Chinaman, and a woman who took in washings for a living. Dr. Green said to the worshippers, "At the foot of the Cross the ground is level." It is this teaching which makes the church of supreme worth in our divided world.

The symbol of Christianity is a Cross. The vertical bar points heavenward and says, "You ought to be, then you need to be right with God." The horizontal bar points toward all mankind and says, "You must also be right with men." And when that Cross finds reality in our lives we help make for a better community.

What are the things in life that help you most? The schools, democratic government, deep friendships, great music, yes, and many more. And did they not receive their birth and inspiration out of the spirit of the Christian Church? Yes, it is true the church is the mother of all worthwhile things.

The church needs you and you need the church. It will help you realize your finest possibilities and make your life infinitely meaningful. If the church is not what it ought to be, it needs you to help it live up to its Divine commission. If you are not what you ought to be, then you need the church, for it can help you be what you ought to be by the Grace of God.

American Youth CRIES OUT FOR LEADERSHIP

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor of earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of the community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

There is mischief as well as piety in the faces of these choir boys. Can you resist them?

Boyish voices sing praises to God! What a far cry from gaining shooting crops in back alleys and indulging in violence and crime in corrupt places!

Are you concerned about juvenile delinquency? Negative programs will never correct the defects in which youth problems breed. The Churches have the answer in positive programs, in worthwhile things to do in boy choirs, scout troops, clubs, Sunday School classes, and other church-sponsored activities which build character.

But churches are not enough in themselves. There must first be a training in reverence and worship. And then there must be the development of Christian comradeship and unselfish service. Activities laid upon such foundations in the church program are the things which save.

Churches should need leaders, clubs need sponsors, scouts need scout-masters and troop committees, clubs need teachers. The church of your choice has a place for you to serve in its program for the young folks. Many of those who have been helping are in uniform.

Offer your services this week to your home church. You will have the time of your life, and share in the saving of America. Our youth of today will be America's citizens tomorrow!

Dale Rose To Become Head Football Coach At Capital

By Paul Wichterman

Dale Rose, West High School's popular coach who never saw a football game until he enrolled as a student at Ohio Wesleyan University, has been named head football coach at Capital University effective this fall. It was learned this week. (See picture below.)

Rose who has been coaching football and baseball at West Senior High since 1948, will remain through the present school term and take up his new duties at the Lutheran school when fall grid practice starts. He will coach football and teach physical education.

Irvin F. Young, principal of the school, had no definite statement to make as to who will take up Rose's coaching

duties next fall.

"I deeply regret his going," Mr. Young said. "He has made an enviable record at West High as a coach. He has an unusual faculty of working with boys, faculty members and the community at large. I certainly wish him much success in his new coaching assignment."

During his tenure as football and baseball mentor he has given the city two city championship baseball teams. His 1946 team will be a strong contender to retain the crown for the seventh consecutive year. His 1945 grid squad shared top honors in the city league; winning 6 and losing 2 with one tie game. In 1944 West won 7, lost 2 and tied 1. His 1943 Cowboy eleven won 4 and lost 5.

Came To West In 1937

Coach Rose came to the Hilltop in 1937 as coach at West Junior. Many of the boys he has had playing on the senior athletic teams got their start under him several years ago. He left West in 1942 to teach and coach at Central Vocational High School in Cincinnati but came back to West the next year as head football coach.

His high school athletic teams have continued to be threats in city league competition because of the aggressive style of play employed.

The mild-mannered coach hails from Clarington, Ohio, graduating from Salem Township School in 1926. (The writer graduated from the same school three years later.) He returned as teacher and coach of baseball and basketball follow-

ing his graduation from Ohio Wesleyan University. It was while a student there that he saw his first football game. During his four years at Clarington his basketball teams lost only three games while winning 51. All three losses were to class A teams. Clarington was a class B school.

Turned Down 2 College Offers

His decision to leave the high school coaching field was not entirely unexpected. Twice during the past year he turned down offers from Ohio colleges.

Rose is the second coach to step from secondary to collegiate status from West High. Harold Wise, assistant football coach at Ohio University, left the Cowboy school to become assistant to Don Feden at the Athens college, after turning out some of the strongest eleven men to represent West.

Columbian Tract Is Purchased By City

The 5.66 acre tract of wasteland between Woodbury and Columbian-av south of Sullivan-av, was purchased by the City of Columbus at a delinquent tax sale at the County Courthouse last Saturday morning. The tract was bid in at \$6000 by Mary Bentz, 2020 Sullivan-av, under an agreement reached with council last week.

Miss Maude Davis Seriously Ill At Grant Hospital

Miss Maude Davis, mathematics teacher at West High School since 1919, was reported in a serious condition in Grant Hospital Wednesday afternoon. She had entered the hospital for a check-up several days ago.

Her condition has continued to grow more serious. Little hope for her recovery was given by doctors as the Hilltop Record went to press Wednesday afternoon.

Parking Ban May Be Lifted

There is a good possibility that the "no parking" ban on both sides of streets (to the first alley) intersecting West Broad-st and Sullivan-av on the Hilltop will be lifted before long.

Last week Phil Stout, 2432 W. Broad-st, and Ed Planch, 1350 W. Broad-st, representing the Hilltop Business Men's Association, had a conference with Capt. M. H. Harrison, 3077 Parkside-dr, in charge of traffic for the Police Department, concerning the double parking ban.

Parents Asked To Register Children Now

Parents interested in enrolling children in kindergarten work at West Broad Street or John Burroughs School next fall are asked to contact representatives of the two schools. It was pointed out this week that the work cannot be started without the assurance that a sufficiently large enrollment will be available to justify scheduling the pre-school work.

Donald F. Smith, attorney at 2405 1/2 W. Broad-st, was presented for admission to the U. S. Supreme Court bar in Washington last week by Sen. James W. Heflman.

Mr. Smith has practiced law on the Hilltop for the past 15 years. He studied law at Columbia and Franklin Universities.

West Side Juvenile Problem Less Than In Other Sections

The West Side gives the City Police Department less trouble on juvenile problems than any other section of the city, Bernard Shof, 753 Sullivan-av, told the West Side Board of Trade at their Tuesday night meeting at the Riviera. Shof, who is connected with the juvenile bureau, outlined the city's efforts to cope with the ever-growing problem of juvenile delinquency.

The next regular meeting of Camo Chase Post No. 98, American Legion, will be held Friday, 8:15 p. m., at post headquarters, southeast corner of W. Broad-st and S. Burges-av.

Motion pictures of some of the battles of World War II will be shown. Refreshments will be served.

LOCALS

Bob Phelps, West High pitcher, determined he would allow his beard to grow until he lost his first game in local diamond circles. But alas, he has no beard now. Story is that he was trimming it and the razor slipped.

Such is life!

Ed. Harold, West High former West High baseball player and a musician of considerable note, is reported on his way back from Japan.

Johnny Patterson is back in civilian clothes and will probably play again with a local orchestra before long.

Next week's Hilltop Record will feature the Spring Clean-up and Paint Up theme. If you have such ideas take note of your paper next week for some particular help along this line.

A sure sign of Spring! Down on Dureka-av three boys out with a flashlight Monday night hunting nite crawlers!

Our boy Joe Asenhome with the flu a couple days this week, which is a reminder that the old bug pops up in the spring as well as winter.

Ethier Weakley, our poetry editor, reported to Irvin Johnson that she has purchased a three-room cottage on Big Darby, whereupon the early worm suggested that it be named "Writer's Cramp."

Robert Weakley, son of the 3rd Lieutenant at Newfound, was reported to have been in the Navy this past week at Lido Beach, L. I., soon to take up duties with the display advertising department of Ohio's Greatest Home Daily.

Chet Henry, one time Hilltop garage operator, and later the founder of Hilltop Cold Storage Lockers, was in this past week from Florida, to see his mother who is ill. Chet is located at Dunedin, Fla.

Autopsy To Be Held In Death Of W. F. Biegler

Dr. John H. Richardson, acting coroner, was to have conducted an autopsy Wednesday afternoon in connection with the death Tuesday of William F. Biegler, 38, of 56 S. Hartford-av.

Mr. Biegler was found dead at his home with a revolver clutched in his hand but according to police officers, the weapon had not been fired. Mrs. Mary Biegler, estranged wife of the dead man, had gone to the home with police officers to obtain clothing.

The Bieglers have two sons, Robert, 11, and William, 15. Funeral arrangements were being completed by the Jerry Spears Funeral Home.

John W. Dietsch In Fair Condition

John W. Dietsch, 52, a carpenter of 280 S. Hague-av, was in fair condition in St. Francis Hospital this week following self-inflicted gunshot wounds in the left arm.

He was taken to the hospital Monday evening after emergency squadmen administered first aid. A 12-gauge shotgun was found beside him when he was found in the back yard of his home, police reported.

Mr. Dietsch had been in ill health, it was reported.

Rubbish Removal Is Started

The Hilltop is slated for early collection of rubbish. Weather permitting, city trucks should be in the community this week, it was learned from Ira McCauley in the refuse collection department.

A fleet of 10 or 11 trucks is scheduled to start at Hague-av and work both east and west simultaneously from the railroad tracks on the north to the city limits on the south. According to Mr. McCauley the entire Hilltop should be covered without interruption.

The West Side was cleaned up during January and February, city officials said.

Residents of the community can help materially in speeding up the refuse collection by putting as much of the material in as possible and by making sure that all of the rubbish about the premises is put out before the trucks arrive. Notices are sent to each home a couple of days before arrival of the trucks.

As soon as new trucks, now on order by the city, are delivered, it is expected that regular collections can be scheduled. However, it will require three or four months with the new equipment before the entire city is cleaned up. Each succeeding cleanup should be speeded up once the new trucks are available.

Kiwanis Official Visits Here Today

Li. Gov. Ballenger, of the Kiwanis International, will pay a visit to the Hilltop Kiwanis Club at the luncheon meeting today.

Paul Bixler, new head football coach at Ohio State University, will appear before the group next Thursday, April 11. Last week it was announced that Mr. Bixler was to be today's speaker.

Dinner-Dance Set For May 1

The annual dinner-dance for members and friends of the Hilltop Business Men's Association will be held at the Beechwood on the evening of May 1.

Mr. Smith is being sponsored by the West Side Board of Trade of which he is a member. Mr. Rose is backed by the Hilltop Business Men's Association.

The men are two of several similar candidates throughout the city. The winner will be determined by the number of votes received from persons purchasing tickets for the baseball opening game against the Louisville Colonels on April 28.

The Hilltop Young People's Dance Club representatives will have a meeting tonight at the home of Gene Garrison, 22 N. Ogden-av, to discuss plans for a series of dances to start in the near future. During two years and six months duty on board the same ship, Heigle visited several ports in the Pacific, including Pearl Harbor, Admiralty Islands, Guam, Leyte and Saipan. He participated in the invasions of Iwo Jima, Okinawa, in the Philippines, Truk and New Guinea.

Mr. Heigle's ship, on which he served as Mechanist's Mate First Class, was hit by a six-inch Japanese shell from a shore gun, during the bombing of one of the Gilbert Islands. The shell hit in the forward engine room just a few minutes after Heigle had left, after having been relieved of his duties.

Dale Rose To Become Head Football Coach At Capital

By Paul Wichterman

Dale Rose, West High School's popular coach who never saw a football game until he enrolled as a student at Ohio Wesleyan University, has been named head football coach at Capital University effective this fall, it was learned this week. (See picture below.)

Rose who has been coaching football and baseball at West Senior High since 1943, will remain through the present school term and take up his new duties at the Lutheran school when fall grid practice starts. He will coach football and teach physical education.

Irvin F. Young, principal of the school, had no definite statement to make as to who will take up Rose's coaching duties next fall.

"I deeply regret his going," Mr. Young said. "He has made an enviable record at West High as a coach. He has an unusual faculty of working with boys, faculty members and the community at large. I certainly wish him much success in his new coaching assignment."

During his tenure as football and baseball mentor he has given the city two city championship baseball teams. His 1946 team will be a strong contender to retain the crown for the seventh consecutive year. His 1945 grid squad shared top honors in the city league, winning 6 and losing 2 with one tie game. In 1944 West won 7, lost 2 and tied 1. His 1943 Cowboy eleven won 4 and lost 5.

Came To West In 1937

Coach Rose came to the Hilltop in 1937 as coach at West Junior. Many of the boys he has had playing on the senior athletic teams got their start under him several years ago. He left West in 1942 to teach and coach at Central Vocational High School in Cincinnati but came back to West the next year as head football coach.

His high school athletic teams have continued to be threats in city league competition because of the aggressive style of play employed.

The mild mannered coach hails from Clarington, Ohio, graduating from Salem Township School in 1928. (The writer graduated from the same school three years later.) He returned as teacher and coach of baseball and basketball following his graduation from Ohio Wesleyan University. It was while a student there that he saw his first football game. During his four years at Clarington his basketball teams lost only three games while winning 51. All three losses were to class A teams. Clarington was a class B school.

Turned Down 2 College Offers

His decision to leave the high school coaching field was not entirely unexpected. Twice during the past year he turned down offers from Ohio colleges.

Rose is the second coach to step from secondary to collegiate status from West High. Harold Wise, assistant football coach at Ohio University, left the Cowboy school to become assistant to Don Feden at the Athens college, after turning out some of the strongest eleven to represent West.

These Men Figure In Hilltop - Westside News This Week

Col. Reinhard
Recently promoted to lieutenant colonel with U. S. Army in Japan.

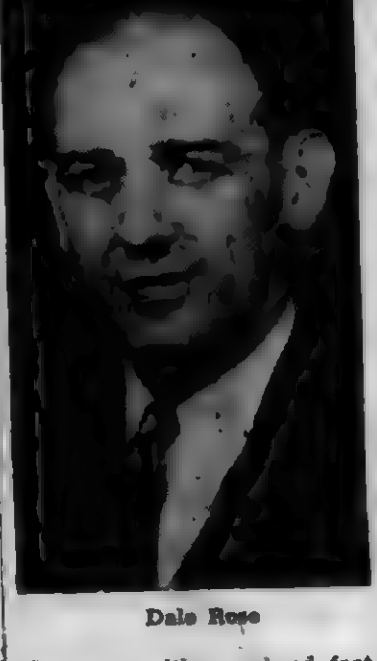

Harold Wise
To speak at West Booster basketball dinner next week.

Judge Rodney Ross
To serve as master of ceremonies at West Booster basketball dinner.

Stanley P. Smith
Is "grandstand manager" candidate on opening day at Red Bird Stadium.

Dale Rose
Accepts position as head football coach at Capital University.

Rubbish Removal Is Started

The Hilltop is slated for early collection of rubbish. Weather permitting, city trucks should be in the community this week, it was learned from Ira McCauley in the refuse collection department.

A fleet of 10 or 11 trucks is scheduled to start at Hague-av and work back east and west simultaneously from the north to the city limits on the south. According to Mr. McCauley the entire Hilltop should be covered without interruption.

The West Side was cleaned up during January and February, city officials said.

Residents of the community can help materially in speeding up the refuse collection by putting as much of the material as possible into the trucks as they are put out before the trucks arrive. Notices are sent to each home a couple of days before arrival of the trucks.

As soon as new trucks, now on order by the city, are delivered, it is expected that regular collections can be scheduled. However, it will require three or four months with the new equipment before the entire city is cleaned up. Each succeeding cleanup should be speeded up once the new trucks are available.

Candidates For Honorary Post

(See pictures above)

Stanley P. Smith, 130 Dakota-av, and Dale Rose, 188 Halsey-av, are candidates for the honorary position of "grandstand manager" at Red Bird Stadium on the opening day of baseball season.

Mr. Smith is being sponsored by the West Side Board of Trade of which he is a member. Mr. Rose is backed by the Hilltop Business Men's Association.

The men are two of several similar candidates throughout the city. The winner will be determined by the number of votes received from persons purchasing tickets for the baseball opening game against the Louisville Colonels on April 23.

In addition to places listed in last week's Hilltop Record, tickets will be on sale at Ray and Son Cycle Shop, Terrace-av and Broad-st.

Harold Wise Will Be Booster Speaker

(See pictures above)

Members and coaches of the West High basketball team will be guests of the West Athletic Boosters' Club at a testimonial dinner to be held at Hoge Memorial Church on Wednesday evening, April 11.

Mentorwood K. of P. Lodge Formed Here

The first meeting of the recently consolidated Mentorwood No. 770, Knights of Pythias Lodge was held on the Hilltop Tuesday evening. The new organization is made up of members of Mentor, No. 643, and Westwood, No. 770, combined into the single organization.

The new lodge will now have a membership of about 150. Mentorwood Lodge became effective on April 1.

Present officials of the former Westwood organization will continue in office in the new group until the election the first of July. The officers are: William Birt, chancellor commander; Jay Smith, vice; chancellor; O. E. Spencer, keeper of records and seal; E. L. Dunavent, master of finance; Ralph Delver, master of the exchequer; Elmer Jahn, inner guard; and Edward Gleason, outer guard.

The former Westwood Lodge was the youngest in the city, while Mentor was one of the oldest groups. The new lodge will meet at Burgess and W. Broad-st.

Roy Heigle Opens Texaco Station

Roy F. Heigle, recently discharged from the Navy, today opened a new service station, the Heigle Texaco Service, located at Richardson-av and W. Broad-st.

Mr. Heigle joined the Navy in June, 1943. He served on board a destroyer, the U. S. S. Boyd as part of Task Forces 38 and 58, under Admiral "Bull" Halsey and Admiral Spruance.

During two years and six months duty on board the same ship, Heigle visited several ports in the Pacific, including Pearl Harbor, Admiralty Islands, Guam, Leyte and Saipan. He participated in the invasions of Iwo Jima, Okinawa, and the Philippines, Truk and New Guinea.

Mr. Heigle's ship, on which he served as Machinist's Mate First Class, was hit by a six-inch Japanese shell from a shore gun, during the bombardment of one of the Gilbert Islands. The shell hit in the forward engine room just a few minutes after Heigle had left, after having been relieved of his duties.

Nolen Speaks Before HBMA Tuesday Nite

Dr. H. C. Nolen, associate professor in the College of Commerce and Business Administration at Ohio State University, will be the speaker at next Tuesday's meeting of the Hilltop Business Men's Association. The regular monthly meeting will be held at Schmelzer's Restaurant, 3178 W. Broad-st, at 8:30 p. m.

Dr. Nolen served as a colonel overseas with the Allied Military Government in Germany. In addition to his work at Ohio State he is consultant for the National Manufacturers Association.

He will use as his subject, "The European Food Situation."

PROMOTED

(See picture above)

Charles A. Reinhard, son of Mr. and Mrs. S. A. Reinhard, of 509 Nashville-av, was recently promoted to lieutenant colonel. He has been in the Army more than five years.

Col. Reinhard is now stationed with the Supreme Command Allied Powers in Tokyo. He was a former law student at Ohio State University.

HURT IN FALL OVER ICE

Mrs. Evelyn Steffen, 38, of 634 S. Wayne-av, was treated in St. Francis Hospital today for head and hip injuries suffered when she fell over a cake of ice in a downtown shoe store.

Columbian Tract Is Purchased By City

The 5.66 acre tract of wasteland between Woodbury and Columbian-av south of Sullivan-av, was purchased by the City of Columbus at a delinquent tax sale at the County Courthouse last Saturday morning. The tract was bid in at \$6000 by Mary Bents, 3020 Sullivan-av, under an agreement reached with council last week.

The ground had been appraised at \$9,000 so that the lowest bid that could be accepted was the \$6,000 figure. No other bids were entered.

Purchase of the long-neglected waste land was recommended by the Recreation Commission on Thursday of last week. A special session of City Council was then called by President Joseph Jones so that a bid could be put in on Saturday morning.

Expect Park

It is expected that the site will be used for a fourth city park on the Hilltop since the land is not suitable for the construction of heavy buildings because of its marshy condition. It is estimated that 1000 cubic feet of earth would be required to fill in the land.

Working closely with Miss Bents in the interest of getting the city to purchase the land were Mrs. Eldon Martel, 583 Belvidere-av, and Mrs. Harry Hunter, 899 Columbian-av.

Residents of that section have long suggested use of the site for a city park and playground for children in that area since they are located some distance from any other public playground. Several weeks ago the Hilltop Record suggested that action be taken to get city ownership of the site since it was to be sold for taxes.

Miss Maude Davis Seriously Ill At Grant Hospital

Miss Maude Davis, mathematics teacher at West High School since 1918, was reported in a serious condition in Grant Hospital Wednesday afternoon. She had entered the hospital for a check-up several days ago.

Her condition has continued to grow more serious. Little hope for her recovery was given by doctors as the Hilltop Record went to press Wednesday afternoon.

Parking Ban May Be Lifted

There is a good possibility that the "no parking" ban on both sides of streets (to the first alley) intersecting West Broad-st and Sullivan-av on the Hilltop will be lifted before long.

Last week Phil Stout, 2432 W. Broad-st, and Ed Planck, 1350 W. Broad-st, representing the Hilltop Business Men's Association, had a conference with Capt. M. H. Harrison, 3077 Parkside-dr, in charge of traffic for the Police Department, concerning the double parking ban.

Capt. Harrison pointed out that under present state laws parking is already prohibited within 30 feet of any city street. Likewise parking is not permissible within 20 feet of a corner on a thoroughfare.

Parents Asked To Register Children Now

Parents interested in enrolling children in kindergarten work at West Broad Street or John Burroughs School next fall are asked to contact representatives of the two schools. It was pointed out this week that the work cannot be started without the assurance that a sufficiently large enrollment will be available to justify scheduling the pre-school work.

Response to the announcement carried in last week's Hilltop Record had been rather light, workers reported. Parents did not seem to realize that the names of children must be obtained before the work can be assured.

Mrs. O. W. Menz, RA. 4580, and Mrs. Robert Howison, RA. 2865, are receiving calls for those interested in West Broad Street. For John Burroughs calls may be made to Mrs. John Stacey, RA. 8328, or Mrs. Clair Fultz, RA. 6351.

Donald F. Smith Presented To U.S. Supreme Court

Donald F. Smith, attorney at 2405 1/2 W. Broad-st, was presented for admission to the U. S. Supreme Court bar in Washington last week by Sen. James W. Huffman.

Mr. Smith has practiced law on the Hilltop for the past 15 years. He studied law at Columbia and Franklin Universities.

West Side Juvenile Problem Less Than In Other Sections

The West Side gives the City Police Department less trouble on juvenile problems than any other section of the city, Bernard Shoaf, 753 Sullivan-av, told the Tuesday night meeting at the Riviera. Shoaf, who is connected with the juvenile bureau, outlined the city's efforts to cope with the ever-growing problem of juvenile delinquency.

At present there are 1100 juvenile police and 1200 school boy patrols operating in the city, he told his audience. No serious accidents have been reported in the last four years where school patrols have been on duty.

Shoaf said that 85 percent of juveniles picked up have an IQ of less than 70, which is considered average. Likewise parents of these children are usually in the lower IQ levels.

To Have Banquet

The Board of Trade will have a

Autopsy To Be Held In Death Of W. F. Biegler

Dr. John H. Richardson, acting coroner, was to have conducted an autopsy Wednesday afternoon in connection with the death Tuesday of William F. Biegler, 38, of 16 S. Hartford-av.

Mr. Biegler was found dead at his home with a revolver clutched in his hand but according to police officers, the weapon had not been fired. Mrs. Mary Biegler, estranged wife of the dead man, had gone to the home with police officers to obtain clothing.

The Bieglers have two sons, Robert, 11, and William, 15. Funeral arrangements were being completed by the Jerry Spears Funeral Home.

John W. Dietsch In Fair Condition

John W. Dietsch, 52, a carpenter of 280 S. Hague-av, was in fair condition in St. Francis Hospital this week following self-inflicted gunshot wounds in the left arm.

He was taken to the hospital Monday evening after emergency squadmen administered first aid. A 12-gauge shotgun was found beside him when he was found in the back yard of his home, police reported.

Mr. Dietsch had been in ill health, it was reported.

Kiwanis Official Visits Here Today

Lt. Gov. Ballenger, of the Kiwanis International, will pay a visit to the Hilltop Kiwanis Club at the luncheon meeting today.

Paul Bixler, new head football coach at Ohio State University, will appear before the group next Thursday, April 11. Last week it was announced that Mr. Bixler was to be today's speaker.

Dinner-Dance Set For May 1

The annual dinner-dance for members and friends of the Hilltop Business Men's Association will be held at the Beechwood on the evening of May 1.

Al Baumbusch and his orchestra will provide music for dancing. The evening's festivities will start at 7 o'clock and continue until 12. Dress will be optional.

Joe Goodwin is chairman of the committee in charge.

Parking Ban

(Continued from Page 1A)

Many complaints have been
voiced recently over the fact that
cars are not allowed to park on
side streets up to the first alley.
On many streets this ties up a
considerable distance in which
many cars could be parked.

Letter To Be Sent

Following the conference with
Capt. Harrison a letter was being
drafted by C. M. Campbell, sec-
retary of the HEMA, asking that
the Safety Department remove
present "no parking" signs and
let state laws apply.

The traffic official said that
there was a good possibility that
the request would meet with fa-
vor at city hall. He further vol-
unteered to come out and confer
with business representatives
concerning other possible im-
provements to the Hilltop's traffic
problem. It seemed likely that
curbs on these streets would need
to be painted to indicate clearly
to motorists just how much space
is available for legitimate park-
ing.

Heavy Penalty For Violation Of Health Law

Persons who dump trash and
rubbish along streets or on vacant
lots will receive fines of \$100
for the first offense, the county
sheriff's office reported this
week. Second offenders are liable
for a 90-day jail term.

The announcement came as a
result of a health regulation
adopted three months ago but
which became effective only this
week.

The County Board of Health
requested the action to halt the
littering of county roads and po-
lution of streams by persons who
have been carrying refuse from
their homes and dumping it in-
discriminately. Numerous cases
of this kind have been reported
on and near the Hilltop in recent
weeks.

this week.

This is an opportunity for the
people of the Hilltop to see this
movie about Columbus, as the
Golden Triangle Club is one of
the first civic clubs to have this
showing open to the public. There
will be no charge for admission.

At a directors' meeting last
Monday night it was voted to
send a Boy Scout to Camp Laz-
arus, with the Golden Triangle
Club as the sponsor. A Scout
from Troop 212, which meets at
the Hilltop Lutheran Church, will

TODAY'S EVENTS

By Clark

Attention, students, friends and people who aren't either one.

The happiest people I've ever seen are those of the Annual editorial staff. Always smiling. What's your secret, pray tell?

JANE HALVERSON seems to enjoy anything even reciting in P. O. D. Some people's ambitions—surprising, isn't it?

Last Friday at the Triangle dance we saw several couples having a good time, including DICK SLAGER and JO SHERITT, BOB COLLITON and ANN FAUNCE, DICK ORR and VIVI-AN BISHOP.

This reporter roved to a certain skating rink one night last week and saw JOHN HAUSEMAN and "CHUCK" HARRIS there.

Enjoying a quiet relapse after the paper drive, was MARY LOU GAMBLE and 2,199 other students.

Question: Has anyone seen that bright, rainbow colored tie of "JAKE" SEIFERT? Wanted: one pair of sun glasses. Someone once said "No news is good news." But something just filled up the above space.

Commissioners Plan Acquisition Of 11-Acre Tract

Steps were being taken by the county commissioners this week to begin acquisition of the 11-acre site for the 4,500,000 Veterans' Memorial building on W. Broad-st. just west of the Scioto River.

Hilltop Commissioner George W. Matson, 87 N. Warren-av, who announced the county's approval of that site this week, said the land would either be purchased or obtained through condemnation proceedings.

Are You The Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world—and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

Championship Five

Pictured above are members of the Sullivant Independent basketball team which just completed the regular season by winning the second round championship in the Intermediate League.

Reading from left to right in the front row are Curt Westerman, 213 N. Warren-av, guard; Marvin Byron, 284 S. Warren-av, center; Carl Works, 149 N. Roys-av, forward and captain of the team; Wally Watkins, 453 S. Terrace-av, forward; Aubrey Compton, 2389 Sullivant-av guard.

In the back row, left to right, are: Bob Horch, 261 S. Terrace-av, manager; Gene Jacques, 114 N. Roys-av; Bob Jones, 453 S.

Bill Gibbon Writes About Hobbies and Recreation

By Bill Gibbons

We're starting a new column for the Record. We believe it is going to be interesting, because it will be reporting on what Hilltoppers are doing in the way of hobbies, recreation and outdoor sports. We will also suggest from time to time what people can do if it appeals to them.

To start off this feature, we're going to give you a little interesting dope put out by the Ohio Development and Publicity Commission. Perhaps some of it will be new to you, as it was to us.

Worms are still the best bait, that is, according to the fish management section of the Ohio Division of Conservation. Despite all the snappy looking artificial lures and flies the fishermen spend thousands of dollars on, worms remain most appetizing to the fish.

Most of the fish caught at Lake Alma in 1945 were taken on weed worms. Two black bass, the largest caught on the lake, measured 20 1/2 inches.

If you are planning a vacation during the spring, summer or fall, may we suggest a quiet and economical place to spend it. The Division of Forestry has erected modern cabins where vacationers may rent them for a very small fee. Several of these cabins are located at Lake Hope at Zaleski, in the Hocking Valley. Rowboats can be rented and there are good facilities for swimming.

Did you know that Ohio rates third in the U. S. for the number of hunting licenses issued and second place in fishing per-

mits? Ohio has plenty of places to fish, lots of fish in those places and a good number of fishermen to catch them. In this state there are 12,000 miles of streams, 493 lakes and innumerable ponds and canals—a total of 86,000 acres of inland waters. Besides that, the state will soon start construction on 10 new lakes—5,900 additional acres of water.

The National Association of Travel Officials has titled the 12-month period starting June 1, "Victory Vacation Year." Their campaign slogan is: "You've Earned It—Now Enjoy It!"

Ohio sportsmen are expected to spend \$307,317,280 for hunting and fishing equipment during the coming year.

If you and your family are among those who enjoy just driving around the state on Sunday, you'll be interested in knowing that Ohio has more than 500 roadside parks distributed evenly over the state. These parks offer the facilities of a shelter house, picnic tables, outdoor ovens and toilets.

We hope that you, the reader, in the future will contribute items to this column. If you catch a good mess of fish let us know about it. (We'd like to know where you caught them.) If you fly planes or miniature planes if you like skeet shooting if you race boats; if you like hiking or hosteling, tell us about it. Call or write the Outdoor Editor.

Spring Basketball Practice Under Way At West High

By Clark

"Last Monday, basketball started at West High School," Coach George Williams announced. "About 70 boys were at the practice held Monday. Soon the boys of the seventh, eighth and ninth grades will attend the practice also. Only the fundamentals are being taught and it provides a chance to see what material will be available next year. Only the boys not participating in a major spring sport are eligible," Coach Williams added.

Tennis also started last Monday, when 36 boys turned out for the initial practice this year. Joe

Goodwin, Hilltop pharmacist, will coach the team as in the past. Practice will be held at West until the courts at Westgate are ready.

West 9 Beats Grandview By 10-8 Score

The West High baseball team won the fourth pre-season game in a row by defeating Grandview 10 to 8 on the West diamond Tuesday afternoon.

The contest gave Cowboy bats a chance to ring as 13 hits were chalked up along with 7 errors. The visitors could garner only 4 hits, muffed 3 chances in the field.

West was trailing 8 to 4 as they went in to their half of the sixth inning when they rolled up 6 of their runs. Mark Stevens worked on the mound during the first four frames, giving up several bases on balls, Paul Thiesen relieved, taking over in the fifth and getting credit for the win.

The Cowboys were to play St. Charles and OSU Junior squad away from home on Wednesday and Friday respectively.

"What is a common carrier?" asked the professor. "Must be a man," said the sweet co-ed. "First he carries her toys around. Then her books, then her wraps, then her children, her groceries and her baggage and bundles. Finally, her grandchildren."

A chatty little blonde girl, age four, neatly solved the Seattle Transit System's problem of overcrowding before an amused load of passengers recently. "Mommy," she inquired, "why is everybody standing up when there are so many laps to sit on?"

WATERPROOF YOUR BASEMENT!

Don't confuse this scientific mineral surface coating with so-called waterproof paints. Most paints shrink when dry. "Aqua-Pruf" expands—completely sealing masonry surfaces against seepage and dampness. When mixed with water and applied, a chemical reaction takes place, filling and closing each microscopic pore with an insoluble compound. This microscopic seal continues to harden with age. The result is a perfect waterproof seal that will not powder, rub off, blister, peel or flake. One gallon covers 40 to 70 sq. ft. one coat... 175 to 250 sq. ft. two coats according to porosity.

Wheat and Fats Saving To Be Discussed Apr. 10

The urgent need in Europe for food to prevent acute and prolonged starvation can be met only through the cooperation of each and every family in this country. By limiting the amount of bread and wheat products we use, there will be more wheat to send abroad.

The Red Cross Nutrition Service and the Franklin County Nutrition Committee are sponsoring a meeting to be held Wednesday, April 10, in Room 210 of the Ohio Fuel Gas Company 98 N. Front-st., to discuss ways to save wheat and fats. Women of Franklin County are not only invited to attend the meeting but are urged to be present.

Mrs. Derwin W. Ashcraft, director of Red Cross Nutrition Service, will demonstrate ways of using oatmeal, cornmeal and soy flour instead of wheat, and will discuss foods equivalent in nutritive value to bread. She will also

The latest newsreel of Red Cross activities depicting what the Red Cross is doing for civilian relief will be shown.

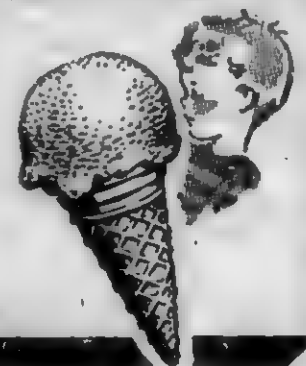

Recipes using wheat flour substitutes will be given to those attending the meeting.

Experienced As President

Harold Cramer, West Side pharmacist, who lives at 870 Wiltshire-rd., somehow falls heir to the position of being president of different organizations.

At present he is president of the West Side Board of Trade and the Servall Druggists and is past president of the Central Ohio Academy of Pharmacy.

Harold took over his present drug store at 871 W. Broad-st in 1934. Shortly thereafter he became a member of the West Side Board, serving as a director of this group for a number of years. Last year he was elected to serve his present term as president of that organization.

Always active in work-connected with his profession, he soon found himself heading the Central Ohio Academy of Pharmacy. His election to head the Servall group was only a natural turn of events.

Graduate of O. S. U.

He graduated from Ohio State University in 1931, having previously worked in drug stores for seven years. He was with Paul Barnes in the downtown area and later with another West Side drug store before going into business for himself. He has little time for the pursuit of a hobby but does enjoy relaxing at his cottage on Big Darby during the summer months.

Mr. and Mrs. Cramer have three daughters, Beverly, 16, Donna, 14, and Mary Jo, 8.

Meeting to Be At Franklin School Apr 11

A meeting of persons living west of the Columbus city limits will be held at the Franklin Heights School next Thursday night (April 11). Reports on petitions being circulated to get the matter of incorporation of Camp Chase on the May 7 primary ballots will be heard.

Work of circulating the petitions was virtually complete this week, it was understood, with a high percentage of persons contacted indicating that they favor incorporation of the village in the near future.

Approximately 600 persons live in the area considered for incorporation. The new General Motors factory is in the territory.

Victory Gardens Will Be Needed This Year

Every ounce of food produced this year by home gardeners will help our neighbors in foreign lands. Various food distribution agencies are now at work helping to supply needed nourishment to impoverished countries.

Warmer weather is giving many enthusiasts the "fever" and it won't be long until the ground will be ready to work and planting started. It was pointed out. The thing to do now, it was said, is to plan the operations and purchase seed, if such has not been done. Some of the planting can be done during April.

Prostate Gland Trouble?

I'm a railroad man and for over 3 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, \$1.25; 24 dozen for \$2.50. Sold at Economy Drug Stores. —(Adv.)

Tree Sweetie

Tuesday, March 12, was a red letter day for the boys and girls in the first grade at West Broad Street School. A bus called for them at 9:30 to take them to the Freshwater Maple grove, a mile above the Columbus Zoo.

When the bus arrived at the grove, how they all scampered across the woods. They peeped into the buckets where they saw the sap dripping slowly but steadily. "It looks like water," they shouted.

Soon they discovered what made it look less like water and more like the syrup they knew. Filing past the boiling vat in the sugar camp, they sniffed and sniffed the pungent odor. Then they saw where it was drawn off into cans, ready for sale.

A very tired, but happy group got back to school just in time for lunch.

The group has enjoyed making free illustrations of their experiences on the bus and at the grove. They are on display on the bulletin board at school.

Honorable Mention

At the close of the series of classes in art at the Columbus Gallery of Fine Arts four boys from West Broad Street School received honorable mention: Gene Burch, Charles Turner, Tommy Cox and Fred Hunt.

Sr. Play! Cast Chosen For "Our Town"

OUR TOWN, written by Thornton Wilder, is the play to be given by the Senior Class of West Junior High School May 13, Director Roy Bowen announced last week.

In presenting **OUR TOWN**, the senior class is producing one of the outstanding dramas of the American theater, a play which won the Pulitzer Prize in 1938 and which had a long New York run. Since being released for amateur production, it has been produced by many non-professional groups. When the play was done in Columbus, at the Hartman, it received much praise from local papers.

OUR TOWN unfolds a drama of daily life—love, marriage, and death in the little New Hampshire town of Grover's Corners. It is unusual in its production in that it is acted on a stage practically bare of settings and universal themes, the play is touched generously with humor.

Each person seeing it will find comparable memories in his own life.

Besides its long and successful run as a legitimate drama, the play was adapted to the screen with an outstanding cast including Frank Craven and Martha Scott of the original New York cast, and Buelah Bondi, Guy Kibbee, Fay Bainter, Thomas Mitchell and William Holden.

The leading parts for the Senior class play have been chosen and include the following: Vincent Embleton, Margaret Halsey, Bob Laird, Jim Rush, Alyce Buszard, Dick Cave, Virginia Herbert, Joan Simpson, Bob Laymont, Jane Halvorson, Willis Looney, Darrell Hall, Don Woodland, Al Parlette, and Dick Willis. Director's assistants are Donna Hergessell and Mary Louise Friend. The rest of the acting and production staff will be announced in the next issue of the Occident.

It's a Pleasure

Mock—How come Sandy who prides himself on being such a shrewd serious business man has such a good time decorating the tree for the children?
Jack—I understand he just enjoys trimming it, just like everyone he does business with.

Tickets Go On Sale For Festival

Rehearsals are well under way for the West Jr. High Spring Music Festival which will be held in the school auditorium, Friday, April 26, by the music department.

Tickets will go on sale in the registration room Friday April 12. The price of the tickets will be 25 cents, which will include seat reservations. The whole house will be reserved for the performances. Tickets are to be purchased in homes and exchanged in office for tickets with reservations.

Don Orr, 226, will act as commentator for the program. The program will consist of a number of vocal and instrumental ensembles, dances, and several solos and special numbers. Great interest is being shown in trying out for the various numbers. The program is under the direction of Miss Ole Trump of the Junior High Music department. Mr. Arthur Miller is in charge of distribution and sales of tickets.

West Jr. Pupils Super Salesmen

Room 226, a 9A registration room, came in second in the Band Variety ticket sale. This room registers 31 pupils and they sold 66 tickets, making an average of over 2 per capita. The pupils worked hard to win and, the two best salesmen for the room were Bob Guyton, who sold seven tickets, and Barbara Starbuck, who sold five tickets.

Vote In The Primary

Next Monday, April 8, is the last day to register to be eligible to vote in the May 7 primary election for those persons not qualified at the present time.

The question is often asked, "Why vote in a primary election?"

The answer is rather obvious if you stop to analyze it. Unless desirable candidates are picked in the primary election you cannot vote for them in the general election next fall. The primary is a preferential election where the choice of each party's candidates is made.

In Franklin County there will be a test of strength for control of the Democratic Party. Almost every city ward will have candidates representing the Heer faction and the Slade organization attempting to get into power. Independent Democrats will also be a factor in some wards.

We make no attempt to influence voters one way or the other in this party fight but to the Democrat who does not go to the polls and express his preference on May 7, he certainly has little cause to complain about who represents the party next fall.

The free ballot is one of the privileges made possible by a democratic form of government. As a believer in democracy we can certainly do nothing less than exercise that privilege on May 7.

Home Beautification

The arrival of spring always brings to attention needed repairs about the home. It is the ideal time to take stock of what should be done to make the home premises more serviceable and more attractive.

The spring months also offer an opportunity for lawn beautification at small cost to the resident. Many Hilltop and West Side lawns can be improved immeasurably by the application of a little fertilizer, some flowers, an appropriate shrub here and there, and in most cases the cost of the improvement is insignificant.

The few dollars spent in this way can add much to the appearance and ultimate value of the property. Next to a new coat of paint nothing impresses a person quite so much as an attractively shrubbed and neatly kept lawn.

Last week the Hilltop Record introduced a feature on lawn care entitled "Lawn Lingo." It is authored by Warren C. Huff, a Hilltopper, and is intended to offer helpful suggestions on seasonal care of lawns. Quite naturally it cannot cover all of the problems encountered by property owners but readers will find it well worth reading for the general information it contains.

So while we are cleaning the house and making needed repairs to buildings this spring, let's not forget to spend a little time in getting the lawn off to a good start.

Our Readers Say

To the Editor of Hilltop Record:
There have been several articles in Columbus Dispatch lately in regard to poisoning of animals in East Columbus, mostly cats. Well it seems very unkind to treat animals such.

But if there is anything that gets me down in my neighbor's animals—they only have 4 cats and 1 dog—and the cats invite others. No later than last night they were all over my porch with muddy feet and have tried to climb storm windows when I just washed them Thurs. If they want them why don't they keep them on their own premises. We are interested in flowers, shrubs and nice lawn and work in it. So our neighbors animals have a nice place to play. They have been to top of posts on corners of porch.

If those people that love animals would keep them home, people would not resort to poison. I can't stand it any longer. So will have to try next thing.

TRANS-CONFUSION I

West High Roundup

By Patty Saint

Saw almost every one at the Triangle dance Friday night; first time I ever heard of a girl getting paid for catching a man, but out of the deal Katie Adams got \$5. What I want to know is, what happened to the man then?

Bob Reis was home, and looking very nice, and quite happy over the fact that his O. A. C. was the Triangle Queen. We were happy about it too, Bob. Beverly is a cute kid (as if he didn't know that).

Robert Kimes won \$5 just because he was holder of the Queen's ticket.

Who were the girls who kept vigil over their men while they sold tickets all evening?

Seen dancing or just around—Clarebelle Edwards and Bud Dean; Bill Smith and Donna Hergesell; Betty Dickendasher and Jim Rennie. Pat Perry seen with Norris Boothe. Dick Slager seen just missing around.

A lot of the gang came stag and everyone had a good time.

Announcing the cast for the Sr. Class Play, we find in the leading parts: Joan Simpson, in the role of Rebecca; Margaret Halsey in the role of Emily; Vincent Emberton as George; Virginia Herbert in the role of a mother, playing the part of Mrs. Webb; Richard Cave as Mr. Webb; Alice Buzzard as Mrs. Gibbs; Jim Roush as Mr. Gibbs.

By the way, the name of the play is "Our Town" and it will be presented May 10. There are many more in the cast.

Who else goes to Aquinas besides Dick Reed and George Leahy, (had to get that in there some place).

Hearing from Jack Jones, we find that he is at Parris Island sweating it out with the good old Marine Corps.

Will be seeing you all around some time.

Joseph Allen Suffers Injury To Both Hands

Joseph Allen, 21, of 110 Clarendon-av., suffered injuries to both hands, when the fire department reported, he was caught in a paint mixing machine at the Hanna Paint Co., 95 W. Long-st., Thursday.

Allen, a Coast Guard veteran discharged five months ago, was taken to Mt. Carmel Hospital.

Short Sayings

How shall I do to love? Believe. How shall I do to believe? Love.

To feel much for other, and to be for ourselves, to restrain our selfish, and exercise our benevolent affections, constitutes the perfection of human nature.

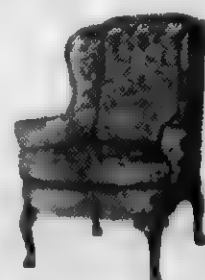

Benevolent feeling ennobles the most trifling affections.

The place of charity, like that of God, is everywhere.

Do not wait for extraordinary circumstances to do good actions: try to use ordinary situations.

Charity is never lost: it may meet with ingratitude, or be of no service to those on whom it was bestowed, yet it ever does a work of beauty and grace upon the heart of the giver.

DAV Official Named To Board

The Disabled American Veterans' first national junior vice commander, Sgt. Harold Dixon, who lost both legs while serving with the army in Germany, has been appointed to a special Veterans Administration prosthetic advisory committee.

Sergeant Dixon is now stationed at Walter Reed Hospital in Washington, D. C. He has been awarded the Distinguished Service Cross for his heroism in World War II.

The DAV official said the committee has recommended to the Veterans Administration the issuance of "Prosthetic Service Cards" which will enable all veterans using artificial devices to have them repaired by a licensed manufacturer.

Under the plan, which has the tentative approval of the Veterans Administration, each veteran using artificial limbs will be issued a card that identifies the veteran and indicates the type of appliance to which he is entitled.

The manufacturer would forward the bill for repairs to the Veterans Administration for payment.

Sergeant Dixon said this plan will save disabled veterans an average of three to four months in time now required to obtain repairs on prosthetic devices.

In addition to Sergeant Dixon, other members of the Special Veterans Administration Committee are Col. Robert S. Allen, newspaper columnist; Col. John Mackell, vice-president of New York Stock Exchange; Capt. James E. Pratt, attorney; Aaron L. Daniels, attorney; Rep. Edith Nourse Rogers, and Rep. Augustus B. Kelley.

The Cross Of Christ As a Way of Life

By Rev. Harold Dutt
Minister of Westgate Evangelical Church

Rev. Dutt

The Lenten season has its center in the Cross. The Cross, an emblem of suffering, becomes a way of life. There are many ways of life in our world but only one Way. This Way is spelled with a capital Christ said, "I am the Way." He not only pointed out the Way to God but He became the Way to God by His death. Christ not only pointed the Way to life by His infallible teachings but He became the Way to a fuller life by His sacrifice on Calvary.

The Christian Way of Life had its consummation during the six hours our Lord spent upon the cruel cross. The Christian Way is a Way of self denial. Ancient Greece said, "Know thyself." Rome said, "Order thyself." Confucianism says, "Correct thyself." Shintoism says, "Suppress thyself." Buddhism says, "Annihilate thyself." Modern Materialism says, "Enjoy thyself." Christ says, "deny thyself."

The Way of the Cross is a Way of giving all to a great Cause. Christ was ever mindful of His cause in our world. Then He gave Himself for this worthy cause. Jesus said, "For whosoever will save his life shall lose it, and whosoever will lose his life for my sake shall find it." We find life by losing it for the Cause of Christ.

A Way of Power

The Way of the Cross is not only a way of suffering but a Way of Power. Unlimited power was released at the Cross. Darkness covered the earth, the curtain in the Temple was torn from top to bottom, the earth did quake, and the rocks split themselves, and three days later came the first Easter. The resurrection of Christ registered power both in the physical and the moral areas of life. This power is greater than atomic power. The power of the Cross restores fellowship with God and creates within man a new life, a new hope, and a new ideal to live by. Also this power creates a good will between men which becomes the basis for an enduring peace.

The Way of the Cross is a Way of Life. Eternal life for us has its birth in the Old Rugged Cross. The Cross was a necessity to bring redemption and everlasting life to us. Also it is a necessity to live by here in the flesh. Since the Cross is the Christian Way of life, let us dedicate our all to this Way that pays perpetual dividends. Jesus said, "If any man will come after me, let me deny himself, and take up his cross and follow me."

To follow the Christian Way of Life the Cross is inescapable. The thing that will determine whether we will be victorious or defeated is what we do with our cross. We can either bear it and be defeated or we can use it and be victorious. On the first Good Friday three bore their crosses while one used His cross. Simon of Cyrene and the two thieves each bore their cross but Christ used His cross and it became redemptive. We have a choice to make either to bear our cross or use it. If we use it we become a

better Christian, but if we bear it we are liable to become a bitter Christian. The majority to Christendom are bearing their crosses and have not learned the art of using them as Christ did. Those of yesterday who used their crosses have made a worthy contribution to Christendom and to our world. In this postwar world let us use the cross which has been laid upon us.

Some are bearing heavy crosses today. In order to make this a better world let us use them. Fanny Crosby used her cross of blindness and her Christian hymns have literally blessed millions. One day she wrote from the springs of her heart, "Jesus keep me near the Cross. There a precious fountain, free to all, being a stream, flows from Calvary's Mountain. In the cross, in the cross, be my glory ever till my raptured soul shall find rest beyond the river."

Disabled Vets May Do Part-Time Work

Disabled veterans going to school under Public Law 16, the disabled veterans bill, may hold part-time employment only if this work does not impair their health or interfere with their studies the Disabled American Veterans has warned.

Capt. Cicero F. Hogan, assistant national DAV adjutant, said that government regulations do not prohibit disabled veterans who are taking part in government vocational training programs to seek part-time employment to aid in their subsistence.

"However," he said, "the Veterans Administration carefully supervises all Public Law 16 trainees and this part-time work must not interfere with the student's health or training."

Captain Hogan said that under Public Law 16 the Veterans Administration supervises attendance, grades and general conduct of the veteran.

The Church NEEDS STRONG MEN... Strong Men NEED THE CHURCH!

Every sound-thinking man wants to be a good citizen. He sees clearly that it is his patriotic duty to support every activity which has to do with making his community a good place in which to live as well as a good place in which to make a living.

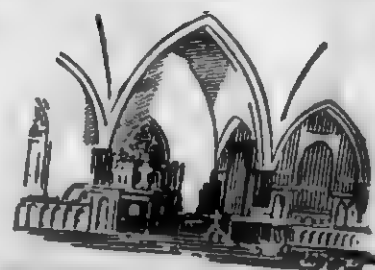

Without any pay civic-minded men unselfishly support varied and sundry drives, serve on school boards, donate to hospitals, join service clubs, officer granges, give liberally of time to civilian panels, and busy themselves no end for the good of those about them.

The wise among such men do not leave the greatest power for good—the Church—to others. As far back as man's memory reaches, the Church has been by far the greatest and most constant influence for good among men. Its churchyards are dotted with humble stones to humble men who were truly great in their zeal to nourish the solid and age-old strength of the Church.

Today, more than ever, with the world in sad and serious travail, the Church needs more than money on the collection plate. It needs brains and spirit and a will to work. It needs morals and manly might. It needs hearts and hands and courageous imagination. It needs the abiding interest of strong and able men, just as such men, in these times which try their souls, need the Church.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

The Cross Of Christ As a Way of Life

By Rev. Harold Dutt
Minister of Westgate Evangelical Church

Rev. Dutt

The Lenten season has its center in the Cross. The Cross, an emblem of suffering, becomes a way of life. There are many ways of life in our world but only one Way. This Way is spelled with a capital C. Christ said, "I am the Way." He not only pointed out the Way to God but He became the Way to God by His death. Christ not only pointed the Way to live by His infallible teachings but He became the Way to a fuller life by His sacrifice on Calvary.

The Christian Way of Life had its consummation during the six hours our Lord spent upon the cruel cross. The Christian Way is a Way of self denial. Ancient Greece said, "Know thyself." Rome said, "Order thyself." Confucianism says, "Correct thyself." Shintoism says, "Suppress thyself." Buddhism says, "Annihilate thyself." Modern Materialism says, "Enjoy thyself." Christ says, "deny thyself."

The Way of the Cross is a Way of giving all to a great Cause. Christ was ever mindful of His cause in our world. Then He gave Himself for this worthy cause. Jesus said, "For whosoever will save his life shall lose it; and whosoever will lose his life for my sake shall find it. We find Life by losing it for the Cause of Christ."

A Way of Power

The Way of the Cross is not only a way of suffering but a Way of Power. Unlimited power was released at the Cross. Darkness covered the earth, the curtain in the Temple was torn from top to bottom, the earth did quake, and the rocks split themselves, and three days later came the first Easter. The resurrection of Christ registered power both in the physical and the moral areas of life. This power is greater than atomic power. The power of the cross restores fellowship with God and creates within man a new life, a new hope, and a new ideal to live by. Also this power creates a good will between men which becomes the basis for an enduring peace.

The Way of the Cross is a Way of Life. Eternal life for us has its birth in the Old Rugged Cross. The Cross was a necessity to bring redemption and everlasting life to us. Also it is a necessity to live by here in the flesh. Since the Cross is the Christian Way of life, let us dedicate our all to this Way that pays perpetual dividends. Jesus said, "If any man will come after me, let me deny himself, and take up his cross and follow me."

To follow the Christian Way of Life the Cross is inescapable. The thing that will determine whether we will be victorious or defeated is what we do with our cross. We can either bear it and be defeated or we can use it and be victorious. On the first Good Friday three bore their crosses while one used His cross. Simon of Cyrene and the two thieves each bore their cross but Christ used His cross and it became redemptive. We have a choice to make either to bear our cross or use it. If we use it we become a

better Christian, but if we bear it we are liable to become a bitter Christian. The majority in Christendom are bearing their crosses and have not learned the art of using them as Christ did. Those of yesterday who used their crosses have made a worthy contribution to Christendom and to our world. In this postwar world let us use the cross which has been laid upon us.

Some are bearing heavy crosses today. In order to make this a better world let us use them. Fanny Crosby used her cross of blindness and her Christian hymns have literally blessed millions. One day she wrote from the springs of her heart, "Jesus keep me near the Cross, There a precious fountain, free to all, a healing stream, flows from Calvary's Mountain. In the cross, in the cross, by my glory ever till my raptured soul shall find rest beyond the river."

Disabled Vets May Do Part-Time Work

Disabled veterans going to school under Public Law 16, the disabled veterans bill, may hold part-time employment only if this work does not impair their health or interfere with their studies the Disabled American Veterans has warned.

Capt. Cicero F. Hogan, assistant national DAV adjutant, said that government regulations do not prohibit disabled veterans who are taking part in government vocational training programs to seek part-time employment to aid in their subsistence.

"However," he said, "the Veterans Administration carefully supervises all Public Law 16 trainees and this part-time work must not interfere with the student's health or training."

Captain Hogan said that under Public Law 16 the Veterans Administration supervises attendance, grades and general conduct of the veteran.

The Church NEEDS STRONG MEN... Strong Men NEED THE CHURCH!

Every sound-thinking man wants to be a good citizen. He sees clearly that it is his patriotic duty to support every activity which has to do with making his community a good place in which to live as well as a good place in which to make a living.

Without any pay civic-minded men unselfishly support varied and sundry drives, serve on school boards, donate to hospitals, join service clubs, officer granges, give liberally of time to civilian panels, and busy themselves no end for the good of those about them.

The wise among such men do not leave the greatest power for good—the Church—to others. As far back as man's memory reaches, the Church has been by far the greatest and most constant influence for good among men. Its churchyards are dotted with humble stones to humble men who were truly great in their zeal to nourish the solid and age-old strength of the Church.

Today, more than ever, with the world in sad and serious travail, the Church needs more than money on the collection plate. It needs brains and spirit and a will to work. It needs morale and manly might. It needs hearts and hands and courageous imagination. It needs the abiding interest of strong and able men, just as such men, in these times which try their souls, need the Church.

Hollander Expresses Thanks For Coat

Something of the gratitude felt by people in Europe for food and clothing sent over there was expressed in a letter received by Mrs. Earl Schoonover, 435 S. Powell-av, this week.

Several months ago she contributed a lady's coat to the cause of European relief. In the pocket of the coat she put a letter asking that the person receiving the garment write her. A few days ago she received the following letter from a Mrs. W. J. Rosendaal-Dumont, Veldlaan, Holland:

"At first I thank you very much for it. It suits me wonderful and I hope it will bring me as much luck as it has brought to you. I'm awfully glad with the nice coat for I have had no new clothes since the beginning of the war, and all my old ones I used to make something for my two little babies."

"My age is 31 and I have been married during eight years. We have got two little children, very blond with blue eyes; a boy of 3 years nearly and a girl of 1 1/2."

Last Winter Bad
"Last winter ('44-'45) it was very, very bad over here. We had no food, no fuel, no light, and no gas so that you did not know how to go on. Especially with the two little babies who needed milk, butter and flour. Clothes and shoes you could not buy, so you had to make it all by yourself."

"So you understand that we

thanked God for the food we got from out of the flying machines in May 1945. Now it is much better again and we are not hungry any longer, but still we can't buy clothes and shoes and food as much as we need."

"For the last time, all thanks and many greetings yours."

Mrs. W. J. Rosendaal-Dumont
The letter was written in a legible hand throughout although the following note of apology was written on the margin of the letter.

"Please forgive me if I've made many mistakes. I didn't write any English letter since I left school."

The letter then went on to explain that she was trying to get together some cigarettes, sweets or conserved foods for her husband and the children on their birthdays and asked Mrs. Schoonover if she could help her obtain some of the items.

The Disabled American Veterans reports that the thunderous din of war damaged the ears of about 40,000 American servicemen. According to a Veterans Administration estimate, within 30 years there will be around 300,000 more veterans hard of hearing.

Capt. E. E. Porter Gets Discharge

Capt. Ernest E. Porter has been relieved from active duty with the Army, it was announced this week by Col. Leonard H. Sims, USA, director of the War Department Office of Dependency Benefits and Office of Special Settlement Accounts in Newark, N. J.

He will be the advertising representative of the Ohio Farmer, Michigan Farmer, and Pennsylvania Farmer, published by Capper-Harman-Slocum, Inc. His headquarters will be at 1013 Rockwell-av, Cleveland.

At the time of his release from active duty, Captain Porter was adjutant of the ODB and OSSA.

Before entering the Army in June, 1941, he was associated with the Duplex Service Co. for seven years.

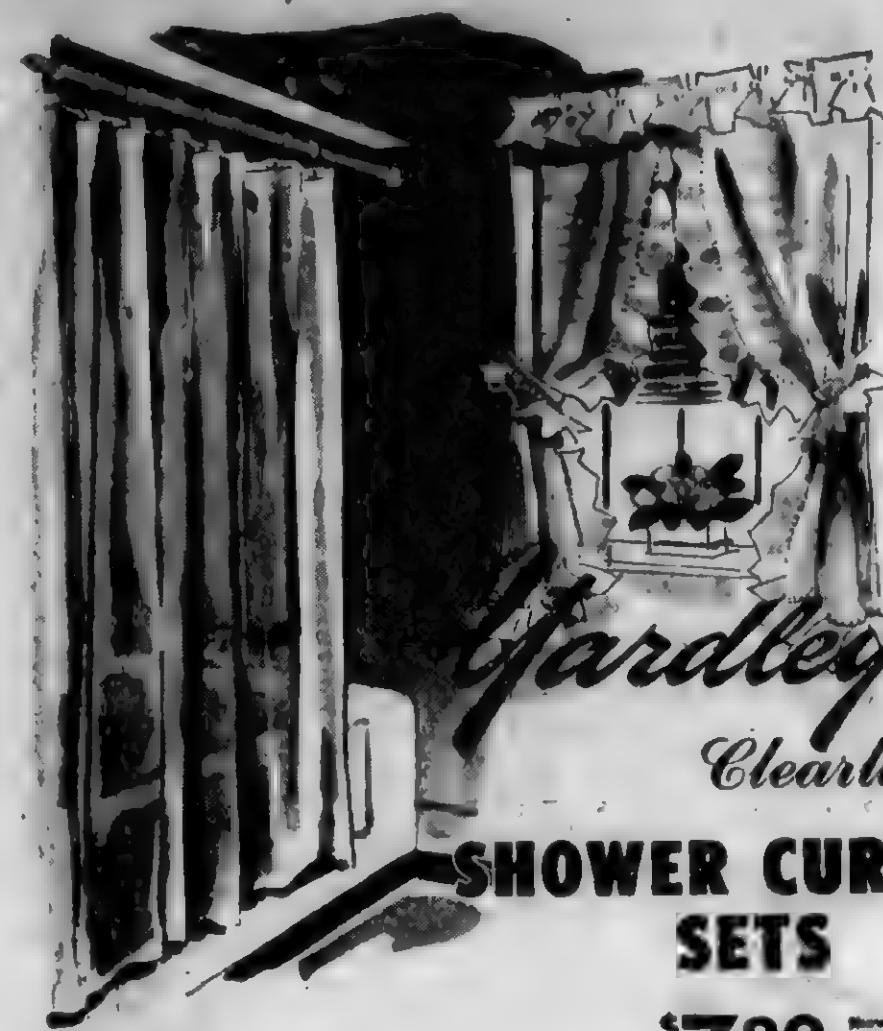

The son of Mr. and Mrs. W. E. Porter of 271 S. Warren-av, Captain Porter was graduated from West High School and attended Ohio State University.

Style Pointers For Spring

Smooth surface wear on velvet dresses to wear with flowered and be-ribboned millinery of early spring brings into prominence such fine workmanship as faggoted seams, halter work necklines and smoothly joined color insets.

Style prestige of beautiful fabric draped into more voluminous sleeves, tiny waistlines, and hippler skirts is self-evident. Any trim that detracts from an established silhouette invariably weakens the fashion picture.

Taking the drabness out of rainy weather headgear, designer Walter Florell of high style fame has created a sailor of transparent plastic. It's trimmed with a solitary, beautiful, full-blown rose which can be slipped off the brim and placed in full view atop the hair under the hat crown during showers. Come a sudden change of weather or upon reaching shelter, the decorative rose is easily tucked back into its brim perch.

Home owners! Fill in the sign above with today's value of your own home. Then check the amount of your present insurance against that figure.

This is a serious appeal from the fire insurance business to act in your own interest — to protect the greatly increased value of your property.

The value of your home might well be from 30% to 50% more today than in 1939. Yesterday's insurance cannot cover today's higher property values. The increase in value of your furniture, rugs, clothing, jewelry may represent additional thousands in assets

you stand to lose if fire destroys your home and belongings.

Fire losses every day are awakening home owners to these tremendous increases in property values—too late! We who live and work in the fire insurance business see this daily evidence piling up — evidence of the tragic and needless losses home owners are suffering through inadequate insurance protection.

In this critical nation-wide situation—your fire insurance company offers you the services of your local fire insurance agent or broker. A telephone call to him today may save you thousands.

Council To Meet Tonight

This evening's meeting of the Hilltop Community Council, to be held at the Hilltop Lutheran Church, promises to be one of the most important meetings in its history.

According to F. Kenneth Dickerson, special events chairman, and Charles P. Maus, president, unheralded and unexpected announcements of special import will be made. Both men have been working on this special program for some time.

Ray Dietz, city parks commissioner, also promises a surprise in the matter of the proposed skating rink to be erected in Westgate Park.

Deibert and Stanley Truman, returned service men, will also present their plans for establishing a boxing club for the Hilltop. Gene Garrison will report on the progress being made by the newly formed Young People's Dance Club.

The committee of the dance club met Monday and appointed the following committees:

Ruth Platt, Ned Moore, Cherry Moss and Ken Dickerson, publicity; Don Denney, Jinks Witherspoon and Dick Hershberger, dance band and intermission; Jim Slager, membership; Jo Six, refreshments; Jimmy Martin, check room; Mary Ann Mitchell and Norman Dolder, general chairman.

The committee will meet Monday at 7:30 at 38 N. Ogden-av., at which time final plans for the first dance will be drawn up. The time and place of the dance will be announced in next week's Hilltop Record.

Announcement of the Easter egg-hunt plans, findings of the moving picture survey and plans for Memorial Day program will also be made.

Kerns Are Safe After Tidal Wave

The many Hilltop friends of Mr. and Mrs. Kenneth H. Kerns will be interested to know that they are safe and unharmed at their Honolulu home following the great tidal wave that destroyed so much property and cost many lives in that area.

A special delivery was received by Mr. and Mrs. Howell Kerns, 615 S. Burgess-av., parents of the former Hilltopper, Saturday morning, stating that they had not been harmed by the tidal wave although it did come half way across the street in front of their home.

Mrs. Kerns and their three-year-old daughter, Vicki Lee, had just arrived in Honolulu on Feb. 28. Mr. Kerns, who had spent two years in that area with the U. S. Navy, had gone there to accept a position as artist with Holst and Cummings Advertising Company following his discharge from the service last November.

Mrs. Kerns is the former Louis Bennett. They reside at 2055 Ala Wai Boulevard, Honolulu, T. H.

New Church To Be Built By Nazarenes Soon

This is the architect's sketch of the new Warren Avenue Church of the Nazarenes to be erected in the near future at a cost of more than \$100,000. The structure will be of stone and will cover the space now occupied by the present parsonage and church building at the corner of S. Warren-av. and Whitehead-rd. The new building will seat at least 1000, with additional facilities for Sunday School.

The church at present has \$52,400 in cash toward the erection of this building. A campaign is being launched to obtain an additional \$25,000 before Jan. 1, 1947.

Rev. Harris B. Anthony, who has served this church as pastor for more than eight years, is in charge of the building program. The architect is Ralph R. Orm.

A special six days revival opens Tuesday evening at 7:30 at the Warren Avenue Church of the Nazarenes, with Dr. D. Shee by Corlett of Kansas City Mo.

Dr. Corlett is the editor of the "Herald of Holiness," the official paper of the Church of the Nazarenes. He is said to be one of America's greatest gospel preachers and the author of many books.

Services will be held each evening 7:30 through April 21. Easter Sunday morning there will be a great unified service at 9:30. At this service an Easter Cantata will be presented; babies will be baptized, followed by an Easter message by Dr. Corlett.

Petitions On File for Water

Petitions for obtaining city water in the Brown-let section have been filed and are being checked at the county courthouse, Ben McNeal told the Monday night meeting of the Wilson Heights Civic Association. F. E. Campbell presided in the absence of the president, Ray Jones.

Contracts for gas service are being signed and will be turned over to the Ohio Fuel Gas Co. in the near future, it was announced.

Mrs. Dorothy Blakely and Mrs. William Williams were named as a committee to work with the Wilson School officials in an attempt to reduce the hazard of school children walking in Brown Road on their way home from school.

Smith, Hutt Star On Track

It was Bill Smith day on the Magly Field cinder path Tuesday as the track star teamed up with Austin Hutt to give West an 83 1/3 to 34 2/3 victory over East.

Smith won the 440, 220, discus and broad jump, setting a new Magly Field record in the broad jump with a leap of 21 feet, two inches, and in the 220 which he ran in 22:09.

Hutt did his bit for the Cowboys by winning the half mile, mile, high hurdles and second in the 440. For good measure he ran on the winning mile relay. He set new field records in the half mile with 1:36.5 and in the mile with 3:44.3.

Edwards Opens Body Repair Shop

Paul Edwards, discharged from the Navy last October, recently opened an auto body and fender shop in New Rome.

During his time in the Navy, Mr. Edwards served as an Aviation Metalsmith First Class. He was stationed at Great Lakes, Ill., Farragut, Idaho, Shoemaker, Calif., and Seattle, Wash.

Mr. Edwards has been in the business since 1929. From 1935 to 1941 he operated a body and fender garage in Newark, Ohio. From 1941 until the time he went into the Navy, he was assistant general foreman at the Curtiss-Wright plant.

He is married and lives at 4491 W. Broad-st.

Rev. W. H. Schoof Kiwanis Speaker

Rev. W. Howard Schoof, pastor of Hillcrest Baptist Church, will give an Easter talk before members of the Hilltop Kiwanis Club at the weekly meeting of that group next Thursday. Rev. Schoof is himself a member of the local Kiwanis Club.

At today's noon luncheon meeting the organization is to hear Paul Bixler, newly named head football coach at Ohio State University.

U. S. 40 To Be Made Four Lane Highway

There is a good possibility that U. S. Route 40 from the city limits to New Rome will be made into a four-lane highway, as soon as the project can be worked out and scheduled for action.

Grover Snyder, division engineer with offices in Delaware, told the Hilltop Record that the matter was being studied and that an effort would be made to put the project on an emergency basis because of anticipated traffic problems that will arise when the Turnsted Plant (General Motors) is put in operation.

According to Mr. Snyder a 24-foot highway is under consideration that would make possible four-lane operation. This would mean cutting down the south side of the road that is now macadam surfaced and making a divided highway on a level with what is now the north half of the road.

Because of the emergency nature of the project, there is a possibility that work would be started next year, Mr. Snyder said.

Chubby's To Practice Friday - Chubby's Market Baseball team will hold an important practice on Friday evening at Westgate Park at 6 o'clock.

At 2 o'clock on Sunday the local nine will be host to the Columbus Merchants at Westgate Park. Manager Dave Dupler is still looking for a few more ball players. Anyone interested is asked to report Friday night.

P. T. A. BOARD TO MEET - The executive board of Highland Avenue School will meet Thursday, April 11, at 1:30 p. m. in the teachers' room at the school.

Richards Brothers Back In Baseball

The Richards brothers, Jake and Bill, are making a pretty good showing for themselves this first baseball season since they were discharged from the Navy. Bill is playing professional baseball and Jake is trying out for a college nine.

Bill, the younger brother, has signed a contract with the Boston Braves farm system. He is now in spring training at Evansville, Ind. After the training period he will probably be farmed out to the Owensboro, Ky., club. However, he may go with Richmond, Ind., or the Evansville team, a class B outfit. Bill is trying out for the shortstop position.

Jake started in at Miami University at Oxford, Ohio, last February. He's out for baseball this spring and from reports it looks as though Jake will be one of their better pitchers.

According to Joe Donnelly, of Columbus Cycle Co., local scout for the Braves farm system, "Bill is fast on his feet. I look for him to develop into a good ball player. The manager there at Evansville will look him over and maybe he'll make a pitcher out of him. But, we need shortstops, especially."

Both Jake and Bill played

Bill Richards

heads-up baseball during their time at West High School. Jake helped get the district championship for West in 1939 and the city championship in 1940 and starred for the Buck nine until he broke his arm in the middle of diamond season of 1941. Jake graduated in June, 1941.

Bill was moving around from

Jake Richards

the outfield to shortstop and the mound in 1942 when West kept the city title again. He was assisting with the winning of the 1943 championship when he went into the service. During summer vacations both played on American Legion teams.

Then along came a war. First, Jake joined the Navy in October

Good Friday Services Planned

Union Good Friday services, sponsored annually by the Hilltop Ministerial Association, will be held this year in the Wheatland Avenue Methodist Church.

The service will be continuous from 1 to 3 o'clock in the afternoon with messages by several Hilltop ministers and special musical selections in keeping with the occasion. Rev. M. E. Nelson is pastor of the host church.

An invitation is extended by the ministerial group for all persons to attend these services. Rev. C. F. Lutz, pastor of the Burgess Avenue United Brethren Church, is president of the association.

Devotional talks will be given by Rev. Denver Smoot, Rev. J. B. Shellhaas, Rev. Chester Stanley, Rev. Harris B. Anthony, Rev. H. W. Schoof and Rev. H. L. Hal-dy.

West High Drops Opener To Bulldogs

The West High baseball team discovered Tuesday night that winning seven city championships in a row is not going to be any bed of roses. The Cowboys opened the 1946 season by losing to South High to the tune of 5-2. It was the first defeat suffered in league competition since 1943.

Said Coach Rose, "Our boys played a good game. They hit the ball hard but they were hitting right at the fielders."

These double plays executed by South proved too much for the local boys' scoring chances, coming as they did at a crucial period in the game. The Cowboys showed that they too were on their toes by pulling two double killings themselves.

West will entertain East on the local diamond Friday afternoon with Bill Buckingham as the likely hurler. Bill set down the OSU Junior Varsity with two hits last Wednesday while West won its sixth consecutive pre-season game 8-1.

The following day they will play two games against Mansfield here at home with the first game to start at 1 o'clock. Thrush and Theisen are the probable pitching choices.

Bob Phelps went all the way in the South encounter, giving up 8 hits for his first defeat of his high school career. The 5 bingles of his teammates were not enough to pull the Cowboys through in the face of excellent Bulldog fielding.

P. T. A. BOARD TO MEET -

The executive board of Highland Avenue School will meet Thursday, April 11, at 1:30 p. m. in the teachers' room at the school.

Business and residential developments in and around the Hilltop totaling several hundreds of thousands of dollars were being discussed in real estate and business circles this week. Some of them are known to be definitely "set" and ready for action as soon as building regulations permit; others are admittedly still in the "blue-print" stage.

Real estate dealers contacted in a brief survey by the Hilltop Record were unanimous in their contention that the Hilltop and surrounding territory is due for an unprecedented business boom during the next three to four years.

One of the biggest single developments known to be ready for construction as soon as restrictions are lifted is a 16 to 24 lane bowling center to be erected on a tract of land on the north side of Broad-st. between Westgate and Brinker Avenues. While persons financially interested in the venture would not permit the use of their names at this time they did admit that the modern sports center would be built soon.

Work is expected to be started next week on a Ford-Ferguson sales and service building to be located on a 18-acre tract of land in the 4100 block of W. Broad-st. near the new General Motors plant. According to John Falter, who took title to the land several days ago, a concrete block building 65 by 185 feet will house the new farm equipment company. It will be operated by the Murphy Tractor Sales, Inc., a newly formed organization, headed by Lewis Murphy, 446 Chesterfield-rd. The company is also building a building for service organization in the 3100 block of E. Main-st.

The 15-acre tract of land was purchased recently from the Judge Edward Turner farm and is located north of Broad-st. It is believed that because of the nature of the business government restrictions on commercial buildings may not apply.

E. M. Landry, district manager of the Sun Oil Co., told the Record that plans had been made for the erection of a \$100,000 warehouse and office building on the company's bulk plant location just west of the viaduct on W. Broad-st. However, government building restrictions have definitely stymied the project for this year.

Mr. Landry said that as soon as commercial building was again possible the building program would be started. He said that 18 central Ohio counties are served from the Columbus bulk plant.

It was understood that a group of professional men were investigating the possibility of erecting rows of apartments on either side of Chase-av. immediately south of Broad-st. At present Chase-av. does not exist between Broad and Olive but a development project now being considered would run it through. An area comprising 40 city lots starting at the Shell Service Station and running west on Broad-st. to the Capital Conservatory of Music and south as far as Olive-st. was purchased several months ago by Dr. Jack Miles, Dr. L. R. Leaman, Dr. Robbin Sharp, Dr. G. T. Martens and Dr. Clair Smith of Marion.

Business Development Expected - According to present plans, some sort of business development is expected on Broad-st. between Powell-av. and Chase-av. The nature of this development could not be learned at this time. Approximately 20 apartments would be included in the contemplated row.

It was learned from reliable sources that a business block development is being planned for four lots on the south side of W. Broad-st. just west of Chase-av. The nature of the business contemplated could not be learned. The frontage includes the old Eagles Hall, a brick building just west of Chase-av.

To Build 14 Homes - Building permits were issued to the Westmore Building Co., 1758 Northwest-bldg., for 14 one and one-half story dwellings to be erected on Butler-av. between Whitethorne-av. and Belvidere-av. The houses are to be built veneer with one-car garages of concrete block. They will run from 618 to 688 Butler-av. The houses are slated at \$7000 per unit.

Dr. H. C. Nolen told the Hilltop Business Men's Association at their regular monthly meeting Tuesday night that the food situation in Europe is "a mess" and that he saw little that this country could do to straighten it out.

"I do not believe we can ship enough food into Europe to break up the black market that operates there," he said. He explained that the chief reason for the bad food distribution in foreign countries is that only a fraction of food produced in those areas ever finds its way onto the legitimate markets.

Dr. Nolen, a professor in the College of Commerce at Ohio State University, served on Gen. Eisenhower's staff in Europe during the war.

James R. McLees, contractor at 330 S. Burgess-av. and Spears Funeral Home, 2693 W. Broad-st., were voted into membership by members of the HBMA. Six new members were inducted into the organization. They were Joe Ry-an, Ira M. Claggett, Ralph Waldo, M. G. Norris, Otis Buchanan and John Garver.

Superior Printing Co., owned by Mary Bentz, Gus Johnson, Mrs. E. H. McConnell, Hazel Bercaw, Dewey Stout, H. G. Deems, Del Witherspoon, Ralph Waldo, Delbert Pack and Joe Goodwin.

Coach Wise To Be Booster Speaker

Harold Wise, former football coach at West High School, now on the coaching staff at Ohio University, will be the speaker at tonight's testimonial dinner for the West basketball team and guests. The affair is to be held at Hoge Memorial Church with Judge Rodney Ross as master of ceremonies. The West Athletic Boosters' Club is sponsoring the dinner.

Reservations at \$1.50 per plate can still be made until the capacity of the dining room is taken. They may be obtained from Les Weisand, 3181 W. Broad-st., RA. 3160; George Hardy, 94 Wisconsin-av., RA. 1878; and Richard Francis, president of the club, 378 S. Richardson-av., RA. 0725.

Mrs. George Moore, Worthington, Ohio (formerly Kathryn Harrison), of 2964 Wicklow-rd., gave birth to identical twin boys April 4, in Mt. Carmel Hospital. She is the daughter of Capt. and Mrs. Frank Harrison, 2964 Wicklow-rd.

Bill served on board various types of ships in the Atlantic and European waters. He made 19 trips across the Atlantic. He wore three battle stars in his European Theatre ribbon. Bill was a Seaman First Class.

In between trips Bill played some baseball at the naval base at Norfolk, Va., where Bob Falter, the Cleveland hurler, managed the team before he was transferred on board ship. Young Richards also played some ball in California last year after his tour of duty overseas.

While at West, Bill also played basketball and football. Jake was a letterman in basketball as well as baseball.

Jake and Bill are the sons of Mr. and Mrs. Frank Richards, 378 S. Terrace-av.

Radiator Venting Improves Heating

A common contributor to faulty heating is the accumulation of air in radiators.

In steam-heating systems, air is normally expelled through automatic valves. A steam radiator that cannot be fully heated may indicate a defective relief valve which should be replaced.

Where hot-water systems are used, there is usually a small hand-operated valve on each radiator through which accumulated air is released. It would be worth his while for the home owner to open these valves at regular intervals or whenever a radiator does not heat properly. Shut off the valve as soon as water begins to appear. If the valve key is kept in a convenient place, it will be found an easy chore to keep radiators free from air and in proper operating condition.

Combined Study-Sitting Rooms Are Popular

There is no room in the modern small house of today for an old-fashioned dignified library as a separate interior. The combined study-sitting room or bookish living room has replaced the old time separate library.

In a study-sitting room, bookcases have a decorative as well as a practical value, and the artistic effects possible in such a room are many. Bookshelves in a living room, placed in proper relation to a fireplace, give an impression of height and dignity to the whole room.

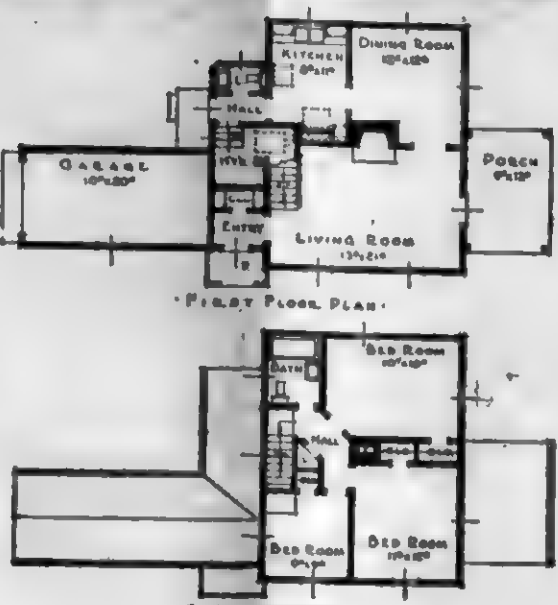

Built-in bookcases and bookshelves will add charm and color to a living room or a sitting room.

Sidewalks Give Safe Spot For Children's Play

Sidewalks are more than just a convenience for the individual. They are a neighborhood asset.

Sidewalks provide a dignified, comfortable, and safe thoroughfare for walking to the shopping centers, bus stops, and to other neighborhood objectives.

Experts believe that wider roadways—the usual alternative to sidewalks—are a poor substitute in that they are neither so attractive nor so convenient.

The safety factor looms large in consideration of sidewalks, since children can enjoy far more safety in going to and from school if they have a sidewalk on which to move rather than a roadway. Although most residential neighborhoods attempt to control the speed of traffic, hazards are always involved when pedestrians and vehicles use the same thoroughfare.

Another point in favor of sidewalks is that they offer a place for children to operate their wheeled toys in safety. Many of the serious traffic casualties have resulted from children skating or coasting into automobiles or trucks.

Characteristics of Sidewalk Materials Are Enumerated

Walks are among the useful improvements which add to the appearance of a property.

The materials most commonly used for walks are flagstone, brick, and concrete, and each has individual characteristics. Flagstone lends itself to walks of an informal nature. Brick walks are colorful, and the brick can be laid in a variety of patterns. Concrete walks are especially appropriate in cold climates since they can be easily cleared of snow and if well built will withstand freezing and thawing.

The width of the walk will depend upon its location and use. Main walks are usually four to five feet wide; rear yard or garden walks are from one and one-half to three feet wide.

Advice for Flagstone
Flagstone walks may have a bed of either sand or concrete. When laid in sand a four-inch gravel or crushed stone fill and a two-inch sand bed should be provided. Stones one and one-half to two inches thick should be used, and they should be laid with joints from three-quarters to two inches wide. This type of walk is subject to displacement by frost. Flagstone set in concrete should have a six-inch gravel, cinder, or crushed stone fill, a four-inch gravel concrete slab, and a one-inch mortar bed. Stones may be thinner than when laid in sand but should be at least seven-eighths-inch thick.

Brick may be laid either flat or on edge for walks. A three-inch concrete bed should be provided, and the brick should be laid in about an inch of sand, using sand for the joints. If the soil is not porous the concrete slab should be laid on a four-inch gravel, cinder, or crushed stone fill to assure good drainage. For climates where severe freezing does not occur a bed of tamped sand three or four inches thick will be satisfactory.

Advice for Concrete
Concrete walks can be laid directly on the earth if the soil is well drained. If not, a four to six-inch base of cinders or gravel should be used. Four inches is considered a satisfactory thickness, and the full thickness of the concrete should be placed at one time. Expansion joints are necessary every four or five feet in the length of the walk.

Walks should be finished with a wood float to produce an even gritty surface. This should be done several hours after the concrete is placed, when it has become quite stiff but is still workable.

Concrete should not be troweled to excess. This has the tendency to bring cement and water to the surface and produces a finish which is apt to dust.

Walnut Planting Time

More than a million additional walnut trees are being planted this Spring. Planting of nuts is the preferred method, and is shown in the picture above. Trees grown from the nuts develop faster and the initial cost is much less than that of seedlings. Here's how to plant: Strip soil from area about 18 inches square. Dig hole two inches deep with hoe or stick. Plant one or two nuts and tramp dirt over hole. Nuts were provided by member mills of American Walnut Manufacturers Association, and are now being distributed by State Forest nurseries.

Walnut seedlings are being planted in the illustration above: Dig 16 square inches of soil; dig a hole large enough to accommodate roots; hold seedling at "collar" and place it in hole. Fill half full of fine soil and tamp down—don't pound. Then completely fill in the hole and tramp down with feet.

Proper Cellar Ventilation Eliminates Most Dampness

Dampness in the basement and undesirable odors resulting from dampness normally can be eliminated through proper ventilation.

Basement windows often must be placed partially or almost entirely below the ground level and outside airways used to obtain the desired natural light and ventilation.

Airways for basement windows are often made too small. To provide effective light and ventilation, the width of the area should be at least equal to its depth. Its length should not be less than the width of the masonry opening of the window. The bottom of the area should be about six inches below the top of the masonry sill of the window. The use of deep areas from which leaves and snow cannot be readily removed should be avoided.

Brick, poured concrete, concrete blocks and corrugated galvanized iron sheets may be used for airway walls. When built of masonry, area walls should be eight inches thick. When concrete is used, the walls may be six inches thick. The walls should rest on firm ground, and to prevent damage due to frost action the bottom of the walls should be carried below the frost level experienced in the locality.

Efficient drainage of the airway is important. Good drainage may be obtained by covering the area bottom with a layer of cinders, broken stone or gravel, or with brick laid in sand and with open joints. When the soil is porous no other special provision for drainage will be needed. If the soil is of a type that does not permit rapid drainage, it is advisable to provide for drainage of the airway by use of a pipe installed to carry water away from the building.

Shade Trees Are Great Asset To New Building

Builders of new homes will find it advisable to set aside a small sum of money for a sizeable shade tree, land planning officials say.

It is suggested that the home owner go to a reputable nurseryman and select a tree of a hardy, long-lived variety which will add permanent value to the property. The owner should avoid one that will grow so rapidly as to be seriously injured by the first wind or ice storm, or one whose roots will come to the surface and injure lawns or will clog sewer lines. Some hardy trees are naturally low-branched or cast dense shade and, if used, should be placed where they will not interfere with lawns, driveways and walks.

Site Protection
When a neighborhood has been solidly developed in accordance with accepted good housing practices, such a development alone usually constitutes good protection from adverse influences.

We Trust You
"It isn't necessary for you to tell me what you are going to do with the money you withdrew, madam," said the bank teller as the line at his window lengthened.

GI Financing of Farm Is Outlined For Beginner

Here are some of the facts from a Successful Farming magazine story of a young GI's start in farming, to show other would-be farmers some of the problems that he faced. Orval Hellekson, who is starting to farm on a Polk County, Iowa farm, says that his first device is to "get some working capital of your own, get some farm experience, don't depend too much on the GI loan."

Hellekson got his working capital and experience by trading his labor for a neighbor's machinery and farming his land for a year before he was married. The GI loan guarantee, it must be remembered, is a guarantee, not an actual loan, for half of any sum up to \$20,000. But the GI unemployment clause, which promises to pay up to \$20 a week until a new business begins to show a profit, helped Hellekson over some of the roughest spots.

Land Is Problem

Getting land to farm is another big problem. Owner-operator agreements are the best bet. He has a long term agreement with his father by which he will buy from him 40 acres and buildings. He also rents 100 acres from his wife's father.

To start his herd of purebred milking shorthorns, he bought three registered shorthorn calves and two grade shorthorn heifers for \$500. To have milk on his farm before his own heifers were freshened, he agreed to keep any cow and her new calf until the calf was two months old, and then return the calf to the owner, keeping the cow thru her lactation period.

His minimum machinery lineup consists of all the tractor equipment, a two-bottom plow, fertilizer attachment, foot disk, harrow, moulder planter seeder, a steel-wheeled wagon, tractor mower, and a home-made trailer. Besides the tractor and a cultivator, he shocked his neighbor's oats in exchange for grain binding. This fall the two men bought a cornpicker together.

Equipment and fencing for the livestock and poultry enterprises ran about \$470, split three ways—\$50 for the poultry, \$120 for hog waterers and feeders, and \$300 for board fencing around the cattle yard and other fence repair. The total starting cost for machinery, livestock, poultry and equipment was \$3,425.50.

The Mexican War was not a popular one with the American people, Abraham Lincoln, then a member of Congress, opposed it, declaring that those who said that the war was not one of aggression made him think of the Illinois farmer who said: "I ain't greedy 'bout land. I only want what jines mine."

Parents' Consent Required For Men Under 21 Years

The Navy announces a change of policy regarding consent of parents to men under 21 years of age who wish to join the Navy.

All men 17 to 20 inclusive must have consent papers signed by parent or legal guardian.

For aid in getting proper papers signed or additional information applicants should see the local Navy recruiter at the Navy Recruiting Station, Old Post Office, Third and State-sts.

Overseas Duty Now Available To Women's Corps

Overseas service is now being offered to enlisted personnel of the Women's Army Corps, the War Department announced yesterday. Openings are available in the European Theater for 100 women in five specialist categories. This applies equally to Wacs who reenter the service, who will be given the grade which they held at the time of discharge, and to those still in uniform who volunteer to remain beyond their scheduled time of discharge. All applications for reenlistment must be filed in local U. S. Army Recruiting Stations by midnight April 30.

"Opportunity for the coveted overseas service is thus being offered equally to Wacs who took their discharge when they became surplus and those still on active duty," Major General W. S. Paul, ACS, G-1 commented. "Priority will go to those women who have not served overseas because at the present time there is only a limited need for such duty. We are attempting to be fair to the many Wacs who were denied the chance to go overseas but who served long and creditably in this country during the war. If that pain proves inadequate, those who have had overseas service will have the opportunity of again serving overseas."

"The whole basis for the reentry and volunteer programs now being conducted by the women's Army Corps is the need for skilled personnel," General Paul continued. "In spite of the fact that there are some military installations where Wacs are no longer needed, there is an acute demand in others for certain skills. For instance, requisitions by the Army Service Forces remain unfilled at this time. The War Department is thus actively engaged in a program to retain or re-obtain Wacs with those skills which are in demand, both for service overseas and in this country."

Fire Protection Begins In Cellar

Most fires in homes start in the basement.

A basement ceiling of fire-resistant material reduces the fire hazard by delaying the spreading of fire to the upper stories, according to officials of the Federal Housing Administration. Such a ceiling also improves the appearance of the basement and helps prevent the passage of dust from the basement to rooms above.

Before installing the ceiling any openings between wall studs and the first-floor joists or around pipes and registers should be closed or in builders' terms, fire-stopped. These openings, unless closed, become flues through which a fire in a basement may be drawn into the walls and floors above.

Openings to be satisfactorily fire-stopped should be tightly closed with wood blocking or an incombustible material such as fire-retardant insulating wool.

Any one of several materials may be satisfactorily used for basement ceilings. Gypsum board or asbestos board which come in sheets may be nailed to the bottom of the joists. Or, if desired, cement plaster can be applied on metal lath or gypsum plaster lath.

Basement ceilings are an improvement which may be financed with funds obtained from private lending institutions approved by the Federal Housing Administration under its Modernization Credit plan.

No Use Kidding

"Now, before we go any further, shall we agree there's no use kidding our selves," said the salesgirl confidently to the stout matron at the corset counter.

model house of the month

Exclusive Design of Monthly Small House Club, Inc.

More than half the task of making your dreams of a New Post War Home come true is choosing the design you want to build. Once that is done the contractor will know what materials he is going to need. You can select the perfect site from many available lots. You can retain the architect you want, to supervise construction. And thanks to the program this newspaper and your local business people have undertaken for you, you can actually go about the business of selecting the new furnishings, the new appliances you are going to want and need, while the building is under way.

This is the magic of the new series of Post War All American Homes being pictured by the Hilltop Record with the collaboration of the famous Small Monthly House Club, Inc.

With each new Post War All American home pictured, blueprints and building specifications become available from the Monthly Small House Club, Inc., whose architects designed the houses featured in this series. Availability of precise plans makes it possible for local stores to set up model rooms—furnished complete—for you to inspect as you plan.

Today we present the Endicott, pictured at the left. Like all Monthly Small House Club homes it is designed to meet rigid standards required for FHA financing. Next week we will offer another house. Blue prints and building specifications are available for all. Use the coupon below.

Questions And Answers

Q. I plan to landscape this spring. Cape Cod cottage this spring. What size shrubs should I use?

A. Select shrubs which will not be too large. Low shrubs add to the apparent size of the house. Taller shrubs may be planted around the doorway to accent this feature. Use care in selecting the type of shrub since some require constant trimming and pruning to keep the size down to that desired.

Q. Can you tell me the purpose of cross-bridging between wood joists? How should bridging be installed?

A. Bridging provides a means of laterally bracing wood joists. It also assists in distributing the weight or load imposed on one joist to the joists on either side of it. Joists should be bridged at least every eight feet. One-inch by three-inch material is usually used, the end cut at an

angle to fit solidly against the face of the joist. To be effective, cross-bridging must be securely nailed in place.

Q. What is the purpose of a storm window?

A. Storm windows create a dead-air space in front of the permanent window sash. This air space tends to reduce heat loss through the glass area and the infiltration of cold air. Storm windows are especially helpful in preventing the frosting of windows, since they reduce the possibilities of condensation on the inner windows. To insure good protection, storm sash should fit tightly. When hung from the top on hinges or other hangers, a device should be provided so that the window may be held open when ventilation is desired.

Clean Out The Corner

Visitors to the Hilltop approaching on West Broad Street from the east are greeted by an unpleasant sight at the foot of "hospital hill." Unsightly weeds, brush and undergrowth give the appearance of "poor house-keeping."

The contrast is especially noticeable between this condition and the neatly kept Glenwood Park lawn that covers the slope directly to the west and attractive homes beyond.

This summer thousands of people from all parts of the city will be visiting the Hospital Ball Diamonds and other parts of the Hilltop weekly. Certainly the manpower is again available to have this corner cleaned up before a new growth of weeds gets too much of a start. Only a few days work would be required to clean and burn the present accumulation of trash.

The City of Columbus as a whole would benefit from having this piece of city-owned property put in a more presentable condition.

Pity the Werewolves

The way things are going, it will only be a matter of months before most Americans will be feeling guilty of having fought and defeated Germany.

This sense of guilt is the goal of a carefully-conceived and widely-supported propaganda campaign to make us pity the Germans. In some parts of the country, fund-raising drives are under way to re-build the German public buildings which our airmen "ruthlessly destroyed." Certain writers, certain preachers, even certain Congressmen, are expressing deep concern that the level of nutrition in Germany today is only 1900 calories per person. They express this concern despite the fact that there are parts of Europe recently liberated from German conquest where the daily food ration is less than 1000 calories per person. These propagandists tell us that we fought a war of punishment; that in eliminating Hitler, Goebbels, Goering, and a few others, the punishment was completed, and that now we should extend the hand of mercy to the "innocent" German population.

A level-headed American desires to be neither vindictive nor a sucker. He knows that the German will-to-aggression did not die when a few Nazi heads were lopped off. He knows that only by strict limitation of German industry until such time as Germany has proved her regeneration, can the German cause-of-war be eliminated. He knows, above all, and with a profound sense of American sportsmanship, that it is an evil and vicious policy that would treat Germans with more consideration than Frenchmen, Poles, Greeks, Yugoslavs, and Norwegians, and all the other Europeans whom Germany so very nearly destroyed forever.

Nobody should be allowed to go hungry, but it is a little strange that those Americans who are the most fiercely determined that Germans shall not be hungry show no interest at all in the problem of keeping the Germans from starting another war.

THE AMERICAN LEGION PLAN OF UNIVERSAL TRAINING

The above is a chart of the American Legion plan of universal training for national security which is being offered as an amendment to the Gurney-May Bill now pending in Congress. In this program, the American Legion believes it has met many of the objections

of the clergy, educators and parents to other plans.

Under this plan the young man upon reaching the age of 18 or upon graduating from high school, whichever is later, would take a four months basic military training course which

could be given during the summer months. Thereafter he would have five options for completing his advanced training. He would thus be able to select the course that would not interfere with his schooling or business plans.

Timely Rose Culture Hints

Prof. L. C. Chadwick

Dept. Horticulture, O. S. U.

While it is impossible to be specific in recommending dates for uncovering Hybrid Tea roses, now is about the time when the job should be done. It is usually best to remove the hill of soil, or other material, that has been thrown up about the roses for winter protection, before much new shoot growth starts. Fairly early removal of the mulch material will delay development of new shoots, which can be easily damaged by the late spring frosts.

The time honored method of winter protection is putting a bank of soil around the base of the plants before freezing occurs in late fall. While this is a protective measure against winter damage, there is a factor of summer culture which may be even more important in determining how the roses survive the winter. How the roses come through the winter will depend to a considerable extent upon good maturity of the plants in the fall. This means that all insects and diseases should be controlled during the summer, so that good foliage will be present to build ample food reserves and thus maturity and hardiness of the plant. It is therefore true, that if you keep your roses healthy during the summer, less winter protection will be required.

If soil or a large quantity of leaves have been brought in to the rose beds during the fall for hilling, some of it will need to be removed. If the soil in the bed was used, pull the mound down to the normal grade, being careful not to injure the plants. If leaves were used for winter protection, part of them can be worked into the soil and the rest used as a mulch. Where leaves are used as a mulch, work them over occasionally during the summer so that they do not become packed down.

Smiles

A small troupe of Shakespearean actors, sadly lacking in box office receipts, was lounging in the lobby of the town's only hotel. The manager joined the group and, addressing the leading man, announced: "Remember, we're playing 'Hamlet' tonight."

"Hamlet," replied the star. "I can't play 'Hamlet' with this four day beard. Let me have 35 cents for a shave."

"Thirty-five cents?" cried the manager. "Nothing doing—we'll play 'Macbeth'."

"John, I'm going to harass you again."

"What makes you use that word, Dear?"

"You frown when I mention the step-ladder, a screw-driver or a hammer."

After giving the private a dressing down for being so late in returning with the supplies, the sergeant demanded: "Okay, let's hear how it happened, Miller."

Private: "Well, I picked up a chaplain along the road, and from then on the mules couldn't understand a word I said."

LIFE'S LIKE THAT

by FRED NEHER

The other day, as I was buying my groceries, I noticed a huge poster tacked on the wall bearing the words "Save Bread for Europe" and somehow the grocer and I began talking about food conservation. He told me that many women do not realize just how much food they waste every day. And I told him my favorite trick for keeping food fresh and cutting down food costs at the same time.

"Waxed paper," I said, "is the clue to food saving that a lot of women simply overlook. I always choose items wrapped in waxed paper and use that paper to protect my foods and insure their freshness. Take a loaf of bread, for instance — by carefully re-closing the waxed paper wrapper on my bread after taking out just enough for each serving, I can keep it fresh for days. Cereals, too, as well as many other foods, keep fresh ever so much longer if the waxed paper lining is folded carefully every time the package is put back."

The grocer told me that I should pass that trick along to every housewife I know — that, according to actual statistics, if each housewife would save only one slice of bread a day, the national saving would be a million pounds of bread daily! Enough to feed 5 million people! Think what that would mean to the people in Europe who are actually starving! You've been reading about the urgent need of food conservation — and hearing it over the radio — so why not try my method of saving? Let waxed paper do the work it's intended for — to keep your food fresh and, by eliminating unnecessary waste, help to feed the millions of starving people in Europe.

Are You The Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world—and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

Cotton Frocks Popular

COTTON TIME

Pick your cotton early, 'cause cotton is such wonderful stuff! Once upon a time you loved it because it was clean and cool and colorful. And it's still that, but it has taken on big city airs, too: It's styled with an air for young tricks who go places and do things.

Homespun-textured cotton, woven in the mills of our good neighbor, Mexico, lends its charm to this Fashion Frock of the Week. The corselet midriff, accented by coga line buttons, gives an exciting hand-span waistline above the dirndl skirt of this gay, young Sweet Teen. The high, round neck is bound and ties in a shoestring bow, and the facing of the sleeves folds back and buttons to shyly but surely expose nice arms.

Cotton is oh-so easy to tub... and oh-so easy on Miss Fashion Plate's allowance!

Aviation Course At OSU Comes Under GI Benefits

Veterans who wish to enroll in Ohio State University's aviation school will be able to pay their course costs under the G. I. Bill of Rights educational benefits, university officials announce.

A recent group of six new primary and secondary flight courses were established as a separate curriculum in the School of Aviation and these are covered by government payments if the colleges in which the veterans are enrolled will accept the courses as electives.

Before he can be approved for these courses, the veterans must have had a personal conference with E. H. Brien, director of the operations at the university airport and secure his approval. Fees for the flight training courses will be handled by the proper university offices in the same manner as fees for all other courses.

Daily bus service and a cafeteria at the field are now provided. A group of advanced courses are planned for seasoned service pilots and these, too, will be payable under the G. I. Bill, it is expected.

INSPECTIONS NEEDED

Constant watchfulness on the part of the home owner will aid in large measure the protection of his investment. And consistent vigilance will also safeguard him against the danger of accidents occurring on his premises.

Adequate inspections, made periodically, will prevent casualties that may result through falling of bricks, stone trimmings, and other materials loosened through age and weathering.

Edgie—But you used to be so fond of him. Why do you hate him now?

Edith—Well, last night he told me I couldn't whistle, and just to show him I could I puckered up my mouth, and what do you think the fool did? He just let me whistle.

LAWN LINGO

Yes, I'll have to admit I have some moss in my lawn, too, but I'm working to get it out. (Moss, you know, grows in the lawn when soil conditions are too poor for the growth of the grass, and not necessarily because the soil is acid. Regular fertilization of your lawn is your best answer to the moss problem. Rake off the moss with an iron rake, then apply fertilizer and sow grass seed as suggested in this column last week. Applications of lime without fertilization seldom improve a mossy lawn. Sometimes the drainage is poor, and, of course, this must be corrected if you want to keep the moss out of your lawn. After you've fertilized and seeded the mossy spots, keep up the regular fertilization and other good maintenance practices, and the moss problem will be eliminated.)

Design Home For Safety

What's your post-war dream in a peacetime world? A home all your own? Well, when you build your dream-home, why not design it for safer living, too? The National Safety Council and the Ohio State Safety Council say faulty design or construction is one of the two main factors in home accidents. So take the dent out of accident, by building safety into your home.

West High Paper Drive Nets Over 48 Tons; \$625 Realized

The West High School paper drive conducted on the Hilltop on April 3 netted better than 48 tons to set a new record for the school, Principal Irvin F. Young reported this week.

The 96,890 pounds of scrap paper was sold for \$625. The money will be used to continue the program of grounds beautification started last fall.

Mr. Young said that he greatly appreciated the cooperation of merchants and residents alike who saved their paper for the drive and particularly to the individuals and firms who donated trucks making the collection possible.

During the war the most successful drive netted little more than 40 tons.

The money realized from the paper sale will go a long way in continuing the planting of trees, shrubs and flowers and for other needed improvements about the building and grounds.

NAMED ON BOARD

R. L. Jacobs, 3914 Crescent-dr., was elected to the board of governors of the Ohio Motor Bus Association last week. He is connected with the Arcodel Bus Lines.

Mr. and Mrs. Clark Fly To Tampa, Fla.

Mr. and Mrs. Frank J. Clark, formerly of 285 S. Westmoor-av., left the Hilltop last Thursday for Tampa, Fla. Mr. and Mrs. Clark flew by commercial airplanes to Tampa, where they are temporarily visiting relatives. Due to Mr. Clark's ill health they will establish permanent residence there.

Mr. Clark had lived on the Hilltop for more than 50 years. He was an active member of the Knights of Columbus.

His mother, Mrs. I. J. Clark, lives at 47 N. Oakley-av. He has a brother, Albert, who lives at 140 S. Brinker-av.

Do you realize that a lifetime can be spent in crossing a street? Do you give it a thought when you're about to jaywalk or cross against the lights? Nearly 10,000 pedestrians walked themselves to death in 1944, says the National Safety Council and the Ohio State Safety Council. Remember, it's only two feet from HERE TO HERE—YOUR two feet!

TEEN-AGE DRIVERS HAVE HIGHEST ACCIDENT RATE

Teen-aged drivers have the highest accident rate, based on mileage, says the Ohio State Safety Council. This should make every parent stop and think. As most of the young people of today will drive cars some time in their lives, wise parents will see that they are fully prepared. Why not see that pre-driving is a required course for graduation in your child's school? Teach your child how to LIVE in the motor age!

Rea-Bow Improvement Assn. To Seek Bus Line Extension

The Rea-Bow Improvement Association held its regular monthly meeting on April 2.

A motion was made to ask that streetcar or bus service be extended on W. Mound-st.

Reports on drainage, street signs and other improvements were given and approved.

The attendance at these meetings is growing, and new members are joining.

A survey is being made on gas service, and progress is being made.

Bishop Hartwell spoke on the subject of "A Church for the Community."

The "law of gravity" accounts for falling bodies. But there's a double meaning of the word "gravity" in connection with the falling bodies of people. For the second consecutive year, falls have been the nation's No. 1 cause of accidental death, according to the National Safety Council.

and the Ohio State Safety Council. So, watch your step—to keep from tripping, slipping or stumbling.

Holy Name Group To Be Revived

Bishop Michael J. Ready, head of the Catholic Diocese of Columbus, has appointed Monsignor Robert F. Coburn, pastor of St. Catharine's Parish in Bexley, to be Diocesan Director of the Holy Name Society, an organization which was founded in 1274 to suppress blasphemy, perjury, profanity, unlawful swearing and improper language.

Parochial units of the Holy Name Society have existed in many parishes, the oldest branch in Columbus having been established at St. Thomas' Church, 2692 E. Fifth-av., in 1902. By appointing Monsignor Coburn as the Diocesan Director of the Holy Name Society, it is the plan of Bishop Ready to have an active Holy Name unit in each of the 90 parishes and missions of the diocese.

Jack Kidwell Is Discharged From Service

Lt. Jack Kidwell returned to the Beacon Light Golf Course last week after spending almost three and one-half years in the Army. He will take up his duties as manager of the sporty 9-hole course frequented by hundreds of Hilltop golfers.

He returned to the states from Manila although he had been stationed on the Island of Eboel helping to set up the American form of government in various communities.

Jack has had a chance to play golf himself only two or three times since entering the service but he is rapidly getting back into the swing of things and expects to do some pro work this summer.

He married the former Jerry Edgar. They have a 14-month-old daughter.

Glenwood Is Basketball Champ of City

Outsmarting their opponents at every turn, Glenwood Methodist pulled an upset to win the city basketball title by defeating Century Foods last Wednesday night by the score of 39-35 at Schiller Park.

Glenwood took over the lead in the second quarter and held a one-point margin at the half. It was a close game all the way until Glenwood pulled away in the closing minutes of the final quarter.

Joe Davis took individual scoring honors with 14 point for the Methodists. Jim Remington scored four times from the court and made good two free throws.

Earlier the same evening Sulivant Independents lost out on the intermediate independent title by dropping a hard fought contest to North Side Merchants by a 20-17 count. An overtime period was required to determine the winner.

Play Is Heavy At Beacon Light

Play at Beacon Light Golf Course was exceptionally heavy over the weekend in spite of the fact that spring weather has not yet brought out many of the Hilltop regulars. Persons from all over the city were out despite rain on Saturday.

The course is now in good shape, Mr. Kidwell reports, and a record season of play is anticipated.

Portrait of a Soul

Did you think a soul was invisible? Did you even suspect that it was a theological concept that only ministers could understand?

Well, look into this boy's eyes! Do you see happiness . . . the certainty that life is full of beauty and truth? Do you see hope . . . the assurance that every tomorrow will be better than every today? Do you see courage . . . the fortitude that will look through defeat to victory? Do you see faith . . . the confidence that God hears, and knows, and saves, and helps?

You're looking into a soul! You're seeing the spark of Himself which God has put into every one of us. And you're seeing it still unblemished by the cares and disappointments of life.

You can see a soul through your own child's eyes. But unless you give that soul a chance to grow up with the body and mind that possess it . . . soon you'll no longer see it in your child's eyes . . . and perhaps, someday, you'll no longer see it in his life.

The Church, through careful religious education, develops that spiritual inner-being which we call the soul. Your child deserves the advantage of the Church's instruction. And, in church worship, you will rediscover the beauty and strength of your own soul.

The girls cooked bacon and flapjacks for breakfast in the bright, modern kitchen, and for lunch had spaghetti, carrots, celery, apricots, cookies, and bread cooked on a stick.

Between breakfast and lunch the girls explored the land near about, climbing trees and playing in the creek.

TODAY'S EVENTS

By Clark

"Oh, my aching back!" cried the students of West High School, after the recent paper drive.

Seen Around: EUGENE CLARK and BOB BROWN in Clark's new Model-A Ford. Slacks were thick, along with rolled-up "jeans." This could be plainly noticed since JEANNE WEAVER, LORRAINE GEIS, LORNA BRANDT, and PHYLLIS SMITH were seen wearing same. Super paper-collectors included: "MERT" TOY, JO ANN ROSE,

Prostate Gland Trouble?

I'm a railroad man and for over 2 years had difficulty working because of backaches due to Prostate Gland trouble. Doctor's formula proved of great benefit and before and since his death have sold them (now called Watt's Suppositories) to railroad men and others the country over. Fine testimonials and repeat business show the good work they do. Backache, getting up nights, often indicate an inflamed Prostate Gland. I guarantee your money back if not given relief. One dozen Watt's Suppositories, \$1.25; 2 1/2 dozen for \$2.50. Sold at Economy Drug Stores. —(Adv.)

West High Roundup

By Patty Salant

West Hi sorta invaded Chuck Selby's Danceland instead of the Club Co-ed Saturday evening and from reports they all had a fine time.

The track team had a fine time on the wiener track they had Thursday night and will probably start having some more, so girls grab your man!

I'll bet 10 to 1 that Don Moss won't get a pineapple when he gets his next hair cut.

GLENN HUSTON, JANICE BUSCH, and of course, DON VOLZ. Everyone had a gala time, although stiff muscles and broken fingernails were the fashion.

News of Interest: PAUL PALMER, just here from North, and CAROL BANCROFT, a West Hi'er, seem to be hitting it off pretty well. Mutual interest? They're both crazy (about each other!)

Apology: To LOU ELLEN HOFFMAN: I couldn't get your name in this issue.

Observed: BOB SNOUFFER deeply engrossed in the pages of a book. It must be an interesting subject.

Suggestion: To BOB PHELPS: Since Linden McKinley has threatened to shave your beard, why not give them a few eggs. Yes, seven nice white GOOSE EGGS for their score board. As the little dog said when he cut his tail off, "It won't be long now." Be seen' ya.

Don't anyone forget the Occident Skating party tonight, I'll see you all there.

Seen 'trying to shoot something or someone at Olentangy rifle range Saturday night were Jack Buckingham and Jack Dale.

Seen at the bowling alley—doing pretty good, Betty Van Gastle.

One Koons and Barbara are back home from a wonderful stay in Texas, three months worth of fun. Sure were lucky.

As per usual last Wednesday during the paper drive, there were a lot of kids that didn't bring any papers back, wonder what they were doing all that time?

So it may seem that all good men were born in April, well at least 90 from West were.

Question of the week: "Who is Doug Bell going with now?"

Bob Snuffer trying real hard to hold the door shut on the tripper one morning so that all 80 of the kids that were on wouldn't fall out.

Betty Miller always talking loud enough, so that you can hear her at the other end of the bus.

Sunday was a fine day for a picnic but Det Robinson shouldn't try to have a good time. So she is stiff and sore all this week.

Well Gates, be seen' you all.

Out-of-town Salesmen Are Nabbed Here

Home owners were warned this week to be on the lookout for out-of-town pest moss salesmen who represent their product to be the answer to underground lawns.

Sgt. Edgar H. Butler told the Hilltop Record that two men were arrested Tuesday when they failed to produce a license. The men gave their names as Eugene Williams, 39, Dayton, and Otis E. Miley, 45, of Cincinnati. They forfeited \$25 bond when they failed to appear in Municipal Court Wednesday.

Sgt. Butler said he had received a complaint that the men were attempting to collect \$32.50 from one Hilltop woman for spreading the pest moss over her lawn. She contended that the men had not used as much of the material as she was being charged for. Upon investigation it was found that other homes in the Westgate area had also had lawns treated with the material being supplied to the men by a truck bearing Indiana license plates.

Patrolmen Clarence Osborn and Edward Love assisted in making the arrests. It was explained by police officers that the pest moss has very little value as a fertilizer. It does help to hold moisture around the roots of the grass and thus serve some useful purpose but is not worth the price paid to these out-of-town operators. Prices as high as \$100 were said to have been quoted in some instances.

Bear Market Robbed Here By 5 Gunmen

The biggest Hilltop hold-up since the bank robberies in February, 1936, took place at the Big Bear Market, 2596 W. Broad-st., last Friday afternoon. Five bandits held more than 20 persons at bay while they stole \$664 from the cash drawers. Three of the robbers have been captured; two others are still at large.

Mrs. Billie Warden, 311 S. Richardson-av., wife of Fred B. Warden, manager of the drug department in the store attempted to foil the holdup by drawing a gun on one of the bandits. However, the robber kept the upper hand, but he didn't get any of the department's money.

Kenneth Pound, 344 N. Ogden-av., manager of the store, helped identify the robber band by photographs. Mrs. Cons Shrum, 103 S. Ogden-av., a cashier in the store, was operating one of the registers when the holdup occurred.

Today's luncheon meeting is to be addressed by Rev. W. Howard Schoof, a member of the club. He will give a talk in keeping with the Easter season.

New Restaurant To Open On West Broad

A new eating establishment to be known as the Hughes Four is to be opened on the Hilltop on or about April 25. It is to be located at 2725 W. Broad-st.

Any person interested in this training is asked to call Mrs. M. Meisner, RA. 6190.

Proposed Westgate Park Skating Rink, Band Shell

The above is an artist's conception of the complete, overall suggested program of improvements to Westgate Park made by the Hilltop Community Council, including the presently completed plans for the roller and ice-skating rink.

The band shell and shelter house are suggested figure projects. The skating rink, as drawn, will be 60x125 feet, providing a concrete surface for roller skating with provision for ice skating during the winter months.

outdoor summer dance and picnic parties, and can be used as a platform for band concerts, open air religious meetings, and gatherings.

F. Kenneth Dickerson heads the Community Council's committee responsible for drawing up the plans. The above drawing was made by Wesley Campbell and presented to the Hilltop Community Council by Ray Dietz, the City Parks Commissioner.

Mrs. White Dies In Crash

Traffic accidents were much in the news during the past week when one Hilltop woman was dead and two youths were hurt as a result of accidents.

Mrs. Mae White, 52, of 489 Lombard-av., became the city's 15th traffic fatality when she was killed in a head-on collision of two cars Friday afternoon. The crash occurred on W. Broad-st. at Schultz-av. when one of the cars blew a tire, throwing it out of control.

The car driven by Joseph E. White, 67, husband of the dead woman, was traveling west in Broad-st. when it collided with one driven by Golden Charles, 41, of 1874 McKinley-av.

Mr. White suffered a cut on his left hand, while Charles suffered a cut over the right eye and a serious leg injury. His wife, Ethel, 38, suffered an injured elbow.

Besides her husband, Mrs. White is survived by a brother, Charles Smith of Toledo. Funeral services were held Monday in the Noble Allen Funeral Home.

West Is Loser To McKinley

West High's contenders for the seventh consecutive baseball crown received another setback at the hands of Linden McKinley Tuesday afternoon when they dropped a hard played game 1-0.

Phelps pitched a two hitter while striking out nine batters but his efforts were not enough to pull the team through. He himself poled out a long drive that looked like a sure circuit clout but was robbed of a homer by superb fielding.

The Cowboys were able to garner five hits but committed two errors to add to their difficulties. Slager got himself a triple and then over-slid the bag and was tagged out.

It was the second defeat for West, both to league opponents. McKinley remains in the unbeaten class. Jack Thrush is scheduled to pitch this afternoon when Central comes to Magly Field.

Tomorrow the Cowboys go to Cincinnati for a double header with Western Hills in the afternoon and another twin bill with Withrow the following day.

Saint, Robinson Open Bait Store

Bernard Saint 510 S. Warren-av., former seaman in the Merchant Marines, and Lloyd Robinson, 465 S. Warren-av., this week opened the R. & S. Live Bait Store, at the rear of 2717 W. Broad-st.

Both men are former students at West High School.

Trackmen Are Winners Tues.

West's track team last Tuesday impressively outran Chillicothe's cinder men. The Cowboy runners racked up a score of 70 to their opponents' 48. West collected eight first place ratings and tied for two. Chillicothe won four events.

Bill Smith was the high scorer Tuesday. He won the 440, came in first in the 220 dash and the broad jump, and registered second in the discus throw.

Darrell Hall won the half mile relay. Bob Snouffer placed second in the 100 and 220 yard dashes. Bill Fringle ran second in the high hurdles and tied for first place in the low hurdles.

Middleton States 10th Ward Views

Charles A. Middleton, 99 Belvidere-av., outlined his views on Democratic affairs in the 10th Ward in a statement concerning his candidacy for the committee-man post.

"I am an Independent candidate at the May 7 primary. I served the ward as your committeeman from 1934 to 1938. There was a woman's 10th Ward Democratic club that worked very hard during these years and was a great help. I cooperated with the Franklin County Democratic organization and the 10th Ward Women's Democratic Club in the November elections to help elect Democrats and we succeeded in carrying the ward and elected the Democratic candidates the four years I served.

"I am not against any group or individual and, if elected, I will work with any Democrat who is interested in the success of his party and the election of Democratic candidates," Mr. Middleton stated.

He referred to one rally held at Glenwood Shelter House in 1934, when 700 persons attended and many were turned away because of lack of space.

Hilltop Physician Not Interested In

Beauties Of Tropical Islands

To Dr. Hugh C. Dorr the palm trees and moonlit beaches of Miami, Fla., don't suggest a piece of relaxation. He has seen too many of them on islands in the South Pacific where beaches were valuable only as a place for assault troops to land and where palm trees were used to build bunkers and forts for both U. S. and Japanese troops.

Dr. Dorr, who recently opened offices for the practice of medicine at 2880 Sullivant-av., spent almost three years in the malaria-infested jungle covered islands that don't stack up to the travelogue descriptions most Americans are accustomed to hearing and seeing on the screen. Serving as medical officer with artillery and infantry units of the 32nd Division, he was among the first of the American units to land in Australia and followed the fortunes of invasion units on New Guinea and the Philippine Islands.

Native Of Columbus
A native of Columbus, Dr. Dorr graduated from Aquinas in 1930, earned his B. A. degree at Ohio State University in 1935, and graduated from the College of Medicine in 1939. After internship at St. Francis Hospital through the remainder of 1939 and part of 1940 he was undecided as to whether or not to go ahead and open an office for general practice because the war was imminent. He finally decided to join the staff of the Columbus State Hospital. A couple of months later he joined the National Guard and in less than 30 days found himself leaving for Camp Shelby with the Ohio 37th Division.

At Indiantown Gap, Pa., several months later, he was transferred to the 32nd Division and departed for the South Pacific in April of '42. When they arrived in Australia they found the country in confusion with the Japanese still advancing and little assurance that they could be stopped. The situation was so grave, Dr. Dorr said, that a combat line had already been drawn on paper to defend the southern half of the continent about the middle of the country if the Japanese began pouring into the northern half. In Australia each state or province controls its own railroad system with three different gauges of track in use. Travel by train in any direction necessitates changing frequently from one train to another.

"When we had blackouts over there they were really black," the doctor recalled. "There were absolutely no lights at all after dark."

On Aug. 1 his outfit was ordered to go north from where they had been stationed at Port Adelaide and eventually into the New Guinea campaign. At that time he was with an artillery outfit but was transferred to an infantry unit because there was no way to transport artillery weapons through the jungle covered island. Small arms were stacked on crudely built sleds and drawn by hand over the rough trails.

At Finschaven
In October of '43 he was at a staging area at Goodnuf, later moving on with the invasion at Finschaven and later Saidor on up the coast. It was at Saidor that American troops cut off the Japanese with thousands of them dying in the jungle rather than give up.

By February of '44, the Hilltop physician found himself on Long Island but it was nothing like the island by the same name near New York. There it rained almost constantly. It was so damp that cotton clothing, shoes and practically everything else rotted in a short while. Cigarettes arriving in well packed cartons were often discovered to be spoiled by the dampness before they were unpacked.

Following a landing at Aitape,

Dr. Dorr

his battalion was stationed some little distance back in the jungle as bait to draw a concentration of the Japanese into position for the remainder of the American forces to attack. After 15 days under constant danger of attack both night and day by Japanese vastly superior numbers, Dr. Dorr was evacuated because of combat fatigue.

For several months he was in a hospital at Oro Bay as a patient, later resuming his place on the staff of the hospital. He was out of combat from June '44 until February of '45 when he was placed in command of the 39th Collecting Company. It was the duty of his company to take wounded men from the combat divisions to the evacuation hospital. Many times that meant carrying them on the shoulders of his men, litter bearing jeeps, natives or whatever means was available.

With Americal Div.
Soon he was sent to join the Americal Division, the only American division without an assigned number. Dr. Dorr visited Leyte, Mindoro, Manila and par-

ticipated in the invasion of Cebu in the Philippines. It was there that he and his men worked under Japanese fire in bringing in battle casualties. The going became so rough that the division had planned to withdraw if reinforcements did not arrive within 24 hours. For some unexplainable reason the Japanese withdrew during that period of time.

Later he helped take Bakol. On May 6, Dr. Dorr received orders to report to the States on rotation. He arrived in this country on May 31, 1945, and was discharged in September.

Dr. Dorr is married and is the father of two daughters, Maria, six, and Rita, four. They live at 301 Nashoba-av.

Baseball Fans Set for Opener

Hundreds of Hilltop and West Side residents will trek over to Red Bird Stadium for the opening of the baseball season next Tuesday when the Louisville Colonels meet the Birds at 4 o'clock in the afternoon.

They will have an added interest in the opening game for it will be then that the "grandstand manager" will be selected for the day from a number of candidates throughout the city. The names of Dale Rose and Stanley P. Smith will be much in the mind of local sports fans.

Votes are cast by writing the name of the desired candidate on the stub attached to ticket. These stubs must then be deposited for tabulation in time to be announced at the game.

A valuable list of prizes will go to the person selected for the honor that day. Rose is being sponsored by the Hilltop Business Men's Association. Smith is backed by the West Side Board of Trade.

Camp Chase Post Endorses Wills For West Coach

Camp Chase Post No. 98, American Legion, recently went on record as favoring the selection of Woodrow Wills to fill the football coaching vacancy that will exist when Dale Rose goes to Capital University as head coach of football in September. The resolution as adopted by the Legion post follows:

"Whereas there is now a vacancy in the position of Athletic Coach at West High School, and

Whereas the name of Woodrow Wills has been mentioned for said position, and whereas he has an excellent athletic record and is well recommended;

Now therefore be it resolved that Camp Chase Post No. 98 American Legion of Ohio go on record as recommending and urging that the Board of Education of Columbus select Woodrow Wills as Athletic Coach for West High School to succeed Coach Rose."

Respectfully submitted,
Michael H. Austin
Chairman of Resolutions Com.

West Nine To Play 5 Games

Coach Dale Rose was preparing his West baseball nine for a busy week-end schedule as the Cowboys prepared to meet Central on the home diamond this afternoon at 4 o'clock. The following day they play a double header with Cincinnati at Magly Field in the Queen City. On Saturday afternoon they play a twin bill with Cincinnati at Withrow.

One game of a double header with Mansfield was rained out at Magly Field last Saturday while West noosed out the visitors 3-2 earlier in the afternoon. A sixth inning tie was broken when Jack Buckingham drove in Starling Hurt to clinch the game for the Cowboys.

Bill Buckingham held the visitors to four hits while fanning eight. His brother, Jack, in addition to driving in the winning run got three hits out of four trips to the plate.

On Friday West won over East by a one-sided score of 9-0. Bob Phelps went all the way for the Cowboys giving up three scattered hits while striking out 10 Tiger batters.

Dupler poled a three bagger out into left in the fourth inning and then scored on a wild throw to the plate. Dupler, Slager and Watts each connected for two hits in three trips to the plate. Slager and Hurt accounted for two baggers.

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world—and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

It was an occasion for the gathering of West High School sports greats when the 1945-46 basketball squad and their "dates" were honored with a banquet by the West Boosters Association at Hope Memorial Church Thursday night.

"The nine years years I spent at West were the best years of my life," said Coach Harold Wise of Ohio University, principal speaker of the evening. Wise also praised the physical fitness program which was conducted by high schools and colleges during the war years and emphasized the necessity of continuing such a program.

Remington Honored
Toastmaster Rodney Ross introduced Basketball Coach Rufus Glass, who awarded letter certificates and chevrons to the following squad members:

Jack Thrush, Ralph Watts, Don Borrer, Jim Price, Vansel Johnson, Marvin Schultz, Jack Buckingham, capt., Dick Slager and Jim Remington, who was also presented with a trophy as the "most valuable player."

Short talks were also given by Principal Irvin F. Young, Coach Dale Rose, George Williams and Mack Pemberton. Woody Wills was introduced as a graduate of '29 who has recently been released from service.

A quiz program was conducted for students, with the West sports history as the theme. Prizes were won by Marvin Schultz, Don Borrer, Jerry Chinn, Bill Buckingham.

West Loses Track Meet

West tied with Arlington for first place honors in last Friday's track meet at Magly Field. Both teams took seven wins. However, West, with 87½ points, had to bow to Arlington's 72. South, also in the meet, scored 10½.

Bill Smith and Darrell Hall were both double winners at the triangular meet. Smith broke another Magly Field record with his broad jump of 28 feet, eight inches. He also ran first in the 440.

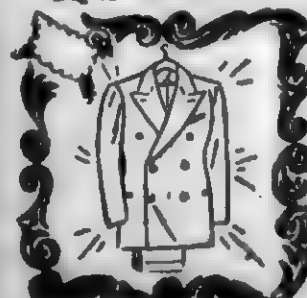

Hall was winner of the one mile and the one-half mile.

Track Coach R. C. Glass will take 12 men of his team to Huntington, W. Va., this Friday and Saturday for a relay meet.

Schools from all over Ohio, Kentucky and West Virginia will participate in these events.

Last week's Record ran a story about the Tuesday, April 9 track meet. The article stated that Alvin Hutt set new Magly Field records in the half-mile race with 1:38.5 and in the mile with 3:44.3. It should have read half-mile relay with 1:36.5 and in the mile relay with 3:44.3. Four men ran those races in those times.

Light Of EasterRev. J. L. Dean
Minister of Hilltop Community ChurchText: St. John 14:19
"Because I live, ye shall live
also."

While Christ had not experienced his resurrection, He, for man's sake referred to it giving man a hope in this life for life beyond the grave. He is saying that as I shall rise from the dead, so shall you; my resurrection will be proof of yours. "Because I live ye shall live also." According to the record given by St. John, Jesus said, "I am the Way, the Truth, and the Life." In St. Luke's record Jesus said, "We are the children of God, being the children of the resurrection." In this we see life in the light of Easter. The non-believer does not have this hope.

The malignant world was through with Him, they had seen enough of Him, they sent up the cry, "Away with Him, crucify Him, give us Barabbas!" May I say here the malignancy of the world today is saying the same, "Away with Him, crucify Him, give us Barabbas (the world) we want our carnal desires satisfied, we want our way, we do not want this Jesus to rule over us." Sad but true, nations have taken this position against a Triune God, they have no place for the Prince of Peace, therefore they have crumbled, fallen and today are in ruins.

Not so with the believing

world, the church (the called out) the twice born, who send up the cry, "Take Barabbas (the world) but give us Jesus," who believes according to our text, "Because He lives we shall live also." Knowing that "He was delivered for our offenses (sins) and raised for our justification," we ejaculate with St. Paul "That I may know Him and the power of His resurrection."

Dust thou art, and unto dust shalt thou return, was not spoken of the soul but of the body. Therefore let the flesh go back to earth and become dust, and those who have been buried at sea, and the watery graves of the thousands of our soldiers who were drowned at sea, and died in the faith, had the blessed HOPE that "Because He lives they would live also." Happy is the thought, that Christians look with complete resignation to the grave, for we know, WE SHALL LIVE, and can say: "O death, where is thy sting? O grave, where is thy victory? The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ." Yes, because He lives we shall live also.

The Psalmist David so beautifully portrays his hope of the resurrection when he penned the words, "Yes, though I walk

through the valley of the shadow of death, I will fear no evil; for thou art with me; thy rod and thy staff they comfort me." The tomb signifies death, but an empty tomb speaks of the absence of death. In some instances the empty tomb is only waiting to receive its subject, but in the case of our Lord its emptiness was a consequence of its subject passing on to the after side of the grave. Hence, it is not only a message of life, but of peculiar life, life not subject to death, but life which has CONQUERED death. It is life on the triumphant side of the grave.

We have spiritual life because He died for us, resurrection life because He arose for us. "He is not here, but is risen." Therefore, according to the subject given to me, "Seeing Life In The Light Of Easter," Easter is a message of life, for He died in our stead—the sinless for the sinful, the guiltless for the guilty. He satisfied the death claims of the law for us in every sense of the word. We live, not only because He died, but we shall live in resurrection life, because He lives. "Because I live, ye shall live also." Thanks be to God for Easter.

Smiles

That's For Sure!

"Why do all the signs say 'Fresh Country Eggs,' and never 'Fresh City Eggs?'" asked the city youth.

"Because," replied the farm girl, "everybody knows you city eggs are all fresh."

Last Hope

"This is my car," protested the irate motorist to the garage man, "and what I say goes—see?"

"Say 'Engine,' then, mister," suggested the disgruntled repair man.

Little Sir Echo

A rather queenly young woman boarded a crowded bus. A tired little man arose and gave her his seat.

There was a moment of silence. "I beg your pardon," he exclaimed.

"Oh, I didn't say anything," rejoined the young woman.

"I'm sorry," apologized the little man, "I thought you said, 'Thank you.'"

EASTER LILIES

How strange that blooms so exquisitely wrought
Of frailty, as the sweet anemones,
Be chosen to survive the centuries,
Forever symbol of the truths He taught.

So many years were spent to show that taught
But a Divine One ruled. Duplicities
Commingle with the worst inclemencies—
But only crucifixion proved the thought.

And now, shall vibrant notes of memory,
That He rose high above the temporal,
And ever shall be mindful, blend in song.

Of love and praise. And with their purity,
The lilies clothed in all their glory, shall
Proclaim the Easter Morn above the throng!

GOOD FRIDAY

He spoke not, only sighed:
Ah, winds! The crucified.
His eyes closed on the cross:
Dark sun, Christ is your loss.

They opened His dear heart:
Wide, veil: love is our part.

West High
Roundup

By Patty Saint

A dream come true! That's what it is, kids—a place to dance, play games, eat, loaf and to call your own. So far the kids have been working like mad to get the mansion at Burgess and Broad fixed up for a club house. We still need more kids to clean, after all it will be for you. We also need a name for it, so come in with suggestions.

Ken Dickerson really had a man size job, that of cutting the big lawn. Jack Edsall worked hard on the hedge. Well I could just go on and on, because half of West High was there and they all did a grand job.

Parents should realize that this will be a place for their children to keep them off the streets, so we can use your help too. We still need more games, such as ping pong tables, table tennis, badminton and any furniture that we could probably use, to help us make this dream a reality.

John Phillips helped our stadium fund a lot with his \$267 from Sales Tax Stamps.

Dick Slager and Gladys Leon will be the June commencement speakers.

Question of the week: Who were the bright boys who gave Mr. Zulauf a duck the other day?

Everyone had a good time at the skating party last Thursday night.

Sam Gibson home on leave, showing off his uniform of navy blue.

Dale Cox wouldn't skate; said he would fall.

Ralph Dennis and Norma Lee Moore were King and Queen.

Easter Sunday the Hilltop Community Church will celebrate the eleventh anniversary of the church's organization. For a number of years the church has been in charge of the church's organization. For a number of years the church has been in charge of the church's organization.

The church was completed at 17 N. Huron-av., where the congregation has enjoyed a steady growth, and because of this growth plans are being made to enlarge the building before starting the work of completion some time this spring.

The church has approximately 50 percent of the necessary money to finish the church, in the building fund. In 1943 the church purchased a beautiful parsonage at 194 N. Roy-av.

Rev. J. L. Dean is serving his sixth year as pastor of the church. Ernie Arnone is the Sunday School superintendent.

Easter...

THE SYMBOL OF RESURRECTION

The Easter festival serves to dramatize and vitalize the supreme fact of the universe—the continuity of life.

It comes at a season of the year when the rising sap restores the buds to the trees and bushes, when tender new plants creep forth from their winter bed in the moist, warm earth, and when all animate creation is filled with the song of endless life.

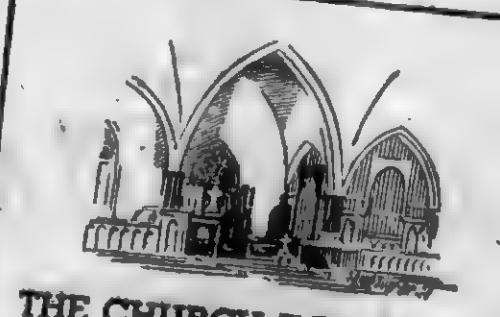

Its deepest significance, however, is spiritual and lies in the Resurrection of Jesus after His crucifixion and death.

Associated with it indelibly are the events that transpired at Joseph's sepulchre early that first Easter morning in Judea—the visit of the sorrowing women, the reassuring voice of an angel, and the spectacle of an empty tomb.

The tragic mistake of those who figured in the crucifixion of Jesus; and of the soldier who pierced His side, was their belief that death was the end of life, and that it would draw the final curtain upon His existence.

Now we know that it was merely a phase of His life which ended on the cross that dreadful Friday evening, and that a new and far more glorious phase of it began at Joseph's tomb the following Sunday morning.

The Church treasures the Easter festival and the promise of Jesus that the faithful shall inherit eternal life. "Because I live, ye shall live also," the Master said. This is the meaning of Easter and the sublime substance of all Christian teaching.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

Meeting Set For Sat. A. M.

Hundreds of Hilltop boys and girls will flock to West High School Auditorium Saturday morning for the big "bike rally" to be presented by the Columbus Safety Council in conjunction with the Hilltop Business Men's Association.

The program, scheduled to start at 10 a. m., will be packed with entertainment, prizes and educational material concerning safe bike operation. It is open to children of all Hilltop public and parochial schools.

Dr. K. Finley, secretary of the Columbus Safety Council, said that the meeting will be open to adults as well as children. Tickets have been sent to all of the schools for distribution among the bike riders. Adults may get their tickets at the door free of charge.

The Hilltop Business Men's Association is cooperating with the Safety Council in presenting this safety program to all bike riders. This is the second of a series of these programs designed to promote safer operation of bikes on the city streets. The availability of new bikes in the stores has increased the hazard to rider and motorist alike.

Within the past two weeks four or five serious accidents involving bike riders have been reported in the city.

300 Children Join In Hunt At Glenwood

The Hilltop's first annual egg hunt proved very exciting and interesting to the 300 youngsters who took part Monday afternoon. Glenwood Park really lived up to its name, with the elementary school children scampering all over the grounds looking for the eggs hidden by members of the Hilltop Community Council, the sponsoring organization.

The two boys and a girl declared winners, proved their adeptness in hunting out the many-colored eggs, garnering more than 20 eggs each. They were: Alan Bartholme, nine, of 1933 Floral-av, who won a soft ball for finding 21 eggs; Gene Couriade, seven, of 2430 Stearns-av, tied for top honors, also with 21 eggs; and Lois Schoenberg, eight, of 31 Belvidere-av, who received a softball for finding 19 eggs.

The committee in charge included Mrs. Edward F. Thompson and Charles Reichelderfer, the chairman, and Mrs. W. Stanfield, Mrs. W. Dean, Mrs. H. Haire, and Mrs. Doris Floderjohann. Dale Witting, Glenwood's supervisor, assisted the committee, and took charge after the egg hunt.

Father Connally Kiwanis Speaker

Father Richard Connally, chaplain of the Boys' Industrial School at Lancaster, will be the speaker at the May 2 meeting of the Hilltop Kiwanis Club. Father Connally will discuss some of the problems encountered at the school and relate some of his experiences with boys in other lands he has visited.

The meeting for today is to be in the form of a smoker to be held in the evening instead of the regular luncheon meeting.

Father Connally was recently appointed to the Sugar Grove Parish which includes the Boys' Industrial School. He served as captain in the Army and was through the African and Italian campaigns.

Harold Ernest Spring Sworn Into Navy

Harold Ernest Spring, son of Mrs. Dorothy Mae Spring of 128 S. Hague-av, was sworn in the Navy as an apprentice seaman this week. While attending West High School, of which he is a graduate, he managed the track team which ran away with many honors.

The Navy is accepting applications for enlistment from all men 17 to 30, and is currently engaged in a recruiting drive designed to help attain the over-all goal of 500,000 men in the regular Navy.

City Gardeners Till The Soil

Victory gardening didn't end with the achievement of the victory. Residents of the Hilltop, especially those in the Westgate area, are continuing with post-war gardening at the Westgate Community Gardens, just north of Westgate Park.

Busy gardeners are shown above working their plots. Foreman Sigler, 3123 Wicklow-rd., kneeling at left, showing his son, Jim, where to run the cultivator. Robert Swiger, 171 Guernsey-av., is hoeing while his wife, on the right, sows seeds. Charles Falter, 3182 Wicklow-rd., is raking debris.

Catherine and Jimmie Walter, 3108 Wicklow-rd., provide moral support as they look on.

11 Hilltop Vets Plan New Club

Eleven Hilltop veterans are among charter members who last Monday applied to the national headquarters of the American Veterans Committee for a charter for a Columbus chapter.

Other Hilltoppers among the group organizing the local chapter are Joseph N. Caprette, 340 S. Harris-av, who joined the A. V. C. in Biarritz, France, and L. William F. Buford, whose home is at 353 S. Highland-av, now stationed at Ft. Bragg, N. C., with the 82nd Airborne Division.

Don Mathews, Dick Anthony, Ralph Case, Zail Kemp, Don Wilson and Robert L. Reese are also charter members.

10th Ward Dems To Meet Tonight

A mass meeting of Tenth Ward Democrats will be held at Glenwood Shelter House tonight (April 25). Prominent Democratic candidates are scheduled to speak on matters of vital importance to the Democratic Party in Franklin County.

The meeting is being held under the sponsorship of G. Arlowe Bryant, candidate for Democratic central committee from the Tenth Ward.

Hundreds Of Families Plan Home Gardens On Vacant Lots, Back Yards

In this first post-war year when much of the world is crying for bread Hilltop gardeners in greater numbers than ever before are getting out and gardening intensively to till the soil on a small but very important scale. Two cooperative gardening projects will be in operation again on and near the Hilltop with literally hundreds of single lots and back yards being spaded or plowed again for one-family garden plots.

Out in the Westgate and Broadview Additions close to 100 families will garden the 10-acre tract of land belonging to the Columbus Board of Education. The ground has been plowed, worked down and laid out in lots approximately 30x120 feet. According to some of the local gardeners it is in better shape than any previous year.

Another project providing for 20 gardeners will be operated by H. F. Cunningham on Valleyview-dr. 2962 Fremont-av. A committee in charge of the project is headed by Frank Currier, 51 N. Burgess-av. John Rohr, 255 Binn-bldg, was formerly active as an officer in charge of the project.

The idea of a community garden grew out of the Victory Garden program encouraged nationally. Each person is charged \$1.50 per year. This covers the cost of plowing the ground and leaves a little surplus. No charge is made by the board of education for use of the land. Two years ago a sufficient surplus was on hand to lime and fertilize the ground.

Mr. Nicklaus pointed out that some of the gardeners this year were new families who had bought homes on the Hilltop in recent months. Some of them have acquired the gardening habit in other cities and are anxious to get their hands in the soil again this year. One man is a returned service man who was wounded. He wants a garden to "putter around in" until he is well enough to start back to work again.

Cunningham Offers Prize

Out on Valleyview-dr Mr. Cunningham was planning to get his ground plowed and ready for gardens the early part of the week. To encourage good gardening he will offer three prizes this year to the persons having the nicest garden plots.

Game Rained Out

April showers starting in the early afternoon rained out the scheduled baseball game between West and North High Tuesday. Weather permitting, it will be played at North this afternoon.

Local Churches Are Crowded By Record Easter Turnout

HCC Opposes Fire House On Park Grounds

At its regular monthly meeting, the Hilltop Community Council went on record unanimously opposing the erection of a firehouse in Westgate Park, facing Westgate-av.

Originally, the city planned to build the firehouse on or near Hague-av at Sullivan, but their latest announced plans call for using the park grounds.

The new youth center at 2585 W. Broad-st. is to be opened shortly as a clubhouse for the teenagers of the Hilltop, is gradually taking on an "open-house" appearance—dead trees and shrubs removed, the lawn cut, windows and walls and floors cleaned. A group of officers and committees will be selected at a meeting of the teenagers this week to complete the work of renovating the home.

Favorable comment was made by several members on the proposed extending and improving of the Municipal Light Plant, and all members were urged to vote in favor of this city ordinance on May 7.

Phillip Stout, vice-president, was authorized to take the necessary steps to incorporate the council.

Perfect Weather Brings Out New High Attendance Of Worshippers

More than 26,000 persons attended church and Sunday school services in Hilltop and West Side churches on Easter Sunday, a survey conducted by the Hilltop Record revealed this week. This figure is exclusive of young people's activities held by most churches in the early evening.

Although comparative figures are not available it is believed that a new "high" in attendance for this day was recorded. Most ministers contacted reported overflow crowds and new all-time high attendance figures. A total of 26,326 were present in 33 churches contacted.

As an example, Hope Memorial Sunday School broke an all-time attendance record of 582 recorded in 1936 by packing 787 persons into the various departments. The Fiddlers Class, taught by Jack Sennsbrunner, had 212 in attendance.

Easter activities on the Hilltop were climaxed Sunday night by a record attendance at the Hilltop Hymn Sing held at Hillcrest Baptist Church at 9 o'clock. It was attended by 380 persons as Ray Evans directed the singing. The attendance banner went to Immanuel Baptist Church with 53 percent of their evening service in attendance.

Sunny Skies Prevailed

Sunrise services were held in most of the churches and in almost every case were well attended. Sunny skies prevailed throughout the day.

The rites of baptism were administered to 157 while 200 persons were accepted into church membership. This does not reflect the progress made by local churches in this respect since most of them took members and had baptismal rites on Palm Sunday.

The figures given opposite the names of the following churches include those in attendance at sunrise services, Sunday School, morning worship and evening services. One church could not be contacted for a report.

Starting at 7:45 p. m. there will be group singing led by Mrs. James Heiman. This will be followed by the election and installation of officers. Mr. Eyman's talk will follow.

At the close of the meeting there will be a reception of the old and new officers, principals and teachers.

Eureka Park Addition To Be Developed

Development of Eureka Park Addition, an extension of Eureka-av south of East-rd, will be gotten under way as soon as building materials become available, it was learned this week from John Davis, owner of the Hilltop Riding Academy.

Building restrictions now contemplated on the present plat would provide for 35 dwellings with additional land available for a total of 235 to 240 when completed, Mr. Davis said.

Building restrictions will be placed on the property as sold but at present the limit has not been set pending the eventual cost of building supplies. Mr. Davis emphasized the fact that while three houses may be built in the near future, on and near East-rd, the project as a whole will not go ahead until building materials are available in quantity.

Present plans call for the continuation of Eureka-av south, with a curve swinging it toward the east until it meets Briggs-rd. At the point where the curve begins Chambers-av will continue on directly south.

The lots are laid out in varying sizes, ranging from 43 to 75 feet in width. Most of the sites will average 50 to 60 feet in width. Many of the lots will be 200 feet in depth. They were laid out in such a way that one-floor plan homes could be erected if desired.

LAWN LINGO

By Warren G. Maff
248 Columbia Ave.

New homes halfway completed, the initial breaking of ground for new homes, homes yet to be landscaped. I saw these when I was walking through the neighborhood this week. New homes usually mean new lawns. For those who are planning to put in new lawns, here are some suggestions.

Even if you have to go out and supervise the job yourself, it's important that you see that the topsoil of your lot is scraped into a pile and saved for even distribution after the contractors have finished and rough grading has been completed.

Your soil will need an application of 50 pounds of 5-10-5 fertilizer or its equivalent to each 1000 square feet of lawn area. The fertilizer should be spread over the surface and mixed thoroughly with the top four inches of soil, along with any necessary organic matter and lime.

Since it is best to sow your permanent lawn grasses in the fall, you should plant only temporary grasses now, such as Italian or perennial ryegrass, sown at the rate of six pounds for each 1000 square feet. Kentucky bluegrass, redtop, chewings fescue, and white clover will make a good mixture for a permanent lawn. Some people prefer pure grass, in which case you may omit the white clover from the mixture.

To sow your ryegrass for temporary summer lawn, use the same procedure as for permanent lawn, as follows: To sow your seed, measure enough seed for the calculated area of your lawn (white clover needs 1/4 pound per 1000 square feet; Kentucky bluegrass, 3 pounds; redtop, 4 pounds; chewings fescue, 6 pounds). Divide this amount into halves. Mix each half with 1/2 pail of sand, and when there is no wind, broadcast one-half evenly and carefully while walking back and forth over the area (for example, north to south). Then broadcast the second half in the same manner while walking in lines at right angles to the first (east to west).

After the area has been seeded, it should be carefully and lightly raked with just the tips of the rake teeth so that the seed is covered from 1/4 to 1/2 inch. The seeded area should then be rolled and sprinkled lightly but thoroughly. The first sprinkling may be postponed indefinitely as long as there is rain, but after that the seedbed must be kept moist at all times until the seedlings are established. The quick appearance of the temporary grasses is reassuring, but no lawn should be used heavily until it is well established.

West High Roundup

By Patty Sisk

So you all had a Happy Easter? ... I was surprised to see the big turn out at the church Sunday. Wonder why so many you never see were there.

A lot of kids took in the dust, crowd and heat at Buckeye Lake, including: Ruby Albertini and Marion Watkins, Dot Robinson and her man (??), Rosie Voss and Jerry. A lot of girls stag and a lot of boys stag. We girls should do something about this.

Also seen having a good time before he goes off to the service, Harold McMillian and Miss Jones, along with Jim Remington and Maxine Stablen.

The kids all had to go back today after having such a nice time over the week-end with all their books they didn't even look at. Why take them home?

Kem-toning the rooms in the mansion we found—covered with dirt and kem-tone—Pat Moore, Jean Brown and Bud Dean. The rooms looked nice and the kids are doing a fine job. The only trouble is the little ones of the neighborhood who do not realize what we are trying to do have broken several more windows.

The grounds are also improving since they worked like mad this week-end on the dead trees and cut them down. I suggest that we girls get together and start trimming the flowers and planting more, and make it look nice.

Be seeing you all!

Two Burroughs Pupils Are Named County Winners

Two pupils at John Burroughs School gained county-wide recognition during the past week. Nancy Cornwell, 1855 W. Mound-st., a 6A pupil, was one of the eight county winners in the Citizen spelling bee. She will compete in the county competition at the Southern Hotel Saturday morning.

Diane Smith, 591 Binnis-blvd., a 7B pupil, was one of the winners in poster competition held in connection with the City-County Parent-Teacher Association music festival last week. E. B. Graham, principal of the school, said that Mrs. Fanchon Gier, 265 Demorest-rd., a teacher at the West Mound School, will be away from her position for the remainder of the term as a result of a recent operation. Her place is being filled by Mrs. Clifford Erf, 445 Wrexham-av.

A soap shaker may be made by fastening together two worn pre-war tea strainers of the same size. This homemade gadget makes it possible to whip up an excellent suds in the dishpan in a short time, thus utilizing all soap scraps as they accumulate. Take soap out of water as soon as suds are made.

Timely Rose Culture Hints

Prof. L. C. Chadwick

Dept. Horticulture, O. S. U.
Spring pruning practices with roses will depend upon how much pruning was done in the fall and the extent of winter injury. Little fall pruning is recommended for Hybrid Tea roses. Tests at Ohio State University several years ago gave definite indication that it was best to leave the bushes unpruned in the fall. The only exception to this practice is where the plants have developed exceptionally large canes and are located in wind swept situations. Under such circumstances it will be well to shorten the canes back to 2 to 2½ feet in the fall.

Hybrid Tea roses were formerly pruned severely in the spring, removing all but 4 or 5 of the strongest canes and cutting each of these back to three or four buds. It is now generally considered a better practice to leave most of the live wood. After the bank of soil is removed in the spring, cut out completely all weak shoots and cut the strong canes back to the highest live bud. Occasionally some additional pruning is necessary during the summer. If a lot of small, twiggy growth develops it should be removed.

Little Pruning Needed
Little pruning is usually required with the Floribunda and Polyantha roses. Remove the weak shoots and cut any dead tips back to live growth. Hybrid perpetual roses can be cut back a third if necessary to keep them within bound. Weak canes should be removed. Climbers can be pruned as necessary after blooming.

Another early spring practice that may be worth following is applying a fungicide to the plants after cutting them back, and to the soil about the plant. Elgetol, 2½ tablespoonsful to a gallon of water, is the material recommended. The solution can be put on with a sprayer or sprinkling can. Spray or sprinkle the plant and the soil over the entire rose bed. Two and a half gallon sprinkling can will hold enough solution to cover the soil around approximately 50 roses. Elgetol should be applied before growth starts. Such a practice is a preventative measure against black spot and other fungous diseases.

Make a place for a clean cloth routine on your household schedule. Have a regular time for collecting all dusting and cleaning cloths, wash them in hot soapsuds and after drying in the air, return to their proper places. Having enough clean cloths to work with may seem a small matter, but it can easily cut in half the time needed for any cleaning job.

In some parts of Central Europe, annual wheel-chasing ceremonies are still held in April as part of the spring cleaning. If housewives in America were superstitious, they would probably practice some incantations over a bar of soap, for good hot soapsuds are still the stand-by for the rites of home clean-ups.

Wise Named To New Job

HAROLD E. WISE

Harold E. Wise, assistant athletic coach at Ohio University for the past eight years, today was appointed associate director of the Ohio University Fund, Inc. President John C. Baker, in announcing the appointment, said Mr. Wise would continue as athletics ticket manager but would no longer assist in coaching Bobcat football, baseball and basketball teams.

Known throughout Ohio as a successful coach, Mr. Wise as associate director will meet with various alumni and civic groups over the state to explain and develop interest in the fund.

The Ohio University Fund was launched here three weeks ago. It is a corporation to which money may be donated for specific university projects, including research, student aid, library needs, special equipment, president's fund, travel, intellectual and cultural life, and general needs.

Henry H. Metcalf Seeks Reelection

Henry H. Metcalf, seeking reelection as a Republican candidate to the State Legislature, is the senior member in the Franklin County. He has served on many of the important committees during his past terms, and is presently chairman of the finance committee, educational section, which committee provided \$80,000.00 for post war needs. Further through the efforts of Mr. Metcalf, \$5,000.000 from the state's extensive surplus, has been directed back to the taxpayers in the form of a new state medical and dental clinic at Ohio State University.

Mr. Metcalf contends that since the State of Ohio has a surplus of more than \$125,000,000, there should be an immediate curtailment of taxation, as well as a general lowering of state government operating expenses, in order to relieve the citizens of this state of the great taxation burden which they have been carrying.

As a definite step in this direction, he proposes a uniform automobile license fee of \$6 on all pleasure vehicles. He claims that the system of charging license fees by automotive horsepower is outmoded, and that a uniform fee will balance the old unfair method. "Heavy and more expensive cars are presently taxed \$16.00 for auto tags, and yet use more fuel and accordingly pay more gasoline taxes, but they do not damage our present highway system any more than the lighter and less expensive cars," he stated. "The new World, with higher horsepower, now requires a \$16.00 tax, which is ridiculous." A flat uniform fee of \$6.00 for license plates on all pleasure vehicles will equalize and modernize the outmoded taxation system for all automobile owners, according to Mr. Metcalf.

5 Million To Be Spent By State On Highway Work

A \$5,000,000 1946 road construction program, separate from the post-war federal-aid programs, and which will include 88 projects in 88 counties, was announced this week by State Highway Director Perry T. Ford. The program, to be financed by gasoline tax funds, will be under contract by July 1. Director Ford said, unless later and material difficulties interfere. The projects include resurfacing, widening and relocating roads and bridge construction.

OUTDOOR LIFE

By BILL GILBERT

Well, here we are back in with our outdoor column. Due to an overflow of current news copy and Easter advertisements, it was necessary to leave out the outdoor column. We hope you missed it.

Because millions of returned servicemen have learned how to use firearms and live outdoors, it has been predicted that the number of hunters will be increased this year by 80% over past years. This prediction was made by the Fish and Wildlife Service, Department of the Interior.

However, according to John H. Baker, president of the Audubon Society, "the waterfowl supply is substantially less than it was a year ago." We have been "over-shooting our annual increase." Therefore, the Directors of the Audubon Society have decided to recommend to the federal government for its consideration the following changes, to apply to the 1946-47 waterfowl hunting season: reduce the length of open season from 80 to 30 days; and, reduce the bag limit from 10 to five birds per day, with possession limit the same as the bag limit.

That means when next fall rolls around, we will have half as many more hunters (1,700,000 duck hunters), less game to hunt, shorter time to do the hunting and smaller limit of game to shoot if we can find it.

Several reports have it that fish are biting like mad over at Buckeye Lake. However, that must just be scuttlebutt. According to John Burkett, former owner of Burkett's Garage in back of Todd's, who is a year round resident and fisherman at the lake, the fish situation is nothing exceptional. Art Esman backs up this statement. He made a fishing trip to Buckeye Ocean recently, and he says the only thing he caught was a cold.

Don Mathews, ever at 3080 Fremont-st., has a good idea looking ahead and expecting big crowds up along the River-td this summer, he has started to fix up an empty lot next to his home.

He is now working on a badminton and volley ball court. He is going to build a stone stove, with a table and chairs close by for evening and week-end picnics. On the sides of this recreation area Don plans a flower and vegetable garden. It sounds like a fine set-up. How about an invitation, after you get it fixed up, Don?

Over at the Ed Peters' home on S. Hague, they are getting ready for some enjoyable evenings as soon as King Winter gives up his reign. They are building some fine horse-shoe pits. Does anyone know where the Peters' can get some blue clay for the pits?

Emmett Seely, down at Seely's Hardware, recently bought a fine thorough-bred, Kentucky saddle horse, Foxy's Genius. The beautiful sorrel has been broken as a Western horse.

Mr. Seely plans on showing his horse at several events during this coming season. The horse, while it is a five gaited saddle horse, will be put through his paces as a Western class animal. Foxy will be a six-year-old in May.

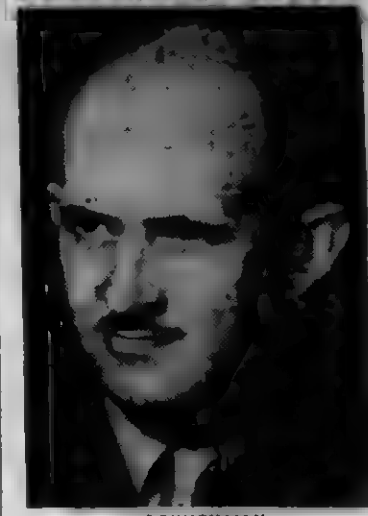

The showing of saddle class breeds as Westerns is new in the horse show business. However, its popularity is spreading.

We understand that some of West's teachers are going to combine some summer studying with a good vacation by attending the Ohio Conservation Laboratory at Camp Muskingum on Leesville Lake, in Carroll County.

This laboratory, which is to be conducted from June 17 to July 24, is to give instruction "in the important facts and principles respecting the conservation of natural resources" and to help school people develop suitable plans for teaching conservation to their own pupils.

Jack Shank recently spent a week at his cottage at Buckeye Lake. He tells of catching a three pound bass and several croppies. John Davis says he has 180 head of horses at his Hilltop Riding Academy and the riding stable on the River-d. So, all you horseback

Koontz Is Named Committee Head

COUNCILMAN HENRY A. KOONTZ

Henry Koontz, 485 Hilltop-av, councilman from the Hilltop, was named last week to head up the service committee in a change involving several of the council committees. In addition to serving as chairman of the service group he was also placed on the finance committee.

Previously Koontz had been on the judiciary and safety committee.

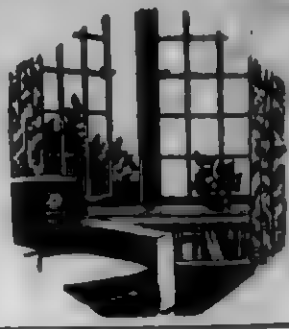

OSU Chorus And Choir To Present Concert Sunday

Sunday, April 28, the University Chorus and Symphonic Choir, under the direction of Louis E. Diercks, will present a concert. A total of 275 students, many of whom are from Columbus, will sing in these two groups.

The concert, which will be given at 3:15 p. m. in the Men's Gymnasium, will be free and open to the public. Three returned veterans will be heard as soloists—Murray Lockard, bass; Paul Buckley, baritone; and Roy Baumgarner, baritone. The accompanist will be Rebecca Marshall.

The program will include excerpts from Johannes Brahms' REQUIEM and Howard Hanson's DRUM TAPS, from the poem by Walt Whitman.

riding athletes should be able to find a breed suitable to their personality. Noble Allen has a fine steed of his own that he boards at the Hilltop stable.

West Track Team Showing Good Form This Year; Win W. Va. Relays Saturday

Red Birds Home For Five Games

Columbus baseball fans will have an opportunity to see the 1946 Red Birds in action five times over the week-end. Indianapolis opens a two-game series here today.

On Saturday the Toledo Mud Hens come to Red Bird Stadium for a single game in the afternoon and a double header on Sunday afternoon.

Downs Rens 6-0

Lefty Hunter was back in form as he and Speedy Clark teamed up to allow the Columbus Wrens five hits and no runs as Chubby's Market shut out the visitors 6 to 0 at Westgate Park Sunday afternoon.

Purcell and McAnn sparked at short and behind the plate respectively. Next Sunday at 2 p.m. Chubby's will play host to Carroll, Ohio, on the same diamond.

Manager Dave Dupler is still on the lookout for new candidates for his team.

Pictured in upper left is pole vaulter Jim Price. In the upper right are runners Austin Hutt and Darrell Hall.

In the lower left are Bill Smith and Bob Snouffer. In the lower right corner is Howard Young, high jumper.

West High School has an exceptionally good track team this year. They have racked up several outstanding victories and broken many long-standing records.

The Cowboy cinder stars are: front row, left to right, Darrell Hall, Dick Guback, Howard

Young, Walter Dean, Vincent Emblerton, and Ralph Dennis. Back row, left to right, Jim Gardner, manager; Austin

Hutt, Charles Ewing, Bill Smith, Marvin Hyrum, Bill Fringle, Jim Price, Bob Snouffer, and Coach "Rube" Glass.

An impressive track record is being written this season by West High's fast cinder team. Under the mentorship of "Rube" Glass, the runners are breaking Magy Field all-time records right and left. Leading the other city high school track squads, West has made a noticeable showing with their wins over out-of-town teams.

Besides a complete triumph over schools throughout Ohio and West Virginia, West's sprint medley team, made up of Snouffer, Masdes, Smith and Hutt, established a new record by covering the distance in 3:29, bettering the previous 3:32.6 mark of Oak Hill, W. Va., in 1941.

Leading the Cowboy tracksters are six outstanding seniors. At the head of this sextet is Austin Hutt, two mile champion in 1944. Hutt has never lost a half mile race that he has run in except to state champions. That has happened three times.

Smith Record Breaker Following Hutt closely for top track honors is Bill Smith who so far this year is undefeated, except for a discus throw event in which he placed second. Breaking Magy Field records has been a cinch for Smith. He broke the field

mark for the 220 and 440. Then he smashed the broad jump record for the field and later jumped a little further to better that. Last year Bill was fifth in the state 440 race and was 440 champ at the Miami University meet in 1945.

Darrell Hall has been making a good showing for himself this year, running the mile and the half mile. Last year he was one of the better men in the half mile run.

Howard Young, a little man who can jump plenty high, has won three high jump meets and placed second in two others. In the 1945 season he was third in the district high jump championship.

A dash man, Bob Snouffer is doing a good job on the 100, 200 and the 400 relay.

Jim Price, Bucks leading pole vaulter, recently won three first places and has tied for first in another.

Bill Fringle, senior high and low hurdle man, especially good running the lows is doing a cracker-jack job this season.

West's cinder stars were scheduled to meet North's runners yesterday afternoon at Magy Field.

Cowboy Nine See Action In Six Games

The West High baseball team has been far from idle now that spring weather has arrived in full array. Last week the Cowboy boys got in six games winning two while dropping four. This week weather permitting they will have two more games, one on Tuesday and three on Wednesday.

Coach Dale Rose was to have taken his team to North Tuesday, entertain Springfield on the home diamond Wednesday, Aquinas Friday and go to Mansfield for a double header on Saturday.

After losing to Linden McKinley last week, West defeated Central on the home lot 6 to 0 Thursday. Thrush got credit for the shutout, striking out seven while allowing four scattered hits. Buckingham's double accounted for two of the runs.

Go To Cincinnati Going to Cincinnati on Friday they lost the first game of a double header with Western Hills by a wild 15 to 4 score. Thaisen on the mound for the Cowboy boys in trouble in the last inning when four homers were tallied off of four of his pitches. Buckingham went to the rescue too late to stem the tide of Western runs.

Bob Phelps was charged with his third high school defeat when Western Hills downed the Cowboy boys 5 to 4 in the nightcap. Dave Dupler hit a three bagger in the close contest that was tied up until the final inning.

Moving to Withrow the following day, Bill Buckingham pitched in the second game, won by West 5 to 4. Mark Stephens started on the mound but gave way to Thrush in the fifth. Dave Dupler again connected for a triple, while Bob Phelps playing in right field drove in three runs with a triple in the fourth.

TODAY'S EVENTS

On Thursday, April 11, a gang from West attended the O-ident skating party, which some-one appropriately named "Cushion's Carnival."

There were quite a number of kids at the party. Your reporter saw BOB BROWN struggling to stand on the floor for the first time.

Of course, JIM MYERS and BEV NAFZGER, standing at the fountain drinking "coke." JERRY KARSHNER's and BILL AMRINE's new by-word seems to be "Hubba Hubba." How about that?

The business ad class turned out judging by CHARLOTTE JONES, "LOUIE" HOFFMAN, RAMON (DALE) COX, and IRIS WHIPPLE. HAROLD RATHBONE and BOB BOYER enjoyed the party, judging from their big smiles.

EUGENE CLARK seems to be news, for who did he have Thursday, but SHIRLEY MORLAND, Jan. '46.

SAM GIBSON, the man with the smile, was there with his belted trousers. BOBBY WOLTZ and CHUCK HARRIS were seen laughing over something.

JEAN WEIDNER and DORIS ROBINSON laugh hysterically at the mention of peanuts or popcorn. I wonder why?

DOT YOE was noticed getting up from the floor minus a considerable amount of skin from her elbow.

THURMAN GARRET was skating first with RITA RUSSELL, then KITY LAWELL and vice versa.

GENE WIENHART did a figure eight, skated on one foot, skated backwards and then let loose of the rail. That's a joke, son. PHYLLIS MOSIER, JOYCE REED, and JANICE BUSCH were three more West kids at the party.

The crowning event was RALPH DENNIS and NORMA LEE MOORE, king and queen of the night.

He served as an assistant Attorney General of Ohio under Herbert S. Duffy, in 1937-38. Previous to that he was associated with the Ohio Tax Commission as a field supervisor, district manager and deputy commissioner. He has wide experience in state government affairs.

THE HILLTOP RECORD

Published Every Thursday—Morning

The Hilltop Record, Inc.

2463 W. Broad St. Columbus, Ohio Phone RA. 1125

An Independent Newspaper Devoted To The Interests Of The Hilltop and West Side.

"When There Is No Time The People Find It"

Entered as second class matter Jan. 21, 1941, at the Post Office, Columbus, O., under the act of March 3, 1879.

C. Carlton Hertley, Publisher Paul Wichterham, Editor Joseph W. Agee, Manager Walter Davis, Adv. Mgr.

Completing 29 Years

With this issue of the Hilltop Record this paper will have completed 29 years of continuous publication on the Hilltop and while anniversaries in themselves are commonplace we believe this occasion does warrant some special consideration.

Few business enterprises can continue to remain static for any period of time. Certainly the Record has not found that practicable. It has already outgrown two locations and is now preparing to move into larger quarters in the new building being erected at 2463-65 W. Broad-st.

As we prepare to launch out into the thirtieth year of service the paper is in a better position than ever before to serve the needs of the community. Modern equipment and adequate working space for both office and mechanical forces alike insure the continuation of a larger and more complete community newspaper.

The past 29 years have witnessed an outstanding growth in population and civic and business establishments. All indications point toward several years of rapid expansion. Building projects running into the hundreds of thousands of dollars are all ready to be launched as soon as building materials are available and government restrictions are lifted.

On this occasion of our 29th anniversary the entire staff of the Hilltop Record joins in pledging to the community an ever growing paper to meet the needs of a growing community.

Paint Up—Clean Up Time

Early spring is the ideal time to make preparations for fixing up the old homestead. A new coat of paint, a new porch floor, the neglected hole in the roof or remodeling on a larger scale all add to the beauty and real value of property.

Many properties are long overdue for painting and other necessary repairs. Labor shortages and material scarcities have made it next to impossible to get work of this kind done during the past three or four years.

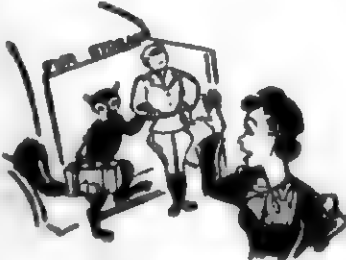

This spring at least the labor situation has eased up considerably. Many returning service men have gone into business for themselves specializing on painting or repair work on a small scale. They will welcome the opportunity to get a business built up for themselves and at the same time property owners will keep their homes more presentable and the whole community will be a nicer place in which to live.

Materials while better than last year will probably be available in limited quantities only especially where larger repairs are needed. Paint and other miscellaneous materials are on the market although lumber is especially difficult to get.

Voters To Pass On City Ordinance

The most important issue to be decided at the May 7 primary election is the referendum ballot to approve or disapprove the city ordinance providing for the issuance of \$500,000 in bonds to be used in the improvement and expansion of the Municipal Light Plant.

Feeling that Hilltop and West Side voters want to know the facts on both sides of the issue the Hilltop Record is devoting this portion of the editorial page to

For the Ordinance

City officials state the following reasons why the bond issue is needed for Municipal Light Plant improvement:

1. The bond issue is needed to replace generating equipment. Only one of the five generators now in use is less than 20 years old. The others range from 22 to 37 years. Normal life of the equipment is 20 years.

2. At least 400 additional street lights are needed throughout the city immediately. They cannot be supplied with electricity until additional generating capacity is made available. The safe maximum operating capacity of the plant is 12,500 kilowatt hours. Since 1941 the peak load has been above that figure, running as high as 14,100 in 1945.

3. The light plant supplies electricity to approximately one-ninth of the residential and commercial users in the city. In addition to this, it furnished electricity (free of charge) to operate the city's street lighting system and lighting of city buildings. In other words it sells 60 percent of its output to the public for profit, 20 percent to the City Sewerage Treatment Works at approximate cost, and gives the other 20 percent to operate street lights and lighting for city buildings.

4. Mayor James Rhodes estimates that were it not for the Municipal Light Plant, it would cost the city \$400,000 per year to buy electricity needed for street lighting.

5. Revenue realized from the sale of electricity will retire the bonds as they come due so that the improvements contemplated will not cost the taxpayers in additional taxes.

City officials explain that while the City Charter does state that general obligation bonds be paid by levying a tax on all taxable property in the city during the life of the bonds, what actually happens is that revenue from the light plant will be placed in a sinking fund each year in sufficient amount to meet interest and retirement requirements state that this will not go on the tax duplicate.

The City Charter outlines this procedure in connection with water bonds. This is set up as a pattern for retirement of bonds in other city departments. Robert Tucker, superintendent of the light plant, says that the same procedure for bond retirement has been in use by the city for many years without it costing the taxpayers one cent more than their normal taxes.

Endorsed By League Of Women Voters
The Franklin County League of Women Voters, a non-partisan organization, has come out in favor of the ordinance, stating that it will not increase the tax rate.

Quoting from a printed folder issued by the League: "They do not increase the tax rate. The city charter and the ordinance which set up the plant as an independent utility provide for retirement of bonds and payment of interest annually from earnings. Since 1943, \$600,000 from net earnings has been placed in a depreciation fund. Future profits will pay off the \$500,000 bond issue while Columbus benefits from the complete program."

They point to a benefit to citizens of Columbus in the following ways:
1. Free lighting is furnished for City Hall and Central Police Station in addition to free power for street lighting at estimated annual saving of \$400,000 to the city.

2. Power is supplied at minimum cost to other city buildings and institutions, such as water works, sewage disposal treatment, etc.

3. Power is sold to about 5000 regular private customers (homes, businesses, factories). Five KWH must be sold commercially in order to supply one KWH free for city service.

The Municipal Light Plant is a city-owned utility. It is operated as a separate division apart from the general operating funds maintained by city taxes as are the water works. Prior to 1943 all profits from the light plant were turned back to the general operating fund for the city. Since that time (with no money on hand at the start), an operating fund of \$203,259 has been built up (to the end of 1945) plus a depreciation fund of \$375,162.76.

"Approval of the \$500,000 City Ordinance issue at the May 7 primaries, which will not cost Columbus taxpayers one cent, will permit more and better free street lighting for all the city." Mayor James A. Rhodes said in a statement issued this week.

The bond issue has been forced to a referendum vote at the primaries as the result of petitions financed by the Columbus and Southern Ohio Electric Company.

"A vote FOR the ordinance providing for the bond issue will allow the city to expand the present inadequate and worn equipment in the municipal light plant and the extension of free street lighting to numerous new sections of the city," Mayor Rhodes said.

"The municipal light plant is saving the taxpayers more than \$400,000 a year in street lighting costs. The \$500,000 worth of bonds, although issued as general obligation bonds, will be retired with revenue from the plant, amounting in the past three years has built up a \$600,000 surplus and depreciation fund, which also is to be used in the improvements."

TWO TRUCKS DELIVERED

Before going into service the trucks will be painted and bodies and hoists installed on them.

present both sides of the question as accurately as we can get the facts from those concerned.

Ordinance No. 18-46 providing for the issuance of bonds for the light plant improvement was passed by City Council on Jan. 21, 1946. Petitions calling for the referendum circulated by the Columbus and Southern Ohio Electric Co. were signed by 14,000 Columbus residents. An affirmative vote of a majority of those cast will be necessary to uphold the city ordinance.

Against the Ordinance

In supporting a referendum on the proposed \$500,000 bond issue for extension of the Municipal Electric Plant, the Columbus and Southern Ohio Electric Company is only availing itself of the right which all the people of Columbus reserved to themselves under the City Charter—the right to pass final judgment upon the legislative acts of their elected officials. Almost 14,000 citizens exercised the same right and signed petitions for the referendum which gives them an opportunity to vote upon the bond issue.

The Columbus and Southern Ohio Electric Company wants the people to know that its opposition to the ordinance does not mean that it is seeking to prevent extension of the municipal electric plant. It is only trying to protect the taxpayers from being required to pay for it. If the proposed general obligation bonds are rejected by the voters, the plant can still issue revenue bonds and thus pay for its own extension.

From 1897 to 1943, the city made 23 issues of general obligation bonds in the total amount of \$3,135,000 for the benefit of the municipal electric plant and this company never opposed any of them although, as the largest taxpayer in Columbus, it paid the largest single share of the cost of their retirement.

However, in 1943, the plant was set up as a separate enterprise, entitled to retain all its own revenues and required to pay all its own operating costs, including extensions. At that time it was pledged to issue only revenue bonds thereafter.

Referendum Vote
It is the breaking of this pledge which led a group of prominent citizens to institute plans for a referendum, in which they were joined by this company. Furthermore, last fall the city administration pledged itself that if 15 bond issues in the total amount of \$4,700,000 were approved by the voters at the November election (which they were), no more bonds for any purpose would be issued for five years. Certainly, that pledge is now broken!

As always, "when seeking a new bond issue for the municipal plant, it is claimed that an extension is necessary in order to provide additional street lighting." This "claim" was made in 1943 when the people were told that the plant had "reached the limit of its energy-generating capacity" and would suffer a "complete breakdown" unless it was permitted to issue bonds for \$524,000. It did not get the money because the courts held that the city had exceeded its bond-issuing power. But what happened?

Each year, since 1933, the plant has increased its energy output and each year the plant superintendent has officially reported "all previous records were exceeded" and "new all-time records were established."

Increased Output

From 1938 to 1944 (last report available) the plant increased its net station output 61.5 per cent, while increasing energy use for street lighting only 1.5 per cent. But it increased sales of energy to private consumers 39.4 per cent and sales to the city itself (paid for by the taxpayers) over 1400 per cent.

TENTH WARD DEMOCRATS ATTENTION

The present primary contest being conducted by far seeing Democrats, to elect a new Central Committee, is of vital importance to you.

A change is imperative! It is necessary that our party be under the leadership of a group that can and will elect to office the Democrats we nominate at the primary.

We must place by election, members of our party in public offices where they will be in a position to give the service that the public has learned to expect from Democratic elected officials.

We must gain back, the losses suffered by our party under the present indifferent leadership, City Council, Mayor's office, and Judicial offices. We must again give our State and National tickets the strong Democratic vote that was customary in the past.

A vote May 7th for G. ARLOWE BRYANT for Committeeman from the Tenth Ward will assure that our ward will be represented by a forward looking committeeman.

The present administration refused to be bound by a pledge of its immediate predecessor that revenue bonds only would be issued for the municipal electric plant. Also, it violated its own pledge not to issue any more bonds of any kind for any purpose for five years. How, then, can any reasonable person believe that future administrations, over 18 years, will recognize or fulfill the informal promises of present city officials?

G. Arlowe Bryant Is Dem. Candidate

A vigorous campaign is being conducted by G. Arlowe Bryant, candidate for the office of commissioner from the Tenth Ward.

"The Democratic Party in Franklin County needs the active militant support of all Democrats," Mr. Bryant states. "It is imperative that our ward be represented on the central committee by a committeeman who will fight if necessary to see that the wishes of all Democrats are carried out."

Supported by the Committee for Re-organization of the Democratic Party in Franklin County, Mr. Bryant has expressed the be-

lief that the Democratic Party under a strong, closely knit and energetic central committee can and will elect Democrats to public office and work for the best interests of all members of the party.

Sponsoring the re-organization Party are Ralph J. Bartlett, prosecuting attorney, Jacob E. Sandusky, sheriff, Allan Slade, county engineer, Judge Cloy P. McClelland of the probate court, and Judge Dana F. Reynolds of the common pleas court.

Hilltop Ministers Endorse Ashburn

At the April meeting of the Hilltop Ministerial Association the church leaders voted unanimously to back Rev. Jacob Ashburn's candidacy for a second term in the state Legislature.

A spokesman for the association said that he wished Hilltop voters to know that his group's action does not constitute an interest in any political party, but rather an endorsement of the man on the basis of his fine record as a leader, his understanding of the problems that face Ohio people, and his ability to work out solutions to them in the

spirit of tolerance and in keeping with Christian standards of fairness and democracy. Rev. Ashburn, who lives at 308 S. Oakley-av., is pastor of the Oakley Avenue Baptist Church.

Grover Amrine Seeks Third Term

Grover Cleveland Amrine, 180 Binns-blvd., is running for his third term as Eleventh Ward Democratic committeeman. He has been a resident of the Hilltop for 39 years and has been actively interested in the affairs of his party for many years. He is a supervisor in the Pennsylvania Railroad shops.

Mr. Amrine has one son, Bill, 17, a June graduate of West High School; two married sons, Kenneth Amrine, 3011 Wicklow-rd., and Harold E. Amrine, Santa Fe, New Mexico, and a daughter, Mrs. Robert A. Shipley, 34 Hawkes-av.

G. R. Koontz Is Named As Sanitary Inspector

G. R. Koontz, 603 Nashoba-av., was one of three sanitary inspectors hired by the city last week. He reported for duty last Wednesday.

Leo Uridil, 106 Binns-blvd., health board secretary, stated that an intensified program of restaurant inspection had been

launched on the North Side three weeks ago. Other sections of the city will in turn come in for rigid city inspection as soon as enough manpower can be put on the job.

A Good Community; The Responsibility Of All

By Rev. C. T. Langhols
Minister, St. John's Lutheran Church

Rev. Langhols

This is obvious, is it not? And yet not so obvious but what we need to be reminded of it repeatedly.

Perhaps our greatest weakness as regards our community is that we take it for granted. Most of us have always lived in a given community, or, by force of circumstances, we have been a part of a certain community for some time. Quite naturally we are conscious of community environment and community influences and a community spirit. But, frequently, these things are so intangible that we concern ourselves very little about them. Of course, when the intangible becomes tangible, resulting in some unpleasant experiences for us, we begin to realize that the community is something with which we must reckon. But then our community concern usually expresses itself in the cry, "Why doesn't the police department, why don't the schools and the churches do something about correcting the bad conditions in the community?"

Without a question, there are institutions and organizations that have particular community responsibility. But, even when every one of these institutions and organizations faces its responsibility in this respect, the fact still remains that a good community is the responsibility of all. Without the cooperation of all citizens, those anti-social and unmoral elements are going to invade, or arise in, a community that, time and again, will thwart the efforts of the citizens and institutions that have the good of the community at heart.

Good communities don't just happen. They are the product of a citizenry that is united in its determination to have communities that have those positive material and spiritual values that make for contentment and decency. "Oh just anything will do," does not express the state of mind of Mr. Average Citizen in his attitude toward his community. He very definitely desires to live in a community of which he can be proud. "I am a citizen of no mean city," was St. Paul's boast to a Roman captain. "I am living in the finest community of our city," is the boast that Mr. Average Citizen likes to make as he speaks to relatives and friends from more distant parts.

This very desire to be a part of a good community imposes definite obligations on all citizens. These obligations include such things as wholesome neighborly attitudes and consideration for others and support of worthwhile community projects. They, above all, include a definite stand for those things that promote the welfare of the community. The Book of books helps us to see the things against which a definite stand must be taken, when it says in Galatians 5, "Now the works of the flesh are plain: immorality, impurity, licentiousness, idolatry, sorcery, enmity, strife, jealousy, anger, selfishness, dissension, party spirit, envy, drunkenness, carousing, and the like." It likewise helps us

to see the things for which all citizens should take a definite stand, by saying in the same chapter, "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control." When these latter things become the vital concern of all citizens, in other words, when the lives of all citizens are more fully patterned after the life of the lowly Galilean, who went about doing good and who loved us and gave himself for us, a good community is assured.

Starling Gym Aides
The Starling gym aides are ap-
pointed by Carl Smith, the base-
ball coach, and C. W. Rolfe, the
basketball coach. To be a gym
aide a boy must have good
grades. If a gym teacher is occu-
pied with other duties in the
building, the gym aides carry on
in the teacher's place. They have
the roll to check, after which
they ask the boys in what sports
they wish to participate. They
will want to play basketball,
football, softball, or relays. The

gym aides are referees in these
sports and sometimes take part in
them.

Basketball Letters

Coach Rolfe awarded letters
for basketball to the following
boys: Jim Hill, John Wolfe, John
Fiantaco, Stanley Callindine, Don
McCan, Bill Van Atta, Kenneth
Toney, Harry Hoffman, and Lar-
ry Smith. Although the team
all earned their letters by work-
ing hard, very successful, the boys
ing hard.

MY GRACE
God bless this food
Thou hast given to us,
And help us do
The things we must.

Clear our minds
And make us strong,
Bring in the good,
Take out the wrong.

Bless those who are sick today
And with us can't be,
Remove our sins that we have
done
And bring us close to thee. Amen.

The Legend Of The Dogwood

Again the hills are spotted with white blossoms of the dogwood tree and at this season it is appropriate to recall the legend of the dogwood, one of my favorites, which hasn't been reprinted in this column now for several years.

In the time of Christ, so the legend goes, the dogwood attained the size of the oak and other trees of the forest; and so strong was the wood of the tree that it was chosen as the member of the cross.

This of course distressed the dogwood mightily, and Jesus, sensing regret at having been chosen to serve such cruel purposes, made this promise:

"Never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted, and its blossoms shall be in the form of a cross—two long and two short petals, and in the corner of the outer edge of each petal there shall be nail prints brown and red and stained with blood, and in the center of the flower will be a crown of thorns."

"All those who see it will remember it was a dogwood tree that I was crucified on, and this tree shall not be mutilated or destroyed, but protected and cherished as a reminder of my agony, and death upon the cross."

Down in the hills the dogwood is out in all its glory, growing as the legend promised, with slender branches, bent and twisted, with its snowy blossoms.

Putting Our Ships In Moth Balls

An interesting note comes our way this week from down at Green Cove Springs, Fla., where Chief Yeoman Robert Rose is with the 10th fleet.

Bob reports that congress has appropriated some 10 million to lay up about 700 ships. The \$10,000,000 will be used for the following: First, for dredging the river which is now under way; second, for building the piers, for which the contract has been let; third, for supplying the facilities for services, water and power, which contract will be let in a few months.

There will be 11 piers which will each be 1850 feet long. The depth alongside these piers will vary from 13 to 35 feet to provide for different type vessels, including floating dry-docks, destroyer escorts, high speed troop transports, all types of landing craft.

The mud and sand to be removed by dredging this area would make a hill 500 feet wide, 150 feet high and one mile long. The piers will be concrete on steel piling, their total length to be a little more than four miles. The total length of the steel piling necessary if laid end to end would reach from Washington, D. C., to Trenton, N. J.

There will be space for approximately 550 ships berthed at the piers with space between to permit the removal of ships. Moored end to end, these ships would extend from Green Cove Springs to Jacksonville, Fla., a distance of approximately 28 miles.

Notes and Nubbins: Add new car owners: Glenn Winifrough and Lawrence Snowden. By way of Pearl Harbor comes word to Columbus that Robert Youngquist, a Columbus lad, noticed Mose Williams' ad in a recent Hilltop Record. When a Record ad salesman tried to sell a Democratic ad to a died-in-the-wool Republican this week I was reminded of the time I tried to sell anti-freeze to the owner of a Franklin air cooled auto. One of the regular customers at the Del Restaurant orders gravy on his apple pie. Frank Colley out exercising on a lawn mower.

Harriet Huff celebrated a birthday yesterday and her husband had one on Monday. Jean Young, now yeoman 1/c, was transferred to Great Lakes. She was home this past week-end and reports she sings with a 17 piece Navy dance band. W. E. Jones caught a foul ball that came his way at the Red Bird stadium one evening recently. Some lady attending the West High Hop Saturday night will go home with a new pair of nylon. Details at the party, ladies!

Parking Request Is Turned Down

The request to lift some of the parking restrictions on side streets adjacent to W. Broad-st and Sullivan-av was turned down by the City Traffic Commission Monday afternoon. A letter from the Hilltop Business Men's Association asking that some of the restrictions be lifted on parking on the thoroughfares to the first alley north and south was sent to the safety director's office a month ago.

A spokesman in the city clerk's office told The Hilltop Record that the traffic group turned down the request after making a study of the conditions on the Hilltop. Officials of the HBMA had not been advised of the decision when contacted Wednesday morning.

In a conference with Capt. M. H. Harrison a month ago, Edgar Planck, president of the HBMA, and Phil Stout, chairman of the committee working on the parking problem, were told there was a good possibility that the parking restriction could be limited to 30 feet on one side and 20 feet on the other side of the street instead of the complete ban on both sides to the first alley.

The move to lift the parking ban had come about as a result of numerous complaints by Hilltop shoppers and merchants whose stores are affected by the "no parking" restrictions.

This week many last minute preparations were being made for the Hilltop Spring Hop to be given Saturday evening in the West High gymnasium. This event, which is being staged by Jimmy Rawlins, will benefit the West High Boosters and Alumni Association, which will use the proceeds to buy an electric football scoreboard for the school.

Ray Mund and his orchestra, with Bonna Lee, vocalist, will furnish the music for dancing and for the variety floor show to be given by the following entertainers, pupils of Edward Walker, head of the tap department at Rawlins' Studios: Clifford Edwards, Shirley Huntsberry, Fred Renault, Shirley Gill, Judy Ann Housum, Beverly Davis and Susie Johnson.

Donald Burkes Given Citation

Donald Thomas Burke, 32/c, son of Mr. and Mrs. Homer Burke, 163 Whitethorne-av., a veteran of six months overseas, received the Presidential Citation last week for service on two Jims. The award was given to his ship, the LCI G-497, for shelling the coast in the bloody battle of Iwo Jima.

The Purple Heart was also awarded to Seaman Burke, Feb. 17, 1945, for wounds received in the above battle.

He was discharged in August, 1945, from the Great Lakes Naval Hospital. Don attended West High School before entering the service and was graduated from Central High Evening School.

Bill Francis Back At Shell Station

Bill Francis, 85 S. Wheeland-av. and Harold Simpson, 49 S. Highland-av, recently purchased the Shell Service Station at Wheeland-av and W. Broad-st. Francis had formerly owned the station three and a half years ago before he was inducted into the army. Bill served with an escort guard section and saw duty in Africa, Italy, France and Germany.

Simpson, his partner, served with the army air forces in the southwest Pacific. He was in the service for three years.

Easter Egg Hunt Winners

Of the more than 300 youngsters who took part in the Hilltop's first annual Easter Egg Hunt Monday at Glenwood Park, these three were the lucky ones. Being awarded her prize of a sailboat for finding 19 eggs is Lois Schoenberg, eight, of 31 Belvidere-av. On the left is Alan Bartholme, nine, of 1933 Floral-av, who collected 21 eggs, and on the right is Gene Courade, seven, who tied with Alan. The boys each won a softball.

Charles Maus, president of the Hilltop Community Council, is shown presenting the prizes.

Officers of the West Side Board of Trade were "shot" by our photographer as they posed informally at the fourth annual banquet of their organization, held recently.

They are, left to right: John G. Thompson, secretary; Stanley P. Smith, first vice-president; Harold D. Cramer, president; John Enders, second vice-president; and Bill Ewald, treasurer.

With graduation just a month away West High seniors were much in the news this week, various sections of the city.

Dick Slager, 3122 Wicklow-av, will be one of two high school speakers to appear before the Columbus Rotary Club at the luncheon noon luncheon meeting Monday. He will use as his subject "Real or Counterfeit?"

Other West students, selected on a service point basis, will be guests of the Rotarians.

Cash prizes totaling \$350 will be offered to representatives participating in this contest in addition to the regular commission paid for each subscription.

Paul Wichterman, circulation manager, stated that several opportunities are yet to be filled before the contest gets under way. Any boy or girl 14 years of age or over interested in circulation work this summer is invited to call at the Record for an interview.

Representatives are needed particularly for Valleyview and territory north of the city; New Home and areas west of the city; and the West Side from Central-av east.

Democratic Ward Fights Feature Tuesday Election

Sponsors Withdraw Petitions

Differences of opinion on where the boundaries of the proposed village of Camo, Ohio, should be resulted in the withdrawal of petitions from the Franklin Township trustees last week while the map is being redrawn.

Residents of the Valleyview Drive area protested being included in the proposed incorporation. The new boundaries as described by Ed Lantz, 325 Derrer-rd, do not include that section of the township. The matter will not be on the May 7 primary election ballot as originally planned but sponsors of the incorporation were confident that a special election would be held within 60 days.

The petitions, bearing about 150 signatures, will be resubmitted to the trustees at the June meeting, Mr. Lantz said.

The boundaries of the village as now outlined would run 1500 feet south of Sullivan-av, west to Franklin-tp line, north to the Pennsylvania track, west to Wilson-rd, south on Wilson-rd and Derrer-rd to Sullivan-av.

Mrs. Ferguson To Address Kiwanis Club

The Hilltop Kiwanis Club will devote from its regular program on May 9 to hear a Mother's Day address by Mrs. Rose Ferguson, 34 N. Brinker-av.

Mrs. Ferguson has been prominent in the activities of West High School for several years and is a member of the board of trustees of Columbus Library. She is the mother of two sons, Bill and Bob, both well known on the Hilltop.

The Rev. Father Richard Connolly from the Boys' Industrial School is to be the speaker at today's meeting.

Eleven members of the West Honor Society will be guests of the local club at the luncheon meeting.

Last week the Kiwanians had an evening dinner meeting followed by group singing and colored motion pictures. Plans were announced for a group trip to Chillicothe on Wednesday afternoon, May 15. Local members will be guests of the Chillicothe club for an afternoon of golf, a visit through a paper mill and dinner.

Seven Students On Honor Roll

Seven local students at Ohio State University were listed on the honor roll in the College of Engineering for the winter quarter. It was announced this week.

James A. Chamberlin, 811 W. Town-st, was listed in the top group with an average of above 3.5. In the 3.49 to 3.0 point group was Robert T. Scharenberg, 166 S. Westgate-av.

Paul Churton, 224 W. Woodruff-av, formerly of 92 N. Powell-av, was also included in the 3.5 to 4.0 point group. He is a nephew of the Burnside sisters at the N. Powell-av address and a graduate of West High School.

Five freshmen received averages of "B" or above. They are: Dorothy E. Evans, 2424 Steele-av; William H. Schneider, 158 S. Roys-av; Loren A. Delamore, 244 S. Harris-av; and Carl G. Houshins, 610 S. Hague-av.

Robert Miller Buys Hi-Spot

Robert Miller, 143 N. Roys-av, son of Dr. R. J. Miller, 2493 W. Broad-st, who last week bought the former Cummins' Hi-Spot, announced today that he is offering a contest open to the public. Miller will present \$10 to the person suggesting the best name for his new business.

The judges for this contest are Curt Wilcox, Hilltop branch of the Ohio National Bank; Herb Deems, First Federal Savings and Loan; and Lew Saunders of Shank & Saunders Real Estate and Insurance. All names must be submitted to Miller by 5 p. m. Saturday, May 4. Anyone may enter the contest.

Miller, who was discharged from the navy last March, is married to the former Annabelle Haines and has two children. During his two years in the navy, Miller served as a physical training instructor. While overseas he was stationed in Tokyo, Yokohama and other places in the Pacific. He graduated from West High School in 1938.

Mrs. Helen Cummins, 287 Democrat-rd, formerly owned the Cummins' Hi-Spot for five years. During part of that time she was in partnership with W. O. Hamilton, 25 S. Powell-av.

Dickerson Heads Junior HCC Group

Kenneth Dickerson, Jr., a West High senior, was elected president of the newly formed Junior Hilltop Community Council at their organizational meeting last Wednesday, the first meeting to take place in their new clubhouse, 2585 W. Broad-st.

Approximately 75 Hilltop teenagers gathered to form this new group, and elected Wilber Ehlers, vice-president; Cherry Moss, secretary; and Donna Beck, treasurer. They will assist the new president in forming committees to complete the work of renovating the clubhouse and planning for its official opening in May.

Committees Named

The committees selected for the club house are as follows: Constitution and by-laws: Marjorie Hibbs, chairman, Gordon Welker, Ann Hood, Donn Eisele, Janie Prior and Barbara Koons. The race for Democratic committee posts will highlight the primary election to be held on Tuesday, May 7. Candidates backed by the Re-organization Committee will be opposing the Heer-endorsed incumbent committeemen in the 9th, 10th and 11th wards as well as in Franklin Township.

Approval of the city council ordinance for issuing \$500,000 in bonds to improve and expand the Municipal Light Plant is the important issue also appearing on the ballots. The referendum vote was made necessary by petitions circulated by Columbus and Southern Ohio Electric Co. and signed by 14,000 Columbus residents.

Four persons from the Hilltop area will seek nominations to county and state offices but one of these will be unopposed. Newton A. Thatcher, 2966 Crescent-dr, a former county auditor, is unopposed as a candidate to represent the Democrats for that office in the fall election.

Two Republicans in Race
Two Republicans will seek to represent their party on the ticket for state representative. Both

Four changes will be noted in the location of voting places in the 9th, 10th and 11th wards when voters go to the polls next Tuesday.

Spelling Champ
Sue Glass, champion speller at West Junior High School, became runner-up in the Central Ohio Championship at the Southern Hotel last Saturday. An 8A pupil, the 13-year-old girl is the daughter of Mr. and Mrs. R. C. Glass, 172 Guernsey-av. Her father is a track coach at West.
The word "terrestrial" stopped the young speller as she and Erma Lee Reichelderfer, the winner, battled it out to a finish. Her defeat was not without compensation, however, for she was awarded a beautiful wristwatch.

TENTH WARD DEMOCRATS ATTENTION

Our campaign to elect a new Democratic Central Committee is nearing a successful conclusion. Renewed interest in our Party is everywhere evident. Members of our Party, alert to the opportunity now presented, are working for my election as Committeeman from the Tenth Ward.

We see the future that is ours when once again we have a responsible, alert and conscientious Central Committee, organized, and once more assisting our nominated candidates to win their election.

We intend to keep our Tenth Ward in step with progress by electing for our Committeeman, the candidate who has these ideals for our party, as his program.

A vote May 7th for G. Arlowe Bryant for committeeman from the Tenth Ward will assure that our Ward will be represented by a forward looking Committeeman.

Rea-Bow Improvement Assn. To Meet On Tuesday, May 7

The Rea Bow Improvement Association held its regular executive meeting Thursday, April 26, at 886 Midland-av.

George W. Wolfe, president of the association, presided at the meeting.

It was reported that the street signs this association requested for the Rea and Rainbow Additions were being placed.

Many compliments were received from the people about the

flowers being sent to the sick in this community, regardless of whether they are members or not.

The committee has recommended that the association sponsor a Boy Scout Troop.

It also recommended that a box social be held May 11, on the lawn of the president's home. It will be held.

A special meeting of the executive board will be held tonight to complete the plans for this box social and dance. The funds received from this box social and dance will go into a building fund for a community hall.

It was also decided to ask for a voting booth in this section.

The committee has recommended that the association meet on the first and third Tuesdays of the month instead of the one

meeting. Road oiling, drainage for the roads, and buses on Mount-st were discussed and the members were at a loss as to why the city of Columbus, after many requests, will not repair Highland-av. from Homewood to Mount.

Mr. Wolfe spoke on the possibilities of a veterans' organization being formed in the community.

The executive committee voted approval of the way their president was handling the church question.

A canvass will be made of each home, to find out how many people of voting age live in the community.

Complete dissatisfaction was expressed on what people are getting, in return for the taxes paid.

The regular meeting of this association will be held Tuesday, May 7, at Whitehead and White-thorne, 8 p. m.

Mr. Peoples and Mr. McCullough, township trustees, were visitors.

"Death March" Survivor To Return To Civilian Life

Four years ago last month the defenders of Bataan, surrounded and out-numbered, surrendered to the Japs and began the infamous death march across the Philippines. Among those fighting was Richard Taylor, of 181 Lechner-av, who this week returned to the Hilltop after two weeks at an Army recuperation resort at Miami Beach, Fla., following his release from a Jap prison and his return to the U. S.

Richard Taylor

Taylor joined the Army in April, 1941, and was stationed at March Field, Calif., until he was transferred to Nichols Field in the Philippines in October, 1941. In February, 1942 when fighting was the worst in the Philippines, Taylor was wounded. He had barely recovered when the American forces had to give up their hold of Nichols Field and retreat to Bataan. After battling severely to keep this island the American troops received the word to give up. Taylor, with the other defenders, was taken prisoner by the Japs in April, 1942.

Having spent more than three years in the Jap prison camp, he was released in October, 1945. Until that time he had been imprisoned in Japan proper. 450 miles northeast of Tokyo, where he worked in a copper mine. For a period of 18 months his family did not receive any word from him. During the time he was in prison his family received only six cards from him. He received one 11-pound package from his mother, Mrs. May Taylor, of the Lechner address.

Dick, who will be discharged in May, after the Army is sure he is physically fit, has a brother, Jack, who was recently released from the Navy and is now living in Milwaukee, Wis., and a sister, Mrs. L. Seibert, also of the Lechner address.

Major Burch Receives Two Citations

Major Jack P. Burch, at home on terminal leave, after four and one-half years service with the Corps of Engineers, United States Army, received this week the two following citations for the Army Commendation Ribbon from the Secretary of War:

"For meritorious service as company commander, Engineer Replacement Training Center, Camp Abbot, Oregon, from 1 Jan. 1944 to 1 June 1944. By his outstanding ability, leadership, sound judgment and thorough understanding of the problems involved, Major Burch (then cap-

tain) accomplished his duties in a superior manner. He established and maintained exact records of the progress in training of each man in his company and assisted in establishing a new group type orientation program. His untiring devotion to duty and interest in his men resulted in an unusually high degree of morale in his organization."

"For meritorious service and devotion to duty as executive officer, 1st Battalion, assistant director of training of basic training section, training division, Ft. Lewis, Wash., from 9 Feb. 1945 to 5 Jan. 1946. His thoroughness and efficiency made possible uniformly superior company administration and training in all units within his battalion and his presentation of a coherent training program for units in different levels of basic and refresher training reflected great credit up-

on his division, contributing materially to the efficiency of the command."

Major Burch, son of Mrs. Lee Ampsaker, 60 Powhatan-av, is a graduate of West High School and Ohio State University, College of Chemical Engineering, class of 1940. He is now connected with the American Bitumuls Co., 16 E. Broad-st, as field engineer for eastern and southern Ohio. Within the next month he, his wife (the former Betty Boye) and son, Douglas, will move to their home at 1206 Greens-av.

THREE IN CONCERT

Three Hilltoppers took part in the Ohio State University's chorus and symphonic choir concert Sunday afternoon.

They were Mildred Bell, 329 S. Wheatland-av, Wilda Jean Swain, 629 S. Ogden-av, and R. H. Maier, 118 N. Ogden-av.

Rev. Ashburn To Seek 2nd Term

Rev. Jacob Ashburn, after serving one successful term in the Ohio State Legislature, is a candidate for a second term. He has been endorsed by the Franklin County Republican Committee, the Hilltop Ministerial Association, the Columbus Baptist Ministers Alliance, the Interdenominational Ministers Alliance and several other groups.

Rev. Ashburn has pastored the Oakley Avenue Baptist Church for the past 29 years, served as moderator of the Eastern Union Baptist Association and as treasurer of the Ohio Baptist General Association for the past 20 years. He has a family of a wife and three children.

His wife is a college graduate, a former school teacher and is now a worker in church activities. His daughter is a teacher in the public schools of Columbus, one son is a graduate student of Ohio State University and assistant pastor of Oakley Baptist Church; the other son has just been discharged from the Army after having served for more than three years. Rev. Ashburn has an experience and ability which will assist in solving problems which confront Ohio in keeping with Christian standards.

CLASSES TO START

The Red Cross is offering another course in "Six Lessons in the Care of the Sick." The class will start Tuesday, May 7, 9:30 to 11:30 a. m., in the home nursing classroom, Red Cross headquarters, 74 E. Gay-st, and will be taught by Mrs. Lesta Fitzgerald, R. N., director of Red Cross Home Nursing Service.

Classes will be held Tuesday and Friday mornings for a three-week period.

News Notes From the Local Schools

Starling Jr. Appreciation

The dramatics pupils wish to thank Mrs. Rothenbush, Mrs. Woodin, Mrs. Bauer and all the other teachers supervising and helping with the play for the patience they are showing.

Mrs. Rothenbush is doing a splendid job in the dramatics department. She has divided the three classes of pupils into 11 committees, each having its own job to do. They are the costume, makeup, clean up, publicity, advertising, property, scenery, lighting, food, ushers and curtain committees.

Mrs. Woodin is doing excellent work with the girls' glee club and the boys' choir. The two groups will sing two songs together.

Mrs. Bauer is in charge of costumes and makeup. She has given three demonstrations for the dramatics classes. The play, "Life Begins at Sixteen," will be presented May 9 and 10, at 8 o'clock. Tickets are being sold by all dramatics pupils. Tickets are 44c and can be purchased from any person in the play.

The Knot Hole Gang
 Many boys and girls joined the Knot Hole Gang at Starling. The

school has sold about 386 tickets. There are just a few requirements for joining the Knot Hole Gang. You must be eight years old and not over 18 years. You should be a good citizen and obey the code of the gang.

Seventh, eighth and ninth grade girls have a wood class once each week. The girls are making wooden mats for hot dishes. Mr. Gubach is the teacher of the class which include the following girls:

Betty Montenegro, Lillian Lafferty, Wanda Jones, Arlene Johnston, Ruby Dyer, Zelma Moore, Emma Gallagher, Madeline Schurndt, Doris Harper, Dorothy Stevenson, Sara Winters, Hazel Grounder, Bonnie Woodard, Virginia Winters, Dorothy Daily, Virginia Goodburn, Hilda Brown, Florence Clifford, Betty Rawlings, Dorothy Pettif, Joan Melif, Nancy Lyle and Betty Graham.

The Starling Orchestra
 The Starling Junior High orchestra consists of five trumpets, one saxophone, four violins, three clarinets, one drummer, and a piano player. Mrs. Woodin, the music instructor at Starling, is in charge of this group. The orchestra plays at the P. T. A. meetings and other gatherings; sometimes Mrs. Woodin picks out two pupils to play a duet. The orchestra plays at the commencement and a clarinetist plays a solo while the pupils passing into Senior High are receiving their diplomas. Mrs. Woodin works hard with these pupils, and excellent performances are given.

LOSE TO CARROLL
 Collecting four hits each, Chubby's Market was defeated by Carroll, Ohio, last Sunday on the Westgate diamond, 4 to 2. Chubby's will play host to Reynoldsburg next Sunday at Westgate, at 2 p. m. The team is in need of a second baseman. If interested, call Dave at RA. 6648.

Nestles Offer New Formula

This is national "Baby Week," annually, dedicated to the well-being of infants everywhere. And this year thousands of babies, who are starting life with a Nestle's Milk formula, have special reason to celebrate.

According to the company the new Nestle's Evaporated Milk is better than ever for babies. It's three times richer in vitamin D than ever before. There are now 400 units of pure vitamin D3 in every pint. That's D3, a form of vitamin D produced naturally in the human body by sunshine.

Vitamin D works with milk's calcium and phosphorus in helping build straight, strong bones and sound teeth. That's why babies need this vitamin right from the start, and all through their growing years. And they can get plenty of it from the new Nestle's milk—at first in a formula prescribed by their doctor—and later in food, such as this nourishing soup, which Nestle's milk makes rich in vitamin D.

Cream of Vegetable Soup
 1 tsp. butter or margarine
 1/4 tsp. flour
 1/4 tsp. salt
 1 cup Nestle's evap. milk
 1 cup vegetable liquid or water

1/2 cup pureed corn, carrots, spinach or chard
 Melt butter in top of double boiler, stir in flour and salt, then gradually add milk and water. Cook, stirring until slightly thickened. Add pureed vegetable and heat thoroughly. Serve piping hot with small cubes of toasted bread. Makes 3 to 6 servings, depending on child's age, appetite and capacity.

Safety Education Worthwhile

A word of commendation is in order for the good work being done by the police department and the Columbus Safety Council in promoting an interest in bicycle safety education. The bike rally held at West High School auditorium Saturday, while not too well attended, was certainly a step in the right direction in impressing the boys and girls who use bikes with the need for careful operation.

Safety promotion is the thing that is needed the year-round. Too many of us think of putting on a safety drive for a brief period of time and then when the drive is ended we promptly forget all we learned. Actually the need for safety in bike operation as in motoring is an every-day need.

More can be done with children along the lines of safety than with adults if it is presented in an interesting and instructing manner. Cooperation of the police department with the school safety patrols have undoubtedly saved many lives and injury to dozens of others in the community in recent years. Every school presents a potential traffic hazard if children are not taught to conduct themselves in a careful manner.

Motorists as well as youthful bike riders should be made to take some instruction in the careful operation of their cars. The tragic thing about today's mounting list of traffic accidents is that most of them could have been avoided. Carelessness that leads to an accident can hardly be classed as an accident.

Our Readers Say

Editor Hilltop Record

Dear Sir:

Refusing to accept a third term, Washington introduced the idea of rotation in our highest public office. This idea was endorsed by Jefferson and adhered to, for the most part, by the leading political leaders of our country for more than a hundred and forty years.

During this time the political bosses increased in power and importance. Party conventions gradually fell under their sinister influence, so that only those the bosses wanted were nominated.

In desperation the people sought to break the hold of the party boss. Men like W. J. Bryan met the emergency. Through his leadership and the help of others, both Democrats and Republicans, who believed in having candidates unbiased and unbiased, the primary was instituted.

But, alas, it too has fallen under the evil influence of the political boss, who through state and county chairmen pick those candidates the machine has taken to its heart, saying to the voters: "These you shall vote for, these and no others, the rest of the candidates don't count—haven't endorsed them—the machine doesn't want them!"

What a travesty on free government! Can such tactics give us a free and unrestricted primary? We lost the governor's chair to the Democrats in the last election because the State Central Committee, instead of allowing a free primary, insisted on the nomination of Stewart of Cincinnati over Tum Herbert, who could have led the field in the primary had none of the Republicans been endorsed. In this case the machine backfired!

In the main however such methods merely result in perpetuation in office so that state legislators, congressmen and senators gradually come to represent the machine that keeps them in office rather than the people of their district or state!

Give Me The

OUTDOOR LIFE

By Bill Gibson

This week is being set aside for the acknowledgement of the great American fisherman—the common sportsman who takes his fishing pole and tackle box out and enjoys a day on a river or lake. National Fisherman's Week is from April 27 to May 4.

Last week Clarence Story, Curt Wilcox, Don Jackson and Dr. T. S. Fox spent a fine afternoon at a favorite fishing spot up along the river. "Doc" Fox had a little better luck than the others. The final score was "Doc": one 12-inch bass; the others: two small rock bass and one small catfish.

"Doc," who is an avid sportsman, knows the ways of wild game and fish, and, also, the tricks of bagging them. When it comes to knowing when to go after squirrels or pike, he can tell you. In the way of hooks for this time of the year, "Doc" prefers a single claw snail hook, which he uses with soft craws.

About the middle of the month

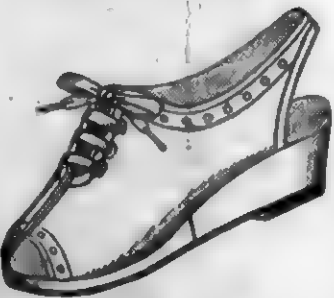

For the life of me I can't see why both party ballots should not be on one sheet in the primary just as in the regular election. If we are to have a secret ballot why declare our politics in the primary?

Make the primary a secret ballot and we won't have to worry about congressmen and senators staying too long in office. Give the people a chance! They'll rotate them in office and they'll get rid of the political barnacles as well.

Yours truly,
John C. Hart

Fiction and Facts

By The West Sider

Longfellow's words coined long years ago, "I Ain't Mad at Nobody," have been carelessly cast aside. They floated in the breeze over three different gas stations on the West Side for ten years. Let's hope the spirit of his words remain in this wicked world with us forever.

Those public officials who throw out the first ball should be forced to pitch at least one full inning. They have been getting off too easy. Doubtless it's been dark before they got the side out but their dilemma would be delightful.

I was telling Mr. Groves, the Hilltop barber, that I worked for three railroads that have gone out of business. He said a man must be pretty tough who could wear out just one railroad, let alone three.

A man in the barber shop said he had made so many mistakes in his life he was going back to twenty and try it over.

Popcorn bread should be all right if the corn was done popping. I wouldn't want it popping in my stomach.

In the same drug store ninety years or more somehow appears like too many years to work and dream about ice cream.

If you hold a cat by the feet and let it drop it will land on its feet. I never heard how they do it. I would say cats are smarter than men if I wasn't afraid of making some one mad.

Smiles

Jones—I just saw a girl with a glass eye.

Smith—How do you know?

Did she tell you?

Jones—No, stupid. It came out in the conversation.

Father—My daughter would like a job in your bank.

Bank President—What can she do?

Man—Nothing.

Bank President—Good! Then we won't have to train her.

Visitor—That new clerk of yours seems like a hard worker.

Office Manager—Yes, that's why we're letting him go.

Visitor—What! For working hard?

Manager—No; for seeming to.

A woman went to spend a week-end with a friend. As she was preparing to retire, the hostess appeared at the door.

"If you should want anything that you haven't got," she said, "just ask for it. We can show you how you can do without it."

It covers approximately 640 acres of marsh land.

MODERN POETRY

Edited By
Esther Winkley

ASK THOSE WHO LAUGH
If you would learn the artistry of grief,

Ask clowns whose chortles pour from wells of pain—

Whose madness gives the world a strange relief;

Ask gaudy fools who laugh as if insane.

A Pagliacci, dressed in peppermint,

A Punchinello, drunk with ribald song,

Might tell the agony of feelings bent—

Reveal how sorrow often makes one strong.

Walter Blackstock, Jr., in WINGS.

SURE SYLLABLE

Pride and prejudice have rear-

Walls the stoutest hearts have feared;

Quint defenses quite absurd—

Shattered by a well-aimed word.

Marion Lee, in WINGS.

THE YOUNG MEN ARE RETURNING

The pale farmhouses line the dusty road

In dented precision, blankly staring.

And silence seems to live in each abode

Like long-forgotten laughter, no one caring.

There is a sense of waiting in the air,

A hesitation—pause that holds direction;
Dance and rust, apparent everywhere.
Mark Time's professional its last exaction.

The withered gnome-like figures of the old,
Bent as beneath the weight of years increasing;
Shawl-sculptured bodies lost in fold on fold

Of ancient raiment, mustiness releasing—
These are the relics left when war is on,
But when young men return then breaks the dawn.

Alcie Craig Redhead, in AMERICAN WEAVE.

NO SUCH COMMODITY

Never in a little town
Attempt to purchase solitude.
Small-town folk severely frown
On privacy, and will intrude

Upon your life until they've pried
Into your innermost inside.
They'll give you shelter, friendship, food;

But never, never solitude.
Virginia Moran Evans, in BEAT OF WINGS.

FUSION

Hated may merge what love could never bind,
And link us to the foe we loathe to face.

Behold two stars, with herbs intertwined,
Joined by their fury in a death-embrace.

Stanton A. Coblenz, in POETRY CHAP-BOOK.

• Perhaps you are one of those fortunate individuals who has never been ill. If so, you have given the matter of medical care little thought. Here's hoping that illness never overtakes you or any of the members of your family. But if it does, you should be prepared. What physician would you call? Where would you take his prescriptions? Establish your family physician now. Prompt attention to minor ailments often prevents long, serious illnesses. When you find it necessary to consult him, depend on us to fill his prescriptions exactly as ordered.

Store Building To Be Erected By Gus Johnson

Construction on a \$22,000 store building is expected to get under way soon at 1433 Sullivant-av., just west of the Sohio Service Station. It was announced this week. The building will house the C. and S. Dime Store, owned by Gus Johnson, now located just across the street from that address.

In addition to the variety store the new building will provide space for two other businesses, Mr. Johnson said. A warehouse will be built in the rear.

The building will be 74 by 112 with a tile brick front. The C. and S. Dime Store will occupy space 32 by 70 feet.

West High Roundup

By Patty Saint

Things are getting under way at the club house. Temporary officers have been selected, so as to get things organized.

A lot of furniture and games have been donated by some good people, whose names will come out later, but lots more are needed. A mistake was made in the names of people. Kem-toning, but all is right now. The guys who are really working away on that project are: Bob Creeger, Ed Adams, Dan Denny, Curt Westerman and Jack Edsall.

As soon as everything is organized a little better and we all know where we stand, there will be a contest for selecting a name for the club.

The Jr. High Operetta was held Friday and from reports, it was very good.

May 10 the Sr. Class will give its play and that will be good. Joan Simpson should look cute as a girl of 11.

Jim Hoyle was seen around this week and he really is an eyefull in that Marine uniform. You girls who haven't seen him sure are missing something.

A show that should really be good is "Comedy of Murder" with Martha Raye and Charlie Chaplin. Anyone wanting to see it, start raving mad should see it.

A lot of picnics and some other outings should be going on now. The only thing you can't trust is the weather.

Wonder why Rita Konkler was grinning all over herself going to school the other morning?

Question of the week—Where will we get enough furniture to furnish the club house?—A BIG question.

Well, I must leave you now, so until next time—so long.

IN JAPAN

Duane G. Abram, 31/c, has been in Japan since last September, his mother, Mrs. D. G. Abram, 183 S. Burgess-av., said last week. While a member of the U. S. Navy, Duane works with the American Red Cross at the Yokosuka Naval Base. He was president of the June graduating class at West High School this year and entered the service two days after school was dismissed. He trained at Great Lakes, Ill., and shipped out from San Bruno, Calif. His complete address is: Duane G. Abram, 31/c, 570-79-06, Navy 3823, Personnel Dept. (Red Cross), c/o P. O., San Francisco, Calif.

Dildine Seeks Fifth Term

"The Democrats of the Tenth Ward will not be fooled by promises that won't be kept or by smoke screens to cover some one's personal ambitions at this or any other election as long as I am committeeman," Oscar F. Dildine, incumbent, said this week.

"We have heard campaign stories before. The Tenth Ward Democratic Club members, our booth workers and our friends will stick together. We'll win on May 7," he continued.

Dildine is now serving his first term as city campaign chairman, second term as city committee chairman, third term as corresponding secretary of Franklin County Democratic Club, and fourth term as Tenth Ward Democratic committeeman.

He has been a resident of the West Side almost continuously since 1904.

LAWN LINGO

By Warren C. Huff
348 Columbian Ave.

It's simply a matter of "going . . . going . . . gone!" for dandelions and other broad-leaf lawn weeds when you use 2, 4-D, the most effective weed-killing compound found thus far.

Dandelions, hawkhorn plantain, common or blackseeded plantain, ground ivy, common and mouse-ear chickweeds, peppergrass, speedwells, moneywort, and other troublesome lawn weeds can be completely or nearly completely eradicated by 2, 4-D. However, crabgrass, nimblewill, yard grass, foxtails and such are not affected by 2, 4-D sufficiently for it to be of value in their control.

While 2, 4-D does not injure most of the lawn grasses of this

region, remember that it kills white clover.

The best time to use 2, 4-D on your lawn is in May, so you should begin looking around for a good commercial preparation. And don't judge by the size of the bottle—read on the label what percentage of 2, 4-D is contained in the product.

Most commercial 2, 4-D is prepared for application as a water solution or emulsion, and you should follow the directions on the label. Any sprayer may be used to apply the solution. Nozzles giving fan-shaped, rather than cone-shaped sprays are most efficient.

Be doubly sure that you keep 2, 4-D off of all shrubs and flowers, and watch for any drifting spray. If you use the same sprayer for both 2, 4-D and other sprays, wash the sprayer with strong soap-suds after your 2, 4-D application.

A leaders training course in both the Brownie (7 to 10) and Intermediate (10 to 15) Scout program is now under way at John Burroughs School.

Miss Ann McCrohan would be glad to welcome any adult interested in this training course, which meets each Thursday morning at the school from 9:30 to 12 noon.

Dr. J. T. Upchurch, director of the National Child Protection-Child Prevention Crusade, with headquarters in Dallas, Texas, will conduct a series of revival services in Stone Quarry Chapel of the Christian and Missionary Alliance Church located on McKinley-av at Hiram-av, beginning May 5 and continuing through May 12.

Dr. Upchurch has had years of experience in almost every phase of Christian activity, including prison work, rescue work, social service enterprises, and conducting evangelistic campaigns. He and his wife founded and maintained for many years the famous Bereaham Home in Arlington, Texas, just outside of Dallas, for the redemption of betrayed, erring and outcast girls. He is editor, author and publisher of religious and social welfare literature. He has a message for each member of the family but majors on subjects pertaining to the problems of youth and how to attain life's greatest achievement. The services are open to the public and begin at 7:30 each night. There will be special music.

Gospelaire To Be Here Saturday
On Saturday, May 4, at 8 p. m., at Central High School, the Voice of Christian Youth Gospelaire from Detroit will present the musical portion of the Columbus Youth for Christ rally. This mixed vocal and instrumental ensemble is a talented group of musicians and singers with a unique style of arrangements. From full ensemble selections to quartets, trios and solos, the group will arrange their numbers to produce a variety of stirring gospel songs.

The song leader for the evening will be Detroit's popular Ray Ivory, songmaster of Voice of Christian Youth rallies there. Something unusual is planned for the song service which will be styled for youth.

Ed Darling, Great Lakes Regional vice-president of Youth for Christ International and dynamic director of Detroit's Voice of Christian Youth, will be master of ceremonies and will present interesting facts on the scope of the international organization. Phil Saint, noted Christian artist, will be another feature attraction at the first rally. This finished artist will present his well-known program depicting the Gospel in picture and song.

Sing Is Sunday
The bi-weekly Hilltop Sing will be held at the Immanuel Baptist Church on Belvidere-av Sunday night at 8 o'clock.

More than a dozen Hilltop churches are represented at these one-hour song services.

Sunday Morning

"Timmy" sleeps on Sunday Morning...

Why not? "Timmy" has no place to go. And, what's more, "Timmy" has no problems, no worries, no fears. Mice and milk, and the occasional luxury of a little catnip, provide "Timmy" with all the requisites of a happy, useful life. He can afford to sleep.

But with human beings, it's different. We have needs that cannot be satisfied by a Sunday morning snooze. Six days of labor bring more than physical weariness. Those six days drain our spiritual resources, our courage, our confidence, our moral stamina. A thousand fears and a million worries sap our inner strength, until we face the daily routine like mechanical robots, going through the motions of living.

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

Sunday morning and the Church doors are open. They are open for every adult and child, that the deepest needs of humanity may be satisfied. Neither pillow nor armchair can give us the courage and faith and moral vitality that this busy life requires... these are the gifts of Worship.

The Church doors are open... open for you.

W. Trackmen Finish Third In Relays

West High's cinder squad won
third place in the Class A events
of the 15th Annual Ohio Wesley-
an Relays at Delaware last Sat-
urday. The Cowboy runners were
the only schools in the meet to share
the distinction of winning two

first places. West tallied 16
points.
A week ago Wednesday the
Buck cinder stars defeated North
at Magly Field, 63½ to 54½.
West won nine first places and
tied in one event.

The team will go to Newark
Saturday for an annual relay
meet. There will be a full sched-
ule of individual and relay
events. There are 15 trophies
which will be presented to the
winners at this meet.
Austin Hutt, since 1944, has
held the record for the 880 yard
run at this annual meet.
West won seventh place in 1945
and third in 1944. However,
with this year's accomplishments
behind them, it is expected they
will be among the top winners.

Plans For Westgate Fire House Drawn

Plans have been drawn up for a new fire house for the Hilltop and will be submitted to an architect in a few days, Chief Ed Welch told the Hilltop Record this week. This does not mean that a new building will be in the process of construction within a matter of months, however, because there are six new houses to be built in various sections of the city and according to the present plans they will be built one at a time over a period of time.

The location now favored by the fire department officials is on the north side of Westgate Park on Wicklow rd near the point where Algonquin intersects. Chief Welch points out that this site would be ideally located to take care of the western section of the Hilltop and any future growth to the south and west. Algonquin and Brinker-av would provide a direct route to West Broad-st and areas north. A one-floor plan two-door house is being planned for the park site. It would be set back some distance from Wicklow with a horseshoe shaped drive leading back from the street. The ground surrounding the building would be landscaped in such a way as to blend the fire house into the location in an attractive way.

Hilltop Pilot Dies In Crash

Robert C. Johns, who instructed dozens of student pilots at the Hilltop Airport, was killed Sunday when the plane he was piloting crashed into a forested area near Rochester, N. H., killing Mr. and Mrs. Leslie L. LeVeque, owners and passengers in the private plane. Mr. Johns, 45, of Westgate-av, was serving as pilot for LeVeque, wealthy Columbus real estate operator. He was on duty at the airport at the time of the crash. The plane was on a flight to New York on the way back to Columbus.

The LeVeque plane, a twin-engine Grumman, had taken off from Hilltop Airport Friday morning on a trip to Maine home. The crash occurred Sunday afternoon as the party was enroute to New York on the way back to Columbus.

Boosters' Spring Hop a Success

The West High Boosters' Spring Hop showed a profit of approximately \$100 and was pronounced a success by all who attended last Saturday night. More than 300 persons were present. Attractive lighting effects and a top-notch floor show at the intermission set the evening up as definitely worthwhile entertainment, according to those who were in attendance at West High. Jimmy Ray, who was in charge of the entire program, Ray Mundy's band furnished the music for dancing.

Profits from the dance will go toward the purchase of an electric scoreboard to be put up when the football season begins. One of the surprises of the evening was the appearance of the former Grace Belle Day (Mrs. Jerry Spear, Jr.) in a special dance number during the floor show. The former West High girl was one of the outstanding dancers a few years ago. She danced both in this country and abroad.

Nailor, Trabue Nominated In Light Vote Here

The fight for supremacy in the Democratic Party was won by the Re-organization-backed candidate for ward committeeman Henry Fagan, in the 11th ward but Oscar F. Dildine, the Heer-endorsed incumbent held onto his post in the 10th ward in a light Primary vote Tuesday.

In Franklin Township the incumbent, William Haines, defeated the Re-organization sponsored candidate, Lowell T. Sullivan, 256 to 92. Grover Amrine, the 11th Ward incumbent, lost to Fagan by a count of 539 to 713. Three candidates were in the race for the committee post in the 10th Ward where Dildine led the field with 466 votes, followed by G. Arlowe Bryant, the Re-organization man, with 292, while Charles Middleton, running as an independent Democrat, polled 253.

A complete unofficial precinct tabulation was made by the Hilltop Record but because of the large number of candidates in the election, space would not permit publication in its entirety. It is available to any interested persons. The Republican party had no content for the position of ward committeeman but a good complimentary vote was given the incumbents. In the 11th Ward George Sinclair polled 1376; Henry Kootz in the 10th received 993, while John R. (Bob) Jones got 183 votes in Franklin Township.

Joseph Nailor, Hilltop incumbent in the state legislature, was nominated from a field of eight candidates but Rev. Jacob Ashburn, another local Republican, lost his place on the ticket. The return of George B. Marshall to the legislative picture was believed to be the primary factor in Ashburn's defeat. Nailor polled 1266 votes in the 11th Ward, 1376 in the 10th and 156 in Franklin Township. Ashburn received 607 in the 11th, 574 in the 10th and 98 in the township.

Trabue Nominated
Another local candidate, Geo. Trabue, received the Democratic nomination for county commissioner by defeating Charles Harcourt, a candidate at every election for the last 10 years. Trabue received 640 in the 11th Ward, 436 in the 10th and 141 in Franklin Township. N. A. Thatcher, a former county auditor, was unopposed for the place on the Democratic ticket and was given a strong complimentary vote. In the 11th Ward he polled 1083, in the 10th Ward he received 825, and 256 in the township.

"Dinkie" Is Missing

A two-year-old Scottie was still missing this week after disappearing from a car parked opposite John Burroughs School Friday afternoon. The dog, answering to the name of "Dinkie," is the pet of Paul, 13, and John, nine, sons of Mr. and Mrs. Edward Thompson, 220 N. Oakley-

While not a full-blooded Scottie the dog has most of the Scottie characteristics. It has a white spot on the chest and some white mixed in with the rest of its fur. At the time of its disappearance it was wearing license No. 8617. Anyone seeing a dog of the above description can get in touch with the owners at RA. 5111.

Reports have it that everyone had a swell time at the "Spring Hop" Saturday, thanks to Jimmy Rawlins. Jo Ann Griffith won a pair of nylon, so now she sings "Wolves, stay away from my door."

Can you picture Bob Laird as a stage manager, Jim Rush as a doctor, or Joan Simpson as a girl of 11? Well, it's all to be seen in the Sr. play, "Our Town," to be given May 10.

Question of the week: When will Jack Jones get home? Why does Ellen Clark keep looking at the calendar?

A lot of furniture has been collected for the club house and things should really start humming soon. But, boys, it really isn't a place to play cards in yet. Seen around and really looking fine—Bob Logan.

Bud Dean looked rather lost the other day as he walked down the street with that absent look on his face.

See you all at the play.

HBMA Crowd Enjoys Dinner-Dance

Members of the Hilltop Business Men's Association and their families and friends had a real "old fashioned HBMA get-together" a week ago last Wednesday night at the Besswood. On hand was the Record's photographer to take pictures of the crowd. Part of the 193 at the dinner-dance are shown as they finished their platters of chicken. Al Baumbusch and his orchestra provided music for the dancin'. Members of the committee who planned the program are Joe Goodwin, chairman; Harriet Huff, Charles Reichelderfer, Dewey Stout and Tom Lewis.

Social Security Payments Are Announced Here

Figures reported this week by Wayne W. Putnam, manager of the Columbus office of the Social Security Board, show that a total of \$156,013.44 is being paid monthly in insurance benefits to 2,286 people in the seven counties of this area by the federal system of old-age and survivors insurance. These figures are for March 31, as disclosed in quarterly statistical report, and show an increase of approximately 11 per cent over the benefit payments made in the previous quarter.

Of these Social Security beneficiaries, 42 per cent are retired workers, aged 65 or more. Who numbered 9,490 on March 31, with payments totaling \$85,208.81 a month. The remainder includes widows—over 65—of retired workers, widows over 65 of insured workers who have died, widows (of any age) with children under 18, these children, and in some cases parents of deceased workers.

Franklin County Payments
The following figures show the number of persons in each group who are receiving social security benefits in Franklin County, and the total of the monthly payments:

Retired workers, 2,547—\$82,659.53; widows over 65, 827—\$10,234.36; children, 1,574—\$1,744.74; widows over 65, 495, \$10,351.12; widows with children, 503—\$10,578.34; aged dependent parents, 4—\$59.31; total for the county, \$114,486.52.

In addition to these monthly insurance payments, a total of \$29,877.09 was paid in the seven counties during the quarter in lump-sum benefits.

With the announcement of these figures, Mr. Putnam pointed out that it is wise for workers of 65 or more to call at the Social Security Board office in the Old Post Office building for information, whether or not they are still working. Even if a worker is not planning to retire, he added, it may be to his advantage to file an application for social security benefits under a procedure that has been arranged to prevent possible loss of benefit payments.

New Record Used To Treat Deafness

A remarkable invention for the deafened, utilizing for the first time scientifically prepared phonograph recordings which provide acoustic exercises of in- active portions of the ear mechanisms to improve hearing and alleviate or eliminate head noises, has been perfected by Christian A. Volf, internationally known physicist.

The recordings are reproduced from a standard phonograph equipped with a headset and listened to for a 10-minute period each day, which constitutes the necessary hearing exercises, there being 30 different combinations for the accommodation of the many forms and degrees of deafness where sound stimulations may be recommended. It is admitted that there are certain forms of deafness where sound stimulations are not recommended but over a period of five years the records indicate that 50 per cent of those tested were substantially helped. From hearing tests it can be determined with a fair degree of accuracy whether or not a patient may be helped. Hence, where they have been recommended, few have failed in obtaining marvelous results.

Specific records for the purpose of overcoming hearing distortions for those who are using hearing aids have proven to be of immeasurable value, thereby making many people hear better. The recordings were made at the RCA Victor Studios in New York, and are being manufactured for Volfair, Inc., of Columbus.

Miss Betty Jordan, 127 S. Westmoor-av., is associated with the company as a hearing consultant for Dr. Volf. She was discharged from the Waves in March after serving two years with the rating of Pharmacist's Mate Second Class. While in the service she was doing hearing rehabilitation work in the United States Naval Hospital in Philadelphia. Miss Jordan formerly taught school for three years, one being at the West Broad Street School. She is the daughter of Mr. and Mrs. Albert Jordan of the Westmoor-av. address.

Reconsider every scrap of cotton before you consign it to the rag bag—will it do for a patch, widening insert, a facing to lengthen a hem? A prime consideration in judging these cotton left-overs is washability. Is the color fast, are you sure it won't streak the garment on which it serves as a patch? Is the fabric strong enough to stand as many launderings as the garment it is to be used on?

"Allment Card" To Be Issued By Police Dept.

A new "allment card" is being issued by the Columbus Police Department as a means of identification for persons subject to heart disease and other similar diseases which bring on sudden attacks without warning.

Police Chief Lester W. Mercia said that these cards will make possible the speedy identification of the people who are stricken while on the street or in public places. The cards will also serve as valuable information to those rendering medical aid in knowing what to do for them.

Mothers, do you know that accidents kill more children from the ages of one to 14 than infantile paralysis? In fact, more than 20 times as many children as that dreaded disease, according to the Ohio State Safety Council records. Yet this large toll can be reduced if parents become sufficiently safety conscious to supply a safe environment for their youngsters and to train them in common-sense safety practices. Teach your youngsters to join the safety crusade by giving THE GREEN CROSS FOR SAFETY your aid.

A total of 511,485 new applications for educational and training benefits under the American Legion-sponsored GI Bill of Rights was received by the Veterans Administration during the month of March, 1946.

CONSERVATION MEANS WISE USE

In his attempt to assist nature, man oftentimes bungles the job. For instance take a look at the photos above. If you are a fisherman the upper photo will cause a deep groan. If you are not you might agree with the county, that destroyed the creek, that drooping and cutting away the bank growth gives the creek a "modern touch."

Take a look at the lower photo. Now, there's a treat for a fisherman's eye. Bass in the shade of natural logs, bluegills in the weed growth up and down the creek bank and plenty of clean water unspilled by soil erosion.

Take a look at the upper photo again. Here, man has destroyed in one hour that which nature took hundreds of years to build. Streams with natural bends and natural bank growth and occasional logs will retard water flow in flood season and control soil erosion which serves a death notice on good farm land and deals a death blow to fish life.

Through the medium of Conservation Month, proclaimed by the governor as April, the Ohio Division of Forestry, Ohio Soil Conservation Service, Ohio Water Resources Board and the Ohio Division of Conservation—in fact all agencies engaged in conservation join in bringing to the attention of the general public the importance of restoring and conserving Ohio's natural wealth.

Any man who has been a member of the army and has been separated from the services more than 90 days after May 12, 1945, may enlist or re-enlist in the regular army and retain the grade held at time of discharge providing he held one of the essential MOS's under a new War Department ruling. Who's the average man? May be he's 35 years old and, in the normal span of life has 15,000,000 more minutes to live. Every time he takes a chance to save a minute, he wagers all the remaining 14,999,999 minutes in his life. Are the odds worth it asks the Ohio State Safety Council? You know, when you gamble on safety, you bet your life!

The primary teacher had been reading Aladdin's Lamp to an interested class. "This," she explained, "holding up a colored picture, "is the genie we've been reading about."

"But, teacher," an alert youngster interrupted, "that can't be a genie, because it hasn't got any light brown hair!"

Real character, is not outward conduct, but quality of thinking. —H. Wood.

Of all exercises there is none of so much importance, or so immediately our concern, as those which let us into the knowledge of our own nature.—Bp. Warburton.

Inspection Tours To Reveal \$1,000,000 In Equipment

Carl Hudson Visits Parents Here

Carl Hudson, S1/c, was in town last week visiting his parents, Mr. and Mrs. Carl Hudson, 181 N. Oakley-av. Before enlisting in the Navy on Feb. 16, he had served with the Army in the ETO.

Carl served with the 82nd Airborne Division as a paratrooper. He took part in the campaigns of Africa, Sicily, Italy, France, Belgium and Germany, receiving the Purple Heart for wounds received in action in Belgium. Besides the Purple Heart he also wears the Good Conduct Ribbon and the ETO Ribbon with five battle stars.

For the first time since the Randolph exchange was set up on the Hilltop Ohio Bell Telephone Company customers will be permitted to see the inside workings of dial service when open house is held at the local building on May 15 and 16.

Residents of the Hilltop and West Side are invited to visit the headquarters for the Randolph and new Jordan exchange at Ogden-av and W. Broad-st from 2 to 9 p. m. each of the two days. Sight-seeing tours running from 25 to 30 minutes will be conducted through the building so that visitors can see and hear the working of \$1,000,000 worth of intricate telephone equipment.

Ralph E. Beeson, 382 S. Roys-av. is senior central office repairman in charge of maintenance and plant department activities at the local exchange. The Randolph exchange was originally cut over to the dial system in 1933. At the present time 9800 telephone subscribers are served in the Randolph unit in addition to 800 subscribers in the new Jordan unit, started only three months ago.

The open house is the first to be held in Columbus since war began. Hosts from the main office will be on hand to conduct the tours and explain the operation of equipment.

The inspection trip will include the office alarm frame, the main distributing frame, line finders, selectors, holding time cabinets, power machines, batteries, engines and cable vaults. It will also be possible to see the work now in progress to increase facilities in new Jordan unit to care for delayed orders for service. Each phase of the service will be explained to the visitors as the tour progresses through the building.

Cowboys Lose 3-1; League Hopes Fade

The Linden Panthers Monday night virtually knocked West out of the City High School Baseball League by administering a 3 to 1 defeat. While mathematically there is still a chance for West to figure in the finish their chances are

anything but bright, that being the third defeat in the league for the Cowboys this season.

Coch Dale Rose was mustering all available strength for the first game of the central district Class A tournament that opens this afternoon. West will meet Hilliard on the Upper Arlington diamond with Phelps slated to do the hurling. Should they come out on top in the first round they would meet the winner of the Marion-North game on Friday afternoon. That game, incidentally, will be played at Magly Field this afternoon.

A third round will be played Saturday with the finals to be decided on Friday of next week.

In Monday's game Thrush was charged with the loss, giving way to Phelps in the fifth. Thrush lost his control in the first inning when he walked one and hit three of the first men to face him, to give Linden their first run. From then on he settled down and pitched a good game but he was not backed by timely hitting when hits were needed most.

Linden scored two in the fourth on three hits, an infield out and an overthrow to third. West scored their only run in the sixth inning on a walk, a passed ball and a hit. Thrush and Davis, the opposing pitcher, were the leading batters for the afternoon with two for three.

Rose Entertains
Coach Dale Rose entertained the entire team and managers with a spaghetti dinner at his home, 132 Baldy-av., Tuesday evening after ball practice.

Friday night the Cowboys defeated East 4 to 0 on the Tiger diamond. Bob Phelps gave up only two hits, struck out 9 and issued no walks. Only one man got past first, when Jackson, East pitcher, tripped but was out trying to stretch it into a home run.

West started their scoring in the second when Schultz walked, took second on a passed ball and scored on Phelps' single in the third. West again scored one when Buckingham beat out a bunt, went to second on a wild pitch, advanced to third on a fly to outfield and scored on a squeeze play by Dupler. The last two runs came in the fourth.

Dupler was the leading hitter with two for three. On Wednesday afternoon the Cowboys defeated St. Charles by a 9 to 2 score for their second victory over that club this season. Thrush on the mound for West allowed six hits, three of them coming in the seventh inning, to account for the two runs by St. Charles.

Jack Slager hit a home run and a double. Thrush had two triples and Jack Buckingham a triple and a double to lead the Cowboys. Two triples were hit by Plank and Berry for St. Charles.

April Is Active Month At Hilltop Library

How well do residents of the Hilltop like to read? As indicated by the circulation at the Hilltop Branch Library, 21 N. Hague-av., reading interest ran higher during the month of April than in any month so far this year.

One hundred and seventy-nine questions were answered by telephone and 2,225 reference questions were answered in the library, either with the help of the librarians, or by direct use of books and magazines. The librarians, Miss Mildred Phalar, Mrs. Carrier and Mrs. Frances Emrick, are glad to help you find the books which satisfy your needs.

Boxing equipment, including rings and other items, are needed for the new youth center to be opened soon at Burgess-av and Broad-st. Classes in boxing will be held in the garage building back of the old Weber house with Truman in charge.

Small Crowds See Church League Open

Scenes reminiscent of pre-war years were in evidence at Westgate Park Monday evening as eight softball teams inaugurated the re-opening of the West Church League. While it was cloudy and definitely on the cool side, small crowds were scattered around the four diamonds as play got under way.

St. Aloysius administered the most decisive win of the evening by defeating Hoge Memorial 8 to 3. Westgate came out the winner over Hilltop by a 6 to 4 count. In the other two games Burgess United Brethren defeated West Park White 5 to 1, while Glenwood Methodist took West Park Blacks by a close margin of 3 to 2.

The West Church League plays at Westgate Park every Monday at 8:15 o'clock.

West Third In Newark Relay

West High's track team scored 31 points at the seventh annual Newark relay held last Saturday and won the third place position. One first place and four seconds were scored in the meet.

Bill Smith won the broad jump and came in second in the 440-yard dash. Snouffer ran second in the 100-yard dash; Hutt placed second in the mile run; Young was number four man in the broad jump. West's shuttle hurdle relay squad ran third. Medley relay team placed second.

The Cowboys' cinder team was scheduled to have participated in the annual City High track meet Tuesday and Wednesday at Ohio Stadium. West was expected to finish high among the seven schools taking part.

Preliminary events were expected to be held Tuesday with all finals down on the calendar for Wednesday.

Sunday Afternoon League To Open

An eight-team baseball league to play on Sunday afternoons will open the season next Sunday. City Recreation Director Nick Barack has been elected president of the league.

The opening games will find the following lineups: Allen Milk and Model Dairy, defending co-champions; Ace's Service Station and Chubby's Market; Reynoldsburg and Bright's Service Station; and Fort Hayes and Worthington Merchants.

Two West High School seniors have maintained a perfect attendance record during their last year in the public schools. In fact, Jean Kredo, 146 S. Both attribute this excellent achievement to their good health.

Role of The Church In Today's World

By REV. ENOCH C. SMITH
Pastor of Hilltop Church of Christ

Rev. Smith

The role of the church in today's world is the most important of the hour. Now, as in the beginning, the general function of the church is to evangelize and to Christianize the people of the earth. As it faces our present day civilization with its new knowledge, mechanical and scientific improvements, and its rapidly developing international consciousness, the church may use new methods of approach, new policies for cooperative action, and new concepts of educational procedure, but now, as at all other times in its history, the church continues to do two things which are of imperative necessity. First, it proclaims the eternal gospel of salvation; and second, it seeks to make the life of the individual and the life of all corporate groups, distinctly Christian in character.

That this is true, it is only necessary to remember that the church in the beginning was a body of professing believers in Jesus Christ, who was their personal Savior and who was accepted as the Captain of their salvation, leading them forth into the open country, villages and cities to build a brotherhood of friendly people of all races, and conditions of life, among whom the God-given ideals of justice, mercy and love might ultimately prevail. Against this church, according to Jesus' own said, He would build it, not even "the powers of death" shall prevail.

Since Jesus was the Head of the church, it is clear that all true Christians will seek, as He did, to re-create individual and social life, in order to meet with God's approval.

When Jesus began His public ministry He made it very clear that He desired to preach the good news to the poor, proclaim release to the captives and the recovering of sight to the blind, and to set at liberty those who are oppressed. (Luke 4:18-19). This program of giving people new life, forgiveness, spiritual insight and understanding, and freedom from oppression is still the first function of Christian believers. It is the message that breathes life into listless, hopeless, and sinful men. To strengthen each one who has been initiated into such a new way of life, the church offers continual instruction and inspiration in the fine art of worship; the singing of hymns and "spiritual" songs; the study of the nature of God, man, sin, salvation, and immortality; the practice of prayer; and the ever stimulating power of Christian Fellowship. Wherever we go, the church should play this role, it pleases Christ, its founder, and honors His name.

World Brotherhood
But, not only did Jesus think in terms of individual re-creation. He also thought in terms of a world brotherhood. If you read your New Testament you will discover how frequently He spoke of the Kingdom of God. Of course the members of the Kingdom are re-created individuals, but they are also thought of as a corporate body, which in its social, political, and economic life is quite different from a "nation" obsessed by dreams of a place in the sun; a "pressure group" operating in greedy ways for its own perpetuation; or a "society" of any kind which plays up racial hatreds, fosters a selfish group consciousness, or seeks to sustain some ancient and evil form of caste, or superiority complex. When you come to think about it, you may conclude that Jesus is not only often shut out of the heart of an individual, but many, many times is never accepted as a welcome guest in the or other organizations. He may be life of a nation, a pressure group, referred to as a great teacher, a poet, or a dreamer, but not given first place as Master or Lord. It is with sadness that we recall how Jesus sat on the Mount of Olives and wept openly as he

realized that the city of Jerusalem, the capital of his nation, had refused him, not only but many times, when he had sought to bring them under the mastery of His spiritual leadership. The corporate sins of an organized group in the city had brazenly assumed blasphemous power in the temple itself; and who shall say that such dishonesty was not a vicious and prevalent form of evil in the life of the city? Did the city not also need redemption? Did it not need to learn how to practice justice, mercy and love?

So it becomes increasingly clear that the church today, in its modern role, must, if it would please Christ, its founder, seek with renewed zeal to proclaim and foster and establish a distinctly Christian spirit in every corporate unit of society. Of a certainty, when that spirit begins to prevail throughout the earth, racial antagonisms will cease, pressure groups will diminish, nations will learn the art and science of war no more, and the atomic age will be a blessing instead of a possible disaster to civilization.

It sounds simple, doesn't it? Well, there is nothing wrong with the program and policy of the church in the modern world if it keeps close to these two lines of endeavor. And, furthermore, since this is the way to a new age, millions of men and women should straightway go to the churches and become members of them and cause those churches to firmly lead the way in playing such a noble role. With sufficient numbers, and with the can bring the victory.

In concluding this article perhaps a few suggestions might help:

1. Let's abandon the idea that the church should be a political institution.
2. Let's abandon the idea that the church should be pin-pointed with the perpetuation of overlapping denominational colleges, missions or schools.
3. Let's abandon the idea that Protestants cannot cooperate together in religious education.
4. Let's abandon the idea that proselytism should be a policy of the church.

West High Nine To Play Tourney Finals

The West High School Cowboys Monday night advanced into the finals of the District baseball tournament by defeating St. Charles 6-0 on the Ohio State University diamond.

Bob Phelps allowed but four hits, struck out eight and issued one walk. Not a St. Charles run scored.

The Cowboys scored five runs in the first inning on three hits, a walk, two passed balls and a squeeze play. The Rossmen then went on to score their last run in the third inning on a hit by Dupler, his third of the day, a walk to Watts and a hit by Borror.

Dupler was the leading batter of the day with a perfect three for three.

West's Cowboys had come into the semi-finals by way of a win over Hilliards 13-4 on Thursday, followed by a 14-2 victory over North on Friday.

Bob Phelps allowed Hilliards five hits, while the Cowboys, led by Dave Dupler's homer and double, pounded three pitchers for 10 hits. Jack Thrush tossed a two-hitter at North, with Jack Buckingham and Ralph Watts leading the attack.

Tuesday's league game with Central was rained out and postponed until today, with the semi-finals, game 15, to be played Friday with the winner of the Linden-Central tilt Wednesday.

Cincinnati Western Hills was due here for a double-header with the Cowboys Friday, but was postponed because of tournament play. According to Coach Dale Rose, the game will probably be played around May 23.

THE MARK OF GOOD TASTE—FURNITURE AT WHITE'S

WHITE'S FURNITURE
Quality Is Sound Craftsmanship
There Is Economy In Quality

Quality, as White's see it, is sound craftsmanship. It is the product of high ideals and unswerving purpose. The pride of the designer, the skill of the worker and the integrity of the maker combine to produce something that will bring abiding satisfaction to the purchaser. Quality is not a word to be bandied about and brought out to support something weak and wobbly. Quality stands on its own feet. It is not undermined by time. Neither is it overvalued by lavishness. It is the happy combination of good taste, sound workmanship and sound materials. Quality always has and always will be our guiding beacon.

Due to the increase in cost of beauty supplies and the long hours that we and our operators have to spend in the shops, plus the raise in living costs we feel justified in making a small increase in our services. Some of the shops have raised their prices previously and this will not affect them but most of those who are listed will increase their prices next Monday.
